Nov 18th

I will not beguile to my beloved wife (Hester) New York, our share house and everything else including all the best things we can do and the lot of her in said town by lot (N.Y.) January 1838 and also all my goods, wares and householders and all my household furniture, I wish it understood that all the merchandise and household furniture is to belong to my wife in fee simple. But the lot and house and furniture thereon is only her during her natural life or as long as she may so long as she lives again them and we that can I wish the house and lot about her and sold and equally divided between my grand children who may be then in life. But if she remains single the house and lot is to be sold during her life then to be sold and divided as above mentioned. It is my wish that my wife have a cow & calf. It is my wish and desire that what little property that I may be possessed of not worth in the slave then be sold and equally divided among my grand children. I hope
