out which place shall remain inviolate & for a resting place while time shall last with a decent grave
head stone each to point out the place of our rest, to my wife Elizabeth Camp, I give and bequeath
during her natural life I should she not live me the plantation whereon we now live being three hundred
acres first purchased from Hiram Hubbard, and four acres (viz) Deb & his wife Ellen Thomsen
given and the land between Martha a River & her carriage together with what stock of all kinds household
and kitchen furniture she may think necessary for her use, also provisions necessary for her use according to the
season of the year when it may occur and at her death to be distributed among my legatees as may
remain. I hereby give to my wife Elizabeth (viz) Benjamin S. Pyramis Deane, W. Jordan Mark, M. Camp
having settled them at their settling out in life as nearly equal as I know how to do. I hereby confirm to them
also by the property heretofore given & give them each an equal part in my undivided property with all the
rest of my children. But Jordan holds two hundred dollars of my money in his hands for which he must
account to my estate, To my daughter Martha Margaret Atalla Mahala & Mary having started them as I thought
equal in life I hereby confirm to them individually & severally the property heretofore given and all over there
severally an equal part in all my unimpaired property except Atalla who must account to my estate
for the sum of eight hundred & eighty dollars & fifty cents borrowed money for which I hold John Norton
note of hand. To my daughter Minny Norton I give nothing to be at the disposition of her husband or subject
to his debts but put entirely to my executor herein after named for her benefit during her natural life and then

children in property heretofore given them after deducting the other half of her hundred dollars to account
an equal share in my remaining property or the proceeds thereof. To my daughter Elizabeth I also give
nothing at the disposition of her husband or subject to his debts but put in trust of my executor for her
benefit during her natural life more than to her living children equally (viz) two acres of land with them
in common by name Mary & Peggy together with two beds & furniture horses hoes & kitchen
furniture the same as the property of my wife and I have and I give one year of goodness to me
the same & all my children and my wife and I give one year of goodness to me

Manure apart of my Plantation lying on the east side of Charles Creek joining John Morgan land beginning at a corner a little north of his house and running with my line thence to the fork of the branch thence up the eastern fork of the stream to my upper boundary including the landings where John Brooks now lives bounded by said Morgan land, then after ascending on the point of said land thence to the north corner of his hundred and fifty Dollars which I found as owing for his share of the title for which I now have a strong mortgage. I hereby nominate and appoint my son in law John Rush & Benjamin Adams as my Executors to carry the my last Will in to Execution & if it is necessary to bring my property to sale we perhaps it will. I do not wish a separation of mine & wife, and the children of my plantation & land in this body. It would be best not to put it to sale during the life time of my wife should she outlive me as it would sell better all together. I hereby make, make and enact all former will by me heretofore made & Ratifying & Confirming this my last will and Testament whereunto I set my hand, this 26th day of September 1853
