

Some humorous and Satirical Recitations.

MR. HUNTINGTON's object is to cultivate a taste for Literature with the science of Rhetoric, and diffuse moral principles among the rising generation, through the mask of a pleasing amusement.

It has been his endeavor that the tendency of his Exhibitions should be to improve the morals, enliven the sensibility, and awaken in the minds of his juvenile auditors, a noble generous enthusiasm in the pursuit of Virtue. MR. HUNTINGTON is recommended in his pursuit by General *Harrison*, of the North Western Army, Governor *Alston*, of South Carolina, Gov. *Meigs*, of Ohio, and many other distinguished characters and men of Literature.
