Series:	Miscellaneous Unbound Arranged Estate Records	Series:	<u>6</u>

Description of series and its contents:

This series consists of miscellaneous, unbound, arranged estate records filed with the Clarke County Court of Ordinary (now Probate Court). These papers were submitted by administrators or executors of estates as required by law to document the settling of the estates of deceased citizens.

The most commonly found documents are administrator's bonds, inventories and appraisements of estates and sale bills. Also included in some cases are guardian's bonds, letters of administration, orders of dismissal of administrators, orders to sell lands, returns of widow's support, probated wills (no originals) and receipts taken by an administrator or executor when he made payments in settling an estate. The word "ward" beside an individual's name indicates that person was a minor or an adult in need of guardianship.

The earliest document in these records is dated 1797. The latest document is dated 1949. Each entry is followed by the inclusive dates for the documents of that individual. Records are arranged alphabetically by the surname of the deceased or the individual to whom a guardianship was issued.
