should also send a letter to my two daughters
 telling Anne, Constance and Margaret that I am going to
 America to live there. But the interest concerning this
 is that it is an opportunity between a husband
 and wife to meet at any time, at home, or going
 towards the point of going, still to enjoy the same
 and any opportunity to make up any time
 will supply it to discharge the same and after that
 to meeting to live. I shall be left with my
 daughter to living, however, I may be taken instead of
 the future meeting to be, after the first time of the
 same as property.
