PREFACE.

Genealogical - 1.20

THE First Volume, containing Baptisms, Marriages, and Burials, consists of three parchment volumes of unequal size bound together. The first has entries from 1598 to 1629, $7\frac{1}{2}$ by $13\frac{1}{2}$ inches; the second, from 1630 to 1652, 9 by $13\frac{3}{4}$ inches; the third, 1652 to 1724, $6\frac{1}{2}$ by 15 inches. It has been badly bound, the leaves not being in consecutive order. In addition the entries in the third part are very mixed up, so it has been considered the best plan to place them all in their proper yearly order. The edges of many of the leaves are much frayed, which makes the deciphering sometimes difficult.

The Second Volume, also parchment, contains the Baptisms and Burials, 1725 to 1778, and the Marriages, 1725 to 1753.

The Third Volume is solely Marriages, 1754 to August, 1779, and is paper with the modern printed forms.

The thanks of the Society are due to the Vicar (the Rev. H. W. Ward, M.A.) for allowing the Register to be printed and also for the kind way he has assisted the Editor.

Wittness.

The Revnd Francis Tolson Drew all the above writings and Instruments concerning the new Pewing of the Church and y^e plan of it, & a many more writings & plans during the carrying on of y^e work & perfected everything so admirably well as appears plainly by the work itself & the above Register of it by w^{ch} all the Rights of the Parishioners will be ascertained for y^e time to come & he was so zealous in every particular & took so much Pains about it, that he deserved well of God (if I may so say) & it was acknowledged universally that the Parish of Wath could not mak him too great a comple^{mt} for it and yet made him none at all. Quere whether this be not a Paradox or no. In my opinion it is & I always told him so & sent him a Letter to York of thanks in my own name & of Complaint for such a Contempt of the Religion of Holy Places of the Parish.
