on present on the 17th day of September 1857 at
the residence of Shadrach J. Long married man.
Before and at the time of his death about 12
years before his death in perfect possession of his
mental faculties he called upon us to remember
and take notice of what he was about to say, that
it had been his intention to make his Will
in writing, and dispose of his property some
time before but as it was not convenient for
him to do so at that time he now informed us
that he understood that his Will and desire was
that all of his property should remain as it
was, except enough to pay off his debt and
that his Wife Elpha Long should sell such property
as she could best do without, and raise
money enough to pay all of his debts and that
if his Wife could not get along with his
negro Woman Hornett he wanted her to sell
