Daniel, Daniel

His name appears on a list of applicants for invalid pensions returned by the District Court of the District of Georgia submitted to the House of Representatives by the Secretary of War on March 2, 1875 and printed in the American State Papers Class 9, page 164.

No evidence is produced, excepting an affidavit of George Matthews, Governor of Georgia, stating that the claimant was wounded and disabled in the service of the United States, and that he was on the pension list of Georgia on the 12th day of July, 1862.
