ISSUED TO THE SUBSCRIBERS BY PHILLIMORE & CO.,
124, CHANCERY LANE,
1905

PREFACE.

Those who have watched the patient laborious effort by which only it has become possible to issue two volumes of Cornish Registers every year, will appreciate the feeling of satisfaction wherewith the editors again commit the results of their labours into the hands of the subscribers. It was hoped that Boconnoc, Bradoc, and St. Winnow—or some of them—would have been included in the present volume, but, as was pointed out in a previous issue, the contents of a volume are conditioned by the amount of available material, and it seemed better to print what was already in hand than to wait until the entries of the above parishes were transcribed. Not that subscribers have any reason to be disappointed with the contents of the volume as it is here presented. Few parishes afford more interesting material to the genealogist than those which are here dealt with. The surnames of Rashleigh, Colquite, Cotton, Treffry, and Kendall, are of more than ordinary interest, and these and many others highly esteemed and honourably known are to be found herein.

1379070

The editors have noted with sympathetic interest the formation of a Devon and Cornwall Record Society, and for this venture they have no words but those of commendation and encouragement. The existence of such a Society can never affect the present undertaking prejudicially; the field of enquiry is wide enough for both. Indeed, if at any time arrangements are made by the Record Society for the printing of any particular register in Cornwall, the editors

will gladly pretermit their own claim, their primary object, as was stated in a former issue, being the preservation of records by printed copies. At the same time, they feel confident that subscribers to the Parish Register Series will have no cause to regret their adhesion to the present scheme.

The reader will, of course, remember that these printed abstracts of marriage registers are not "evidence" in the technical sense. Certified extracts must still be obtained when evidence of a Marriage is required for proving a pedigree in a court of law, or when registering it at Heralds' College. For such certificates application must be made to the clergy in charge of the original registers.

The reader is indebted to Mr. W. H. L. Shadwell, F.S.A., for his courtesy in allowing the collation of the parochial entries with the transcripts in his custody, and to the clergy who have permitted the registers to be printed, Their names are mentioned under the various parishes.

It only remains to say that the editors will gladly welcome further help in the work of transcribing registers for future volumes. They hope to send Volume IX to press at an early date.

Cornwall Parish Registers.

Marriages at Fowey,

1568 to 1812.

NOTE.—There are few Registers which can compare with those of Fowey for legibility and completeness. From 1568, up to the present time, there are very few gaps, but in the early years of the 17th century, there is occasionally a doubt as to the year under which some of the entries should be placed. One interesting marriage, that of Thomas Dickwood and Martha Treffry in 1594, has been identified as that of the parents of Hugh Peters the Protector's adviser and chaplain, who was beheaded on Tower Hill.

Volume I, a well preserved book with parchment leaves, gives the Baptisms from 1543 to 1706, Marriages from 1568 to 1707, and Burials from 1603 to 1707. Volume II, similar in character, continues the marriage record to 1754. Volume III, 1754-1798, and Volume IV 1798-1812, are those prescribed by Hardwicke's Act. The Rev. T. Taylor has copied the entries which are now printed by permission of the Rev. H. N. Purcell, M.A., Vicar of Fowey, and Honorary Canon of Truro Cathedral.

Marriages at Tywardreath,

1642 to 1812.

NOTE.—All the existing registers at Tywardreath are in a good state of preservation. In the first volume, which is vellum bonnd with parchment leaves, and which gives all entries from 1642 to 1714, there is, here and there, some difficulty in deciphering the entries which are evidently those of a somewhat illiterate scribe. Volume II. leather bound, with parchment leaves, supplies the Baptisms and Burials from 1715 to 1776 and the Marriages from 1715 to 1754. Two volumes of Hardwicke's register continue the marriage record up to 1812. The marriages hereunder given have been extracted by the Rev. T. Taylor, and are printed by permission of the Rev. S. V. Baker, M.A., Vicar of Tywardreath.

Marriages at Lostwithiel,

1609 to 1812.

NOTE.—Of the four volumes from which the following entries have been extracted, Volume I. has been recently rebound. This volume was discovered amongst the muniments at Lanhydrock in 1886, and returned to the vicar, with a request that it should be rebound and preserved with the rest of the Lostwithiel Registers. The entries 1644-1679 are missing. Volume II. requires rebinding, some of the leaves being loose and the edges of others being much worn. From 1754 to 1762, the Marriages are entered in duplicate. Mrs. Glencross has copied the Marriages hereunder given, which are printed by permission of the Rev. R. D. Purves, M.A., Vicar of Lostwithiel.
