Henry

Silas A. Polling a Citizen

1st said County, and State being in full of

Health, but of sound, well disposing mind and memory, does it right
and proper, that I should make a recitation of the property with which
th a kind Providence has blessed me, do make the following as my
last will and Testament, hereby recommending all others here to follow me
do by me

Item I will and direct that that my body be buried in such
and Christianlike manner suitable to my circumstances in life, &c.

Item 2nd I will and desire that all my just debts be paid by my executor hereinafter (mentioned) appointed as soon as the same can be done without detriment to my estate,

Item 3rd I will and direct that after all my just debts are paid, together with all the expenses attending the probating and executing of this my last will, and Testament that the balance of all the property, both real and personal of any kind remaining to me as well as all money on hand at my ^{decease} death I will and bequeath to to my beloved wife Victoria.

Bolling, so long as she lives a widow, and my three children
 viz. Harriet Walter Perry and Silas Bolling, together with
 any other that may be born of which I and the father, to have
 equal to hold said property for the support of my said wife
 and the support of maintenance, and education of my
 children. But should my said wife marry again, then my
 will is that she is only to have a child's part of the property and
 upon the happening of the marriage of my wife, then my will
 is that the executor hereinafter appointed is then to become
 the guardian of all my children and to so become by virtue
 of this my will, without further qualification, except to
 be before the Ordinary and to be the oath usually taken
 by guardians, but the bond is to be required or letters
 granted.

I think it should it from any cause, become necessary to divide the property between my wife and children, then in what course it is my will that the same be done in kind; if this can not be done satisfactory to all concerned, then my executor is thereby authorized to do the same for division; this my executor is authorized to do either publicly or privately, with or without my Order from the Court of Ordinary for any other Court; but to sell and divide the same in such manner as to him may seem equitable and just - to both my wife and these live children.

When I think how my wife should die in possession of my property then it is my will that the Executors proceed with said estate as directed in case of her marriage.

You & I it is my will that all my property be kept & deposited
there, until that my wife and children reside on my place,
so long as my wife can make, or cause to be made a support
for herself and my children; but should she die

desired to leave the place, then I will that the same be sold and
the proceeds be divided between my wife and children equ-
ally; the manner of sale and division to be to be managed
about conducting by my Executor as before mentioned
Item 7th It is the object of my first and chief regard
that this my last Will may be executed in peace and
quiet, and that harmony may (exist) prevail between
my wife and children, and my Executor hoping that
nothing may occur to disturb that harmony.

Item 8th I hereby appoint my Brother E. D. Belling of
said County and State, Executor of this my last Will
and Testament, with full force to execute all the rights
and privileges to him heretofore delegated.

In testimony whereof I have hereunto set my hand
and affixed my seal, this the second day of March
