

In the name of God, Amen. I Robert Bolton

wife dies before my daughter Rebecca arrives at the age of twenty two, she

first instalment, which will maintain and educate her.

To my son Robert I give my wharf Lot No. west of Bull street
(bought of Mr. Samuel Niles by Newell and Bolton and afterwards by
wholly by myself) together with all the improvements thereon to him or
his male heirs, but should he die without male heirs, the wharf and
improvements I devise to my son James M. South Bolton he paying to the widow or
female children of my said son Robert if any there be, ten thousand dollars
to each that is to say to the widow of my son Robert, within months after
his decease and to each of his daughters ten thousand dollars as they may survive

Bull street and adjoining to the east of the wharf given to my son Robert
and bounded east by a half wharf Lot owned by Joseph Clay and by
bought at Marshalls sales being the property of the Lot of John South
worth dead with all the improvements thereon to him and his male heirs, but
if he die without male heirs this half wharf and improvements I give
to my son Robert and his heirs forever, he to pay to the widow

children of any of my said son James two thousand dollars each that is to say to the widow of my son James two thousand dollars to be paid her in three months after his decease and to each of his daughters two thousand dollars as they may arrive at the age of twenty two with interest which interest is to be applied to their education and maintenance. I strictly

enjoin it on my said sons Robert & James as they respect my memory to enjoy the possession of their wharves in a brotherly manner, giving each other every accommodation in their power - but should they unfraternally and attempt to interrupt the communication with each others property to which it is liable from its present situation I desire the offenders properly

to be liable for the payment of any sum not exceeding five thousand dollars to the party injured to be judged & determined by my executors herein after named. I give my son James my two thirds of the Yamacraw wharf from the top of the Bluff to the water next to him and his heirs forever.

I give to my beloved wife during her natural life my plantations in Burke County with all the negroes thereon and with all the improvements and stocks - and her death I give the same to my son James and his heirs forever on condition that he pays to each of his brother and sisters their equal share of the value of said property when he arrives at the age of twenty two years - the property to be valued by my executors or ones appointed by them and at said valuation my son James is to hold said property and pay his surviving brothers and sisters and to be considered as withholding one share for himself.

I give to my son in law John Jackson one thousand dollars.

I give to my nephew Thomas Powell a lot in the village of S. Ball N. C. to him and his heirs forever and one thousand dollars.

I give to my nephew Robert Powell a lot in the village of S. Ball N. C. to him and his heirs forever and one thousand dollars.

I give to my nephew Garrison Powell of Woodstock in Va. for his son Bolton one thousand dollars.

I am further to be desired to John Parker in trust for my affectionate sister
Rebecca Howell during her life and after her sons Thomas & Robert Howell
of all the late letter of bought at Marshall's sale as the property of Thomas
Howell the elder with all the improvements thereon and also I give to my said
sister a negro boy named Pompey and as her death being my nephew Thomas Howell
I desire that two hundred dollars may be distributed among the indigent widows
in this city who are of good Character to be appointed out or approved by my
Wife.

I desire that two hundred dollars be paid to the consumption of the masonry
as soon as the first story of the building is erected provided the same is built
within six months of this City.

I strictly forbid a publick sale of any of my negroes either for the purpose of
of division or for any other cause if they must be sold they shall choose their
own master.

I desire that title be given to the heirs of Henry Airdington for a forty five
acre lot at Hempstead which I sold said Airdington in his lifetime
should I have more children either male or female after the date of this will
I desire that they or each of them shall have ten thousand dollars out of the
residue of my estate either in real or in personal property not before bequeathed
which is to be allotted to them or either by my executors but if the same
is insufficient then the difference shall be made up out of the other childrens
property in proportion to their respective Estates.

All the residue of my real and personal property I may see possessed of
I wish held in one general stock that is to say let the real property be conveyed
and the rents rested in six or eight percent stock of the united states or other
good security upon Bond & Mortgage of real property and the personal property
remain in a stock in trade conducted under the same firm as now exists say
"Robert & John Parker" and under the superintendance and direction of my
executors John Parker hereinafter of the profit until his
brother Curtis Parker arrives at the age of twenty one years when it is my
will and desire that he be taken in as a partner and entitled as such to draw
of the profits and it is my desire that when my son Robert attains
the age of twenty one years he also be admitted as a partner and entitled
as such to draw of the profits and that

son Robert be immediately after my decease taken in the House and counting
 down of Robert & John Roberson and be brought up and instructed in the business
 of a Merchant, but it is my desire and my sole direction that neither my own
 Cousin Roberson nor my son Robert be admitted into the partnership, until
 their conduct unalterably prove at age should prove their prudence and discretion
 entitle them to such confidence the propriety of which measure it leave to be judged
 of by my executors and the business be continued by my present partner or partners
 the present firm and names whether they or either of them be admitted into the Partne-
 rship or not until my youngest child attains the age of twenty one years then the whole of
 my ~~estate~~ estate not before bequeathed to be divided in the most equitable manner with
 one my public sale at the discretion of my executors amongst all my children
 which may be alive at that time or the heirs of those who for some may be dead
 I desire that my son James be educated at the universities or in this state so as qualify
 him for the study of Divinity or Physic (not Law) but if his mother should not
 consent to his going away, my executors are requested to desire it, he must be
 consulted at a proper age as to the business he may wish to follow.

I desire that my funeral be plain, there must not be allowed any thing superfluous
 among those who attend my friends without desire it.

I give to my son Robert my gold watch that he may have ^{him} time pieces and to
 teach him to improve it, also my largest Bible which he must have bound
 in six volumes.

I give to my son James my silver engraved small sword, never to be unsheathed but
 in a virtuous cause, also my Bible in two volumes.

So which ever of my sons that may be most inclined to such company and drinking of wine
 my portrait strictly requiring, on the unfortunate youth to insert the most conspicuous
 place in his dressing room, that when he views it he may recollect that it represents
 a father who never was intoxicated and whose detestation of that vice should
 restrain him from the practice of it - but if neither of my sons acquire the
 unjunctious (which may be years) let my portrait remain with that of my wife
 and sister in the possession of my daughter who I doubt not will respect the
 charge.

183 I desire that my share any amount of the stock and money
 with John Roberson and the balance which may be in my name
 with the same be expressed in the Partne- ship and remain under the management

the said John Bolton as before mentioned. I therefore desire that my other
executors should pay him only an account of my private account with them and
unless John Bolton should die, then they are to have the whole property under
their direction and to comply with the requisites contained in this will.
Having bequeathed to my son James my two thirds of the Yarmouth estate
I desire that the same may continue an undivided property in conjunction
with my cousin John Bolton who owns the other third and that if my son
James should wish to dispose of his part, the whole shall be valued by some
respectable and disinterested free holders and my cousin John Bolton shall
have preference in the valuation.

There is real property belonging to the estate of R. & J. Bolton and before
division which I desire may be settled to my children giving each an equal share
the same will admit at the discretion of my executors, three or three alike, as
they arrive at the age to be entitled to it.

But as this is an undivided property and cannot be sold in separate parcels by
those who wish to sell, dispose of his, her or their part to those whom
the other part or draw lots with my cousin John Bolton who owns one
third and my heir owning two thirds but it is my express desire that none
of said real property be sold out of my family connection.

I have bequeathed to some of my children's several of the negroes belonging
to R. & J. Bolton of which I own two thirds now I desire that if my
cousin John Bolton should wish to hold any of these negroes that my
other executors should draw lots for the same and have the negroes valued and
if John Bolton draws them he will pay two thirds the value with interest to the
child they were intended for, or if they are drawn by my heir that they shall
pay him his one third of said value.

My reason for giving all my Household furniture to my daughter Sally
(at the death of her mother unless she wills it otherwise) is that there is but
one complete set for a house which she is to occupy and it would create
an unnecessary confusion to divide it. I have no particular preference of
my children in particular.

It is my wish and desire that in case my son James on his attaining the
age of twenty one years should feel disposed to become a settler in the
West Indies he may be admitted and

Robert, under the same conditions, being as aforesaid unable to determine what proportions of profits arising from the copartnerships shall be drawn by each or either of the copartners, I have left the same blank and in case the should not be filled up before my death I leave the same to be ascertained and fixed by my executors hereafter named.

Being desirous of having as large a stock in trade as possible I hereby direct that the real estate and profits of the real property bequeathed to my children shall go into the general stock in trade until each of said children arrive at the age to which they shall be entitled to receive their several portions hereby devised and bequeathed to them and each of them and whereas I have provided for the education and maintenance of my children during the life of my wife in case of my death before her, I hereby empower their guardians to draw upon my estate from time to time such sum or sums of money as may be judged necessary for their support and education until they severally attain the ages necessary to entitle them to their property provided my wife should die previously thereto.

Should it so happen that any of my children should die without issue of their body in which event the real property hereby bequeathed to them and devised to descend to their surviving brothers or sisters it is further directed that in case of either of the said survivors dying without issue the property of the brother or sister so dying without issue shall devolve to and be vested in my surviving children and their heirs share and share alike as tenants in common and not as joint tenants.

It is my will and desire that the legacies to my daughters shall be paid out of my personal estate or herein and hereby otherwise disposed of, but should it so happen by misfortune in trade or otherwise that their funds should prove inadequate to the payment, then it is my desire that the same should become a charge on my estate both real and personal.

The legacies left to my friends and relatives (the time for payment of my children legacies being fixed) shall be paid within twelve months after my decease without interest unless my executors should prefer paying them sooner.

The plantation and improvements in the county of Quarter which in the preceding part of this will I bequeathed to my wife during life and then to my son James on certain conditions I hereby direct to be sold by my executors to the best advantage at private ^{and} or otherwise if ^{any} ~~any~~ should it so happen that my private partner John B.

before my youngest child attains the age of twenty one and after the admission of
either of my sons into the partnership I am willing that the
business should be carried on as before directed provided my executors are of
opinion that the surviving partner or partners can conduct it to advantage
any preceding clause to the contrary notwithstanding

lord eighteen hundred and two to this my last will and testament contained in
