Introductory.

We take pleasure in herewith presenting to the public our first directory of the County of LaPorte, in addition to a classified directory of the cities of Michigan City and LaPorte, the Town of Westville and the Villages of Wanatah, Hanna, Rolling Prairie, Union Mills, Wellsboro, Kingsbury, Stillwell and Otis have been given under separate headings, while the names in the country districts have been placed under the heading of La Porte County Gazetteer in alphabetical order.

This work has been compiled with the greatest care and will be found the most accurate ever presented to the public.

For those mailing circulars and for general business purposes it will be found of incalculable value as ninety-nine per cent. of the letters mailed to the addresses will find the persons to whom they are directed.

We desire to extend our thanks to our many patrons, and assure them that we will in our future publications always strive to keep our work up to the highest standard.

We expect to renew this directory in 1901.

Yours truly,

THE LAPORTE.... REPUBLICAN.

The first number of this paper was issued September 1, 1894, and is now well along in its sixth year. It has been a success from the start, and is still growing in popular favor. It is especially devoted to family affairs, being always free from sensation or indecent matter. It can be read and its contents discussed at the dining table of the most refined family.

In politics it is, as its name indicates, thoroughly Republican, but it never stoops to the abuse of those who differ from it politically or otherwise.

It has a good circulation already and it is steadily increasing.

TERMS: \$1.00 per year, 50c for six months, 25c for three months.
