

Preliminary Descriptive Inventory

Agency: Jasper County

Record Group No. 179

Sub-group: Probate Court

Sub-group No. 2

Series: Estate Case Files

Series No. 3

Description of series and its contents:

Included in this series are all the papers generated in the settlement of the estate of a deceased person except that wills are in Series 4 rather than here. Also included are, in some instances, papers relating to the appointing of guardians for the minor children of the deceased. Often, if there was a civil court case connected with the administration or execution of the estate, the court case file is interfiled with the estate case file in this series.

No effort has been made to compare the completeness of these files with the estate papers recorded in the county's various volumes of estate records.

The files are arranged alphabetically by the surname of the deceased. A list of the folders is included below.
