The Parish Register

OF

Bolton-by-Bolland,

IN THE

County of York,

1558-1724.

EDITED BY

W. J. STAVERT, M.A., F.S.A.,

RECTOR OF BURNSALL.

PRIVATELY PRINTED FOR
THE YORKSHIRE PARISH REGISTER SOCIETY.

KNIGHT AND FORSTER, PRINTERS, LEEDS.

PREFACE.

This volume is a literal transcript of two manuscript books which contain the earliest portion of the Register of Bolton-by-Bolland. The original is written on parchment, and is legible throughout; but the older book has no cover, and both might be improved by being carefully bound.

“A” has 76 leaves ($14\frac{1}{2}$ in. $\times$ $12\frac{3}{4}$ in.), and deals with the period 27th April, 1558—9th October, 1653. There are blank pages on fol. 72 v., 73 r., 74 r. and 75 r. Various memoranda will be found at pages 1, 150 and 152, including a terrier of the glebe lands, &c.

“B” has 83 leaves ($13\frac{1}{2}$ in. $\times$ $7\frac{1}{4}$ in.), and continues the record to 14th March, 1724-5. There are blank pages on fol. 50 v. and 52 r. This book is rich in notes of various character (see pages 216, 224, 229, 253 and 254), the principal ones relating to the arrangement of the seats in church, to an assessment for the payment of the salary to the parish clerk, and to a terrier of the lands and tenements pertaining to the rectory.

The Society and the Editor are alike under an obligation to the Reverend J. A. Wilson, M.A., Rector of Bolton-by-Bolland and Honorary Canon of Ripon, for giving to them a most ready permission to copy these books and every facility which could possibly make the work easier.

W. J. S.

CHAPTER II

THE first of the two main divisions of the subject is the history of the science of the mind. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The second division is the history of the science of the body. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The third division is the history of the science of the soul. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The fourth division is the history of the science of the universe. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The fifth division is the history of the science of the human mind. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The sixth division is the history of the science of the human body. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The seventh division is the history of the science of the human soul. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The eighth division is the history of the science of the human universe. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The ninth division is the history of the science of the human mind. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The tenth division is the history of the science of the human body. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The eleventh division is the history of the science of the human soul. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The twelfth division is the history of the science of the human universe. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The thirteenth division is the history of the science of the human mind. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The fourteenth division is the history of the science of the human body. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The fifteenth division is the history of the science of the human soul. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The sixteenth division is the history of the science of the human universe. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The seventeenth division is the history of the science of the human mind. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The eighteenth division is the history of the science of the human body. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The nineteenth division is the history of the science of the human soul. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results. The twentieth division is the history of the science of the human universe. This is a branch of knowledge which has been cultivated for many centuries, and which has produced many valuable results.
