PROEMIAL.

IN placing this, the tenth edition of the Topeka City Directory, before its patrons and the public generally for inspection, the fullest assurance is given that the most strenuous efforts have been made to make every detail both accurate and reliable. Each name is printed precisely as it was spelled by the person who gave the name, and every house in the city has been visited by an intelligent canvasser for the purpose of ascertaining the names of its inhabitants. If, therefore, you fail to find a name, do not question the accuracy of the Directory until you have searched for it under every spelling it is susceptible of; and if you still fail to find it, bear in mind that the information contained in a directory is obtained from nearly as many different persons as there are names in it, and that it is barely possible that some other than the publisher is responsible for the omission.

With this issue, as in the past, the undersigned has endeavored to give perfect satisfaction and a full remuneration for patronage bestowed, and in this connection desires to impress upon the mind of every person in the city, that they are under special obligations to each and every business and professional man whose card or advertisement appears in this volume; they are the "roll of honor," and should be recognized and preferred in all business transactions. Their money defrays the expense of this publication, and they are justly entitled to the benefits accruing therefrom, as it is well known that the old fogies, and those too penurious to aid in this or any other legitimate enterprise for the benefit of the city, will affect to enjoy its advantages at the expense of others.

Appreciating that my former efforts have won the confidence of our citizens, I shall strive to merit a continuance of their favors for future editions of this work.

Very respectfully,

A handwritten signature in dark ink, appearing to read "J. C. Adams". The signature is written in a cursive style with some overlapping loops and is positioned to the right of the closing text.

HISTORY OF TOPEKA.

INTRODUCTION.

Like all mortals born with a tormenting ambition, I have ever had my dream of glory; and I have earnestly sought to make it real, by every means in my power not involving the danger of getting hurt, killed or disfigured so I couldn't enjoy my glory when I got it. Spurred by this vaulting ambition,

"When war waged its wide desolation,"

I rushed madly into the turmoil, and for three long, perilous years served my country as a notary public in the great State of Ohio. Fame came not yet; and no sooner had the war ended, and peace reigned long enough to show it had come to stay, than I boldly accepted a lieutenant's commission in the Kansas militia. This, however, did not advance my aims; for no sooner had I bought my uniform and exhibited myself in martial array to my admiring family, than serious trouble arose — there was a strike all along the lines of the railroads; the sheriff, while reading the riot act from a slow, melancholy cow-catcher, was hit upon his majestic shin by a riotous brick; and as I deprecated all violence in case of a strike, when the railroad employes had all struck for higher pay and the militia had been sent for, I struck for my home and fireside, like the Scots under Bruce, and stayed there. When I tried to get a job as a humorist; but chancing one day to hit upon an original joke not down in the scrap books, the whole fraternity of funny men arose in wrath, declaring I meant to ruin the craft, and I had to go. From that day to this I have avoided as a poison thing every thought or form of expression not already in universal use or to be found in the medical almanacs. I have tried to practice law, but lately the court at *nisi prius* has virtually barred me out because, having grown so almighty learned, the other lawyers stand no show when I am in the case, and the judge is afraid I may influence him by my more than Demosthenian eloquence. Altogether, I have had reason to feel blue over my eternal fame prospects, with even my very name as yet unknown to half the human race; and age coming on, I had despaired of ever having a biography anybody would ever read three centuries hence, and feared I should be compelled to put up with the customary *hic jacet*, which is outside Latin for the inside devout wish — "May the devil fly away wid him." But there was one man who had watched my career with a discerning eye, able to penetrate external appearances and its own spectacles, and whose possessor saw in me one of those "Miltons born to blush unseen" because nobody can be induced to look at their blushes. So one morning last winter, when the sun shone resplendent in the heavens, and with its refulgence made the ice, whereon the citizen walked, gyrated and sat him down, to glitter like hotel glassware, Mr. Ridges hung upon an astonished world and the show cases of advertisers, the glad tidings, in a handsome sheet, that "versatile and brilliant" I had consented to write the nonsense end of his Directory. My fame is now assured; and I have but to introduce this interesting, though somewhat asthmatic, compilation, and reach forth in confidence to receive my crown of glory from a grateful public, and a box of tenement-

house-imported cigars from the hands of my discerning patron. Perhaps I ought not to have mentioned these bits of purely personal history; but I felt constrained to do so for the encouragement of other youth struggling against difficulties to make way to the stars.

Lives of great men all remind us we can make our lives sublime, and this lesson will not, I hope, be lost. To be sure, not all can hope to attain to my dizzy altitude, for this Directory being at present published only once a year, it is not likely that many thousands can serve upon its literary staff; but let all aim high, and much may be achieved. In these days of Pears' Soap, Oats Essence and Sapolio, who shall say there is no opening for a lucrative and brilliant literary career? But to my subject:

Heretofore, the Hon. Joseph G. Waters has been accustomed to indite the introductions to this thrilling continued story, and I do not hesitate to say he should long since have been indicted himself for his utter disregard of propriety and truth. In a solemn work like this, jokes are out of place; and what is there in it that should render an occasional bit of truth distasteful? Yet I have seen people enjoy what Waters wrote. They shall have no chance to thus desecrate my laborious work; for I am no liar as Waters is. I am foolish enough to believe that truth is, in this age and in this town, stranger than any real-estate advertisement. I am, I confess, about the funniest man that ever made a whole community shed its buttons to get room to laugh, but I conceive fun to be out of place in a document of this sort. Whether they like it or not, therefore, my readers must expect from me nothing but actual facts. I shall not abandon truth to puff the town, nor make people laugh to get them to believe what I write. To the end that I might depart from custom, and make my facts reliable, I have been at great pains to insert nothing here for which I could not personally vouch, and every fact here inserted has been either investigated or made by myself.

I wish to be logical in this thing; and logic requires that I shall proceed with order, and do with my subject as does the parson with his text—take it to pieces, and do it up a word at a time. My subject is, "Radges' Annual Directory of the City of Topeka," and, proceeding after the manner of Parsons, I shall divide my discourse into the following heads:

- 1st. "Radges' Annual Directory of the City of *Topeka*."
- 2d. "Radges' Annual Directory of *the City of Topeka*."
- 3d. "*Radges' Annual Directory of the City of Topeka*."

TOPEKA.

The Kaw Indians, who were here when the town was named, said "Topeka" was one of their words, and meant "a good place to come for your artichokes;" and a common man might be excused for supposing that, as it was an Indian word, the Indians ought to be allowed to say what should be done with it. But the wise men of the world, who cannot explain even a combination of white dress, pink ribbons and a Derby hat, with light trousers festooned on the back of low-cut shoes, hanging on a gate, of an evening in June, without going into an observatory and making sundry mathematical calculations, were not satisfied with the definition furnished by a tribe of savages, and have

sought earnestly for a hidden meaning. Many guesses have been made; but I am convinced that Prof. Max Muller's theory is correct; that "Topeka" is an Aryan word, standing for a phrase, as is common in that language, and means "the only place where a civilized man, being free to live where he will, would voluntarily take up his abode for life." According to this great investigator, there was, centuries ago, a prophecy current in Arabia, that, in some aftertime, such a city bearing this name, and more beautiful and rich than any which even the oriental imagination had ever pictured, would exist in a far-off western world; and it was this prophecy which Plato mistook for past history and wove into his story of Atlantis. Such is the scientific understanding of the word "Topeka," and it is currently believed in this city. I might have given some fanciful definition, as Waters has always done, but I prefer to stick to the simple, prosaic facts.

THE CITY OF TOPEKA.

The town of Topeka was laid out in 1854; and the city of Topeka has since laid out every rival town in the State. For four years the town had no government—no laws. Not that it could not have had both had it so desired; for the slavery Territorial Legislature had government and laws to spare, and insisted, almost to the point of ill-breeding, upon supplying the new town; but the people were resolved not to be under obligations to their neighbors, and contrived to get along without the proffered luxuries. In 1858, however, the city got a charter, and since then, though the city has grown wonderfully in all other directions, nothing has grown so fast as its government. Thirty years ago it had no government at all, and now it has more than any two kingdoms of Europe, or any female academy on this continent.

This city is the capital of the State; but it is not merely the capital—it is the commercial metropolis as well. Some people with number six heads talk of removing the capital to some lithograph town that has nothing to live on, and needs the wages of the State-House "help;" but that will never be. And be it known, we do not depend upon the State House for a living. We have plenty of banks, either one of which can pay out for office furniture and stationery more money than the State treasury has in it, and not notice it in paying dividends. Topeka is a railroad, commercial and manufacturing city; and the disbursements of its railroad employés alone amount to more every month than all the legislative appropriations for a whole year,

and more than any other town in the State ever sees in twelve months of flush times. Do you suppose we could pave our streets till they look like the most beautiful parts of Paris, if we had to live off the State officers, clerks and janitors? We have water works and street railroads it would make the State treasury fast ten years to build. We even get away with the State House on legislation, and have some city ordinances no Legislature could be hired to pass without the encouraging presence of the regular army. You just wait and see. If ever Gabriel does come to this place to annoy our busy population, break up real-estate deals, and disturb the contractors of the State House or the engineer of the coal hole, the police judge will have him on the rock pile for disturbing the peace, and confiscate his trumpet as a concealed weapon, before he has had a chance to get his bearings.

The State House has been trying for years to close up the saloons, while we closed ours so long ago we have forgotten what a saloon looks like. To be sure, the police run in a man now and then for being drunk, but this is usually on Saturdays, and always one of the same men on the same drunk; and he could have been run in any other day just as well, only the police judge lets it go till Saturday so as to make a good showing at the end of the week. We have a jail of such architectural beauty, and so well kept, that it takes the combined police force to turn a prisoner out when his time is up, and people make all sorts of excuses to get in. Men confined there have declared they preferred it to the penitentiary, though that is a State institution. We have a school house in every block—not otherwise occupied—and so many colleges that their professors alone would make a town larger than either of those clamoring for the State capital. The city of Topeka, as defined by its corporate limits, is four miles long and three miles wide, while the real Topeka is not less than eight miles in either direction. The Rapid Transit, the Cable, and the Street and Circle railways are reaching out to the country towns, and the people are building homes and starting groceries all along the new lines; so that it is no exaggerated prophecy, that in five years the intervening country will be so completely settled up that all these country towns will be as much parts of the city as North Topeka is now. We shall then have a city extending twenty-nine miles—from Grantville to Silver Lake—one way, and twenty-five or thirty miles—from Meriden to Auburn, or thereabouts—the other way, and the county boundaries must be enlarged to make room for the county seat. Laugh at this if you want to. Who cares? But

figure it out for yourself. Build a rapid transit from North Topeka to Silver Lake—won't settlements spring up all the way? Won't these grow closer and closer together, till there will be one continuous street from North Topeka to Silver Lake? You can see this actually going on wherever lines have been built. Well, won't the rapid transits run to Grantville, to Meriden, to Auburn, to Dover, to Alma, to Manhattan, to Leavenworth, and all the other surrounding country towns? and won't the town grow the same way all along all these lines? Topeka has a future you have never dreamed of, and it will lose you good money if you forget it. Have we not Chicago Heights already on the market, (and in the courts,) twelve miles to the north? Please keep your grins of incredulity to yourself, and adjust your disarranged vest. This is no folly.

Topeka is no mere bread-and-butter emporium. We *live* here. We didn't come here merely to do business. We can read and write, as well as cipher, and can read books as well as keep them. The city is full of the very best private libraries, and few are the homes that have no standard books, while our large public libraries—State, city, college and public school—are in constant and intelligent use by all classes of people. Look at our book stores, and see what kind of books it pays them to keep in stock. There are no such stocks west of St. Louis elsewhere. And the prosperity of our citizens is shown by the fact that our book stores never sell a book without getting the cash at the time. Every one of them has told me so; and in such a way I know it is true. Yet they sell enormous quantities of books. We take to art, too, and have a profusion of studios and art schools, and, besides, fine collections in people's homes. The State Art Association has a magnificent selection of sculpture and fine copies of the masters. Even our house and sign painters carry palettes and embellished boxes instead of vulgar, dripping buckets as of yore. And we dress: look at the people on our streets and at operas or at church, and see the dress goods, the millinery and the hand-me-down please-press-the-creases-out masculine garments displayed in the show windows. We have electric lights and infinite gas, electric power for machinery, telegraph, telephones, district telegraph, fire alarms, transportation companies, advanced fire-department apparatus, and such direct and speedy communication with everywhere that the whole world is laid under contribution for our comfort, and northern ice meets tropic fruits at our very doors, so that living is more commodious here than in Boston or New York. Five daily papers, with another coming, furnish us the

world's news at breakfast and at supper, and often give us the news before it has happened. We have twelve flour mills, with a capacity of three thousand barrels a day, and thirty-five churches, with a saving capacity of a whole population of souls every week, although, were immigration to cease, there would be nothing for them to do. We have Anarchists who are capitalists, and conservatives who are day laborers. We have the hottest hot weather, the coldest cold weather, the wettest wet weather, the driest dry weather and the loveliest lovely weather, all the year 'round, to be found anywhere on earth, not even Italy excepted. Our politicians are the cutest, our lawyers and doctors the surest, our preachers and teachers the ablest, our women the handsomest, our babies the most numerous and the healthiest and prettiest, our councilmen the richest, our taxes the lowest, our people the happiest, our courts the speediest, and our police the most suspicious of any city in ancient or in modern times.

Radges' Directory is a directory of *the city*—of the people who still live, and live *here*. It has not included the cemeteries, the hotel registers, nor the rosters of the county schools. You can take every name in this book, and go find some actual resident to call by it. And it is a *directory*—not a cheap advertising scheme.

It is an *annual* directory. Once it was but biennial, but that will not do now; indeed, it is doubtful whether our people will long put up with even an annual directory. Some already talk of a monthly publication, with a daily supplement, while the city is getting its growth. And finally, it is *Radges'* Directory; and everybody at all familiar with such things will swear, if need be, that Radges is the only man who has ever made a real, honest, find-what-you-are-looking-for city directory.

I have now gone over my whole subject, and here is the book. I might have said much more, had I imitated my predecessors and talked extravagance; but I have preferred to confine myself rigidly to a simple narration of plain facts, omitting many of even these, lest they appear too extravagant for belief to any but citizens. I have done my duty, and have, I hope, set an example of veracity to be followed by all who may come after me; and as the copy boy has come after me already, I must, though with reluctance, let loose and conclude. There is no necessity for a peroration, and I can't find one any how. Let's quit.

STREET AND AVENUE GUIDE.

[COPYRIGHT, 1888, BY SAM. RADGES.]

The houses throughout the city are numbered in accordance with what is known as the Philadelphia or decimal system, the base or dividing line for streets running north and south being Kansas avenue, the principal business thoroughfare, and First avenue for all streets running east and west.

Under this system, one hundred numbers are set apart for the houses between every two streets in the city—except Huntoon and King streets, which run parallel with the numerically-named streets. Commencing at First avenue with 100, numbers increase, with the odd figures on the west side, to 135, where Second street is reached; here 200 commences, and so on, increasing one hundred to the block, to the city limits. North of First avenue the numbers also commence at 100; at Crane street, 200, and on the north bank of the Kansas river at 500, allowing the intervening two hundred for the bend in the river in the eastern portion of the city, where there are streets north of Crane street, south of the river. At Kansas avenue, all streets running at right angles with it are divided east and west, the even numbers being on the north side of the streets. Commencing at 100 on the first twenty-five feet of ground fronting south, regardless as to the frontage of the building located thereon, the numbers increase two for each twenty-five feet of space in the block, 122 being reached at the intersection of the next street. Two hundred then commences on the opposite corner, and increases in like manner for the next block, and so on, increasing one hundred for each block, Topeka avenue being reached at 500 on the west, and the same number on the east side of the city, at Jefferson street.

The simplicity of this system enables every person to readily locate any address, and it at the same time furnishes an idea of the distance to the locality. If the desired number is 320, on any street running east or west, it is on the third block from Kansas avenue; No. 720, on the seventh block, and so on; the hundreds designating the number of streets distant from Kansas avenue, and the tens and units the number of the house in the block.

The following alphabetical guide to the streets and avenues of

POPULATION OF TOPEKA.

The evidences of the rapid growth and development of the city are given in a concise and comparative statement on this page, the figures given being the result of a direct count, and a careful comparison of this Directory with those immediately preceding it, and are therefore wholly reliable. In 1877, the population was 8,491; in 1878, 9,018; in 1879, 11,204; in 1880, 15,527 (U. S. census); increasing in 1881 to 16,280. The census of 1882 showed 21,562, and in 1883, 22,625. In the spring of 1884 the city was credited with 22,636, and in 1885 with 23,435; the following year over five thousand were gained, and in 1887 a direct census showed over 38,000. On the first of May, 1888, the population of the city, including its additions, is in round figures 46,000. Based upon an actual and accurate canvass of the city during the month of April, 1887, the population was 30,000 within the ward boundaries, as follows:

	1886.	1887.	Increase.
First Ward.....	4,964	6,223	1,264
Second Ward.....	8,716	10,723	2,007
Third Ward.....	4,685	6,127	1,442
Fourth Ward.....	6,623	7,429	806
Total.....	24,988	30,507	5,519

Within the city school districts, 35,516; including the additions to the city, 38,741.

COMPARATIVE STATEMENT.

The following statement gives the number of names in the Directory, beginning with A, B, C, D, and so on through the alphabet. The statement compares the year 1888 with 1887 and 1885, and shows the increase of names this year over last:

LETTER.	1885.	1887.	1888.	Incr.	Decr.
A.....	206	311	360	49
B.....	701	1,084	1,250	202

Y.....	38	63	62	1
Z.....	14	19	23	4
Total.....	7,466	10,778	12,897	2,153	34

The population obtained by the direct census of 1887 and the number of names in the alphabetical directory approximate about *three and one-half* to the name—10,778 names representing 38,741 people; and adopting the same basis for the *additional* 2,119 names in the present work, over 7,500 inhabitants are added, making the total population of the city and its suburbs 46,000.

## BANKS.

The national banks doing business in this city under the act of Congress passed twenty-two years ago are four in number, and the State banks operating under the banking laws of Kansas number seven. The banks are open daily from 9 A. M. to 3 P. M., except Sundays and general holidays.

**Bank of Topeka**, (succeeded Topeka Bank and Savings Institution,) is located on the northwest corner of Kansas and Sixth avenues. Was established in 1868. Paid-up capital \$300,000, surplus of \$125,000, and deposits amounting to \$850,000. The officers of the bank are, president, John R. Mulvane, vice president, B. M. Davies, cashier, J. W. Thurston, and secretary, J. W. Farnsworth.

**Central National Bank**, (succeeded Central Bank,) located on the northeast corner of Kansas avenue and Seventh street, and will occupy its magnificent bank building when completed on the southeast corner of the same streets; was established in 1871, and chartered under the national bank law in 1884. It has a paid-up capital of \$250,000, surplus of \$15,000, and deposits amounting to \$400,000. The officers are, P. I. Bonebrake, president, A. S. Johnson, vice president, Edwin Knowles, cashier, F. M. Bonebrake, assistant cashier.

**The First National Bank**, (incorporated February 19, 1882,) is located on the northeast corner of Sixth and Kansas avenues, and has a paid-up capital and a surplus of \$400,000, and deposits averaging three-fourths of a million. It has recently purchased the business of the Topeka State Bank, one of the oldest institutions in the city, and is now located as above. The officers are, P. G. Noel, president, Wm. Sims, vice president, D. A. Moulton, cashier.

**The Kansas National Bank** was incorporated September 12, 1887, with a capital of \$500,000. This bank is situated on the northwest corner of Kansas avenue and Fifth street, and its present officers are, Samuel T. Howe, president, L. L. Turner, vice president, R. M. Crane, cashier, and William Wadsworth, assistant cashier.

**Merchants' National Bank.** This bank was chartered about April 1, 1888, and will commence business on June 1, at 605 Kansas

avenue, with a paid-up capital of \$100,000. The officers selected are, Col. C. K. Holliday, president, Thos. J. Kellam, vice president, Frank G. Willard, cashier.

**Citizens' Bank**, located on Kansas avenue and B street; commenced business in 1872, and has a paid-up capital of \$50,000, deposits averaging \$200,000. The officers are, Willis Norton, president, Peter Smith, cashier.

**Guilford Dudley's Bank**, a private bank, located at 519 Kansas avenue. Established in 1870.

**John D. Knox & Co.**, investment bankers, commenced business January 2, 1874; are located at 620 Kansas avenue, and confine their business principally to the loaning department.

**Topeka Savings Bank**. Organized 1887. Located at 109 East Sixth avenue. A. W. Knowles, president, A. Washburn, vice president, L. G. Beal, treasurer.

**The American Bank**. The bank is owned and operated by the Small Bros., and was established in January, 1887, with a capital of \$100,000, and is located on Kansas avenue, North Topeka.

CEMETERIES.

**Catholic Cemetery**. The last resting place of persons of the Catholic faith is located three miles west of the city, on the Tenth avenue road.

**Jewish Cemetery**. Adjoining the Topeka Cemetery, on East Eighth avenue. It was located in 1860, and interments in it are confined to Israelites.

**Ritchie Cemetery**. This cemetery is truly "God's acre," and is situated south of the city. In early days the ground was donated by Colonel Ritchie for the purpose of supplying a last resting place free to all desiring to avail themselves of its benefits.

**Topeka Cemetery**. The oldest cemetery in the neighborhood of Topeka, and lies on the nearest high ground southeast of the city. The improvements made during the past year or two have added greatly to its natural beauty, and it now presents numerous attractive features to visitors, including a magnificent view of the city.

**Rochester Cemetery**. Situated two miles northwest of the city. This cemetery is used mostly for interment of citizens residing in the country and in the first ward of the city.

### READ THE FACTS.

*From Attorney General Bradford.*

STATE OF KANSAS,  
OFFICE OF ATTORNEY GENERAL,  
TOPEKA, March 29, 1888.

M. D. MERRILL, Esq., Carbondale, Kas.:

Since my spell of sickness last fall I have been using water from your spring. My trouble was an affection of the kidneys and bladder, commonly called gravel. I have used the water both hot and cold, and I know I have been benefited thereby. For a mild cathartic it is best to use the water hot. I am confident that for kidney troubles the water from your spring is unequalled by anything in this western country. It is a sure cure for constipation, hence a great benefit to business and professional men of sedentary habits. I have no hesitation in recommending it to people affected in that way, as I have been benefited myself.

S. B. BRADFORD, *Attorney General.*

### Testimonial.

*From the Carbondale Carbondalian.*

The following testimonial as to the good results from using Merrill's Spring Water is from the associate editor of the *Topeka Daily Capital*, and a man perfectly reliable and trustworthy in everything he says:

TOPEKA, Feb. 23, 1888.

MERRILL MINERAL SPRINGS COMPANY:

GENTS—I have used the water from the Merrill Mineral Spring near Carbondale for the past two months, and have derived great benefit therefrom. My trouble was liver and kidney affection, as well as indigestion. I feel free from all these ailments. The effects from the use of this water have been wonderful. I do not believe it has an equal on the continent. Business and professional men of sedentary habits, who are troubled with malaria in any form, will find the Merrill Mineral Spring Water nature's sure and safe remedy. It is simply invaluable.

Respectfully,  
D. O. MCCRAY.

*A well-known citizen of Topeka speaks.*

Mr. Reck is a merchant, corner Tenth and Monroe.

TOPEKA, KAS., March 15, 1888.

M. D. MERRILL:

SIR—For more than eight years previous to one year ago, no man ever lived and suffered more than I did from kidney disease, liver trouble and indigestion. I could not eat anything without its distressing me greatly. I was terribly constipated, and my suffering was so dreadful that many a time I had rather die than live. Besides these troubles, I had rheumatism so bad that many nights I could not sleep, and often sat up all night with my back close to a hot stove to keep up circulation. I spent hundreds of dollars seeking a cure, even going to Ohio for that purpose, but got no relief. I talked with my wife, and had prepared my business for any fate that might come. A year ago I began using water from your spring, fourteen miles south of Topeka, known here as the Merrill Mineral Spring, and in a short time it relieved me completely, and now I am a well man again. I am recommending the Merrill Spring to all my friends, as the best remedy I ever knew.

J. S. RECK.

TOPEKA, KAS., April 17, 1888.

M. D. MERRILL, Esq.:

DEAR SIR—Twenty-four years ago, when I was nine years old, I was bedfast for nine months, from a sickness that poisoned my blood, and up to a year ago my health never was good. About five years ago three running sores broke out on my left leg, which my doctors called indolent ulcers. This leg was injured three years since by the falling of a horse I was riding. Eleven ulcers resulted from the injury, eight reaching to the bone, and all running and painful. I had to quit work, and felt that my life was at stake. After hearing of a great many wonderful cures from the Merrill Mineral Spring, one year ago I commenced using the water, and found my health began to improve immediately. Soon pain left. I gained strength, and in a short time my ulcers, some of which were as large as a silver dollar and running offensive matter constantly, all healed up, and ever since I have been and am now a well man, able to do hard work without any trouble. Hundreds of persons in Shawnee and Osage counties, where I have lived since I was five years old, know this statement of mine is true. There is no mistake about the astonishing cures the Merrill Spring is doing.

Respectfully,  
BURTON W. VAIL,  
409 Lawrence street, Topeka, Kas.

CITY RAILWAYS.

**Topeka Street Railway Company** has been in operation for several years. Its lines run from Garfield Park, the extreme northern part of the city, to Washburn College, a distance of nearly five miles, and branches diverge at Sixth avenue, to South Topeka, Parkdale, Tenth and Sixth avenues west, and the Santa Fé depot.

**Topeka Rapid Transit Company.** This road is rapidly coming into public favor, and is conducted by a broad-gauged and liberal management. Its capital stock is a quarter of a million dollars, and its equipments are first class in every particular. Its road bed extends to the extreme limits of the city, over which trains are run regularly and promptly.

**West-Side Circle Railway Co.,** incorporated in 1887, with a capital of \$100,000. This road extends its line five miles west of the city, and contemplates covering a still larger scope of territory at an early day. Numerous trains of latest-improved coaches and motors convey passengers over this popular road at short intervals every day.

**East-Side Circle Railway.** The charter, right-of-way and ordinance have been secured in favor of this road, which is to extend in a southerly and easterly direction from the city. Its destination at present will be Highland Park addition, where lots are sold conditional to the building and operating of this road at an early date.

**North Topeka, Silver Lake and Rossville Rapid Transit.** Bonds have been voted and right-of-way secured for the building of this road, to connect several towns west, on the line of the Union Pacific Railway, with this city. The projectors are live, active, enterprising business men, who are deserving of liberal encouragement.

CLUBS AND ASSOCIATIONS.

**Bar Association of Topeka.** Significant as the name may appear to the non-initiated, this organization, as a body, does not set at defiance the prohibitory law of the State, but, individually, nearly every member would accept a — retainer from some luckless individual who has been innocently(?) suspected of misconstruing the law. The association consists of over a hundred practicing attorneys, is of a social character, and has for its object all matters calculated to benefit the legal profession; meets at the call of the president.

**Rodgers & Stranahan** Make Good Clothing at Reasonable Prices.

**Benevolent Societies** and institutions are numerous scattered throughout the city, and are generally connected with church organizations and secret order societies. They will be found under appropriate headings in the following pages of this work.

**Board of Trade.** Incorporated in 1886, under the laws of the State, but organized in 1880, for the purpose of encouraging commerce and manufacturing interests, and for procuring such laws and regulations as may be deemed necessary for the benefit of trade and the interests of the city. With a membership of over two hundred representative citizens, the board has been the means of developing manufacturing interests of vital importance. It is an active body, always alert to liberally aid all propositions that bid fair to enhance present values and the future prosperity of the city. Weekly meetings of the board are held in the spacious rooms in the Stormont building, 109 West Sixth avenue. The present officers are: P. G. Noel, president; George W. Watson, vice president; P. I. Bonebrake, treasurer; T. P. Rodgers, secretary.

**Shawnee Building and Loan Association.** Organized in 1885. Meets monthly, at the office of Strickler, Daniels & Pounds, 515 Kansas avenue. The officers for 1887-8 are: H. V. Hinkley, president; S. S. Ott, vice president; J. H. Belcher, secretary; C. J. Kendall, treasurer.

**Kansas State Fair Association.** Incorporated in November, 1879. It has for its object the promotion of the agricultural and stock interests of Kansas and the holding of annual fairs in this city. The fair grounds of the county have been improved by the association, and thousands of dollars have been expended in exhibit and other buildings, amphitheatres, stalls, and the excellent half-mile track, which is conceded to be one of the best in the country. The fair of 1888 is destined to be the greatest exhibit ever shown in the State, and active work is already being done by the secretary to carry out the mammoth arrangements planned out. E. G. Moon, secretary.

**Pioneer Club.** The pre-historic emigrants who settled here just after the flood luxuriate in a mutual-admiration society bearing the above name. Topeka's early history has been handed down to future generations in a work of several hundred pages, from the pen of its illustrious president, Hon. Fry W. Giles. The society holds an annual meeting, with banquet attachments, on the 5th day of December, to commemorate the location of the city, in 1854.

**Cherrah Kedisha Bicolor Cholen.** The derivation and interpretation of the above title is not liable to enlighten the uninitiated. The meetings are held in the hall of the society on Seventh street, and its membership is confined to members of the Hebrew faith. It was established in 1871, and is religious and social in its character and operations.

**Topeka Driving Park Association.** The dudes, and other pretty people who sport fast trotters, have organized under the above name, and intend showing themselves and their fast stock every evening during the driving season on the bully-yard (boulevard in French) and asphalt pavements of the city.

**Topeka Humane Society,** for the prevention of cruelty to animals and children, was duly organized on the coldest day during the winter of 1887, in the Grand Opera House, where the greatest cruelty was imposed on the audience by the slow-freezing process it was compelled to undergo, owing to the failure of the engineer to "fire up" the house. Nothing has since been heard of this humane society, although there is still a supply of animals, cruelty and children in our midst.

**Modoc Club.** The whoop of the famous Modocs has resounded to the slope of the Pacific coast, not in the war cry of their aboriginal namesakes, but in the sweet refrain of classical music, rendered by near half a hundred highly trained and cultured voices. Major Tom. J. Anderson and his tribe of popular warblers of melody are truly famous, and are quoted by the St. Ananias Club as being unsurpassed by any musi-vocal organization in fifty-three States, counting Dakota as only one. The club occupy spacious apartments over 706 Kansas avenue, where rehearsals are held weekly.

**Avon Club.** Organized in 1870. The members of this club are devoted to the study of Shakespearian and other standard literature for their own improvement, and the edification of their friends. It is composed of a number of classic scholars, who enjoy an annual banquet on the anniversary of their patron bard, in addition to the regular literary feasts held at the homes of its members every week.

**St. Cecilia Quartette** is composed of young ladies of brilliant musical attainments, both vocal and instrumental. Their public rehearsals are classed among the musical events of the season, and are liberally supported.

**Occidental Club.** Organized in 1884. It is devoted to the study of history pertaining to ancient and modern art. The society meets

fortnightly at the residence of one of its members. Its membership is limited to twenty. The officers are, Mrs. J. K. Hudson, president, Miss Lucy Kingman, secretary.

**Press Club.** "Poverty is no disgrace, but it's mighty inconvenient." The gang, for various reasons, the principal of which, however, being the lack of lucre, broke up their elegantly-fitted up headquarters where they were wont to entertain themselves and visiting newspaper men with exchanges and verbal lies. The club now meets semi-occasionally at such places as the charitable are disposed to give them shelter, and their good work enlightens the world in every issue of the combined publications emanating from their fertile brains. The officers are, Harry Frost, president; A. G. Stacey, vice president; O. K. Swayze, secretary, and C. C. Baker, treasurer.

**St. Ananias Club.** This club has passed through its second year of formally organized life, though for half a score of years it had existed and thrived without the legal sanction of State or municipality. It is a prime favorite with the churches, because the moral and religious character of its members makes it a missionary of no mean power; and with the world it is equally a favorite, because their mental and intellectual qualities make the club intercourse of members education in the highest sense. The growth of the city and its credit and standing abroad are largely due to it. Fidelity to its name and traditions has made the St. Ananias Club invaluable to all classes; and as "boomers," they outstrip the most elastic capacities and consciences of even real estate agents. As gentlemen and scholars; as synonyms of push, pluck and piety; as energetic rustlers; as wide-awake pathfinders for enterprise; as society men who are not superficial, and as courtiers, politicians and diplomats in whom is no guile, they are unapproachable and inimitable. They are held up by wives and mothers as models, and by America to the rest of the universe as the type and representatives of all that is admirable and enviable in this great Yankee nation. Four hundred and seventy-five evenings out of the year they may be seen wending their individual ways to "The Den" of consultation, and the shades of night find the devout there, rain, shine or blizzard to the contrary notwithstanding.

**Turnverein.** Organized February 10th, 1867. This society has largely increased its membership during the last two years, and owns a valuable grove and hall on First avenue and Harrison street, where regular meetings of the society are held on the first and third Tuesday evenings in each month.

(ROCK ISLAND ROUTE.)

It is a favorite route with the traveling public, by reason of its liberal management and superior facilities.

It is a new line, extending to the best portions of Kansas and Nebraska, where the communities are enterprising, and offer every inducement to farmers, business men, artisans, clerks, professional men, school teachers, and all classes of industrious citizens.

The construction of 1,200 miles of new road last season by the Chicago, Kansas & Nebraska Railway Company inaugurated the great business revival and real estate activity in Kansas and Nebraska, and will cause a more remarkable growth and advancement this year throughout the entire West.

In connection with the Rock Island Route, the Chicago, Kansas & Nebraska Railway affords the best and most direct line from Chicago and the Mississippi River, or from the Eastern and Northern States, to St. Joseph, Kansas City, Topeka, Southern Nebraska, and all the principal points in Kansas, Colorado, Indian Territory and Texas, forming a great artery between the East and West.

The tourist or traveler will find the C. K. & N. to be one of the smoothest and best equipped roads in the United States, with so many conveniences and comforts that the question of fatigue need not enter into his calculations.

The C. K. & N. is operated in connection with the Chicago, Rock Island & Pacific Railway, the great Rock Island Route, making close connections at Chicago with the principal Eastern roads, and furnishing a direct line to Minneapolis, St. Paul and all points in Minnesota and Dakota, by the famous Albert Lea Route, and through its connections to St. Louis, and the East and South.

All the construction work of the Chicago, Kansas & Nebraska Railway has been of the best and most substantial character, a permanent contribution to the growth of the country. It has a solid road bed, steel rails, stone and iron bridges, and, as a finishing touch, has provided a magnificent new equipment of elegant day coaches, sleeping cars and reclining-chair cars, built to order, for the accommodation of its patrons. It has erected handsome and commodious depots along the route, and has recently built a large and elegant depot and general-office building in Topeka, giving every facility for business.

Tickets, Maps, Folders, or information about routes, rates, etc., can always be obtained of the principal ticket offices of the United States and Canada, or of local agents or general officers of the Company.

**Arion Society.** This organization is composed of some of the best musical talent in the city, and are favorably received wherever their selections are rendered. The society is rapidly growing in strength, numbers and influence, and is especially appreciated for its gratuitous services rendered at charitable entertainments, etc. The society meets in their commodious hall on Kansas avenue near Third street.

**Musical Union.** This society is one of the oldest organizations in the city, and is composed of a large number of the best vocal artists in the city. Its object is the cultivation of the voice, and for mutual improvement and an occasional public rehearsal. Regular meetings are held. Professor Worrall, president; L. Blakesley, vice president; James F. Griffin, secretary and treasurer; O. W. Fox, librarian; Mrs. Governor Crawford, pianist.

**Ingleside.** This institution was organized in 1881, its name being adopted from the Scotch significant of "Home Cottage;" and it has proven a veritable home to many helpless women who have sought shelter under its roof. It is located on Twelfth street near Van Buren, and is supported entirely by private charity, under the patronage of the Women's Christian Association, whose chief object is charity and to relieve distress among helpless and self-supporting women, by supplying them with homes and employment.

**Clearing House Association.** Each bank which is a member of this association sends its representative to the clearing house each morning. The balances are there immediately adjusted and the proper settlements made. Nearly two million dollars in capital is represented by the members of the association, and their business is greatly facilitated through this agency.

**Woman's Exchange.** Chartered, March, 1888. The object of this association is to establish an institution where the handiwork of women can be placed on sale. The board of directors are: Mrs. C. E. Bennett, Mrs. S. L. Brown, Mrs. Addie McGadden, Mrs. Harriet Abbott Birchmore, Mrs. S. A. Rench, Mrs. M. L. Chamberlain, Mrs. A. C. Macauley, Mrs. Priscilla Finley, and Mrs. Alice Vanderpool. The capital stock of the association is fixed at \$5,000, in shares of \$5 each.

**Kansas Industrial School.** This institution is engaged in the laudable work of providing a home for orphan children, where their education and training will be in the hands of competent instructors. The home is located on Fillmore street between Sixteenth street and Euclid avenue.

**Women's Christian Temperance Union.** Organized April 10, 1878, to promote the work of temperance, and to cooperate in the carrying out of the statutory provisions of the prohibitory laws. Regular meetings of the union are held at stated times at the hall of the Young Men's Christian Association on east Sixth Avenue. Mrs. Mary E. Perine, secretary.

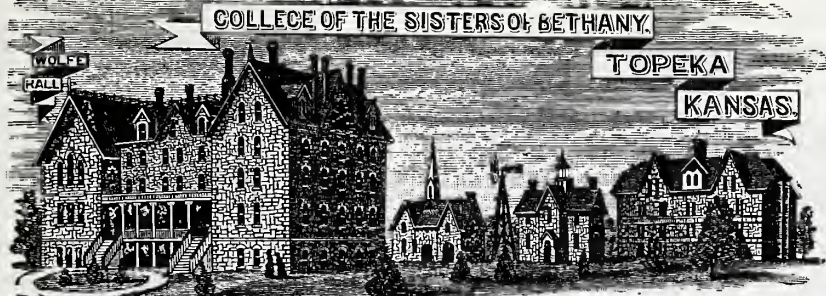

**Marshall's Military Band** was organized as a campaign band for the presidential campaign of 1884 as the First Ward Republican Flambeau Band, and on November 12, 1884, was chartered as Marshall's Military Band of Topeka. The number of members at that date was about a dozen, but has rapidly increased, until now the band numbers forty musicians. It is known throughout the West, and has been awarded the honor of standing ahead of all amateur bands in America. The band is finely equipped with a full set of Besson instruments and the richest uniform ever worn by a band in this country. Following are the officers: President, Geo. M. Lescher; Director, J. B. Marshall; Secretary, F. C. Lacey; Treasurer, A. W. Lacey; Manager, O. K. Swayze. The entire upper floor of 822 N. Kansas avenue is occupied by the band as headquarters, the rooms being handsomely fitted up.

#### EDUCATIONAL—COLLEGES AND PUBLIC SCHOOLS.

**Washburn College.** As early as 1858 steps were taken to establish a Christian college, under the auspices of the Congregational churches of Kansas. The institution was first styled "The Topeka Institute." A site was secured in 1860, consisting of the present campus of forty acres, and 120 acres adjoining. With one of the finest locations in the State, and with a material basis of over \$110,000, Washburn College has an assured future before it, as one of the prominent literary institutions of our State and Nation. It is accessible by street cars from the city and depots, which run regularly at short intervals to the grounds. Young men having the ministry in view, if in need, are aided by the American College and Education Society to the amount, usually, of \$100 a year. This aid is not available until one enters the collegiate course, and may be received as a gratuity, or as a loan payable after the recipient is settled in the work of the ministry. Should the recipient not enter the ministry, the money so received is to be refunded. Other information regarding this college may be obtained by addressing Rev. Peter McVicar, president, at Topeka, Kas.

**College of the Sisters of Bethany.** The College of the Sisters of Bethany is situated on a beautiful square of twenty acres, lying between Eighth and Tenth avenues and Polk street and Western avenue. Its history is contemporaneous with that of the State, it having originally been chartered by the Territorial Legislature as the Topeka Female Seminary, and afterwards by the State under its present name. It is under the charge of the Protestant Episcopal Church, the venerable Bishop Vail being president of the institution. Under his fostering care, it has risen from a small beginning to be the peer of any school of its kind in the country. It is the only strictly girls' school in the State of Kansas, and as such deserves the patronage of all who believe in a girls' school as the best place for the education of girls. The course of instruction in the literary department embraces a thorough preparatory and collegiate course. The music department is the largest in the West, having about 200 music pupils. Twenty-four pianos are used, and a complete and systematic course is followed in both vocal and instrumental music. The department employs eight teachers. The art department is fully equipped with casts, models and copies, and is fully prepared to give a complete course of training in all branches of drawing and painting. The elocution department is under the charge of a competent instructor. Additional facilities and improvements are contemplated the coming year, which will make it the most complete and best arranged for its purpose of any school in the West.

**Private Schools and Colleges.** Among the private educational institutions are Pond's Commercial College, Topeka Business College, Turner's Short-hand School, Kindergarten School, Industrial School; also art, science, elocution, music and dancing schools. All of these schools are first-class in their special departments, and are presided over by experienced educators.

**Public Schools.** The educational advantages that this city affords have been and still are one of the factors of its marked prosperity. Since the earliest history of the city particular interest has been manifested in the development of institutions of learning, and liberal allowances have been made to increase their facilities.

The first school house in Topeka was built in 1857, on the southwest corner of Fifth and Harrison streets. It was an unpretentious brick building, that served its purpose well for a number of years. Engravings of some of the magnificent school edifices that have been erected to supply the growing demand of our prosperous city will be found elsewhere in this work. this city is the most complete that both experience and talent have been able to provide. It extends over a period of eleven years, divided into three divisions, each complete in itself; the primary course extending over a period of four years, the grammar division over three years, and the high-school department over four years. A superintendent and 77 teachers are employed, in seventeen school houses, in which over 3,500 scholars are in daily attendance. The corps of instructors are an able and efficient body of educators, with strong intellectualities, which lends its impress upon the plastic, tender minds of the scholars committed to their charge.

FIRE DEPARTMENT.

The fire department of this city is practically composed of the same men who were members thereof last year. Under the administration of Chief Geo. O. Wilmarth, they have proven themselves to be a very efficient and hard-working body of men, and the working of the department far superior to that of any city of equal population and extent. The following detail of the department is furnished by Chief Wilmarth:

## GYMNASIUMS.

**Young Men's Christian Association Gymnasium** is located in the third story of 124 East Sixth avenue, corner of Quincy street. It is fitted up with complete apparatus for athletic sports and exercises, and is open to members every day except Sundays. Bathing rooms are also provided for the use of members.

**Turnverein Gymnasium.** This society is provided with all the necessary appliances usually found in first-class gymnasiums, which are arranged in their hall and grounds on the corner of First avenue and Harrison street. Admittance to the grounds of the association is limited to its own members.

## HOSPITALS.

**Christ's Hospital,** located west of the city limits; under the supervision of the Rev. Thos. H. Vail, bishop of the diocese of Kansas. Ward patients are cared for at reasonable rates, and charity patients fostered from public subscriptions. The hospital is in charge of experienced stewards, nurses and other attendants.

**Mineral Well Hospital,** on Harrison street, between Second and Third streets; medical-water baths, and excellent attendance by experienced nurses.

Plans are now being perfected for the erection of a large and commodious hospital, which the practicing physicians in the city have undertaken to build and conduct, free to all patients.

## LIBRARIES.

**Bethany College Library.** Connected with the College of the Sisters of Bethany it comprises one of the most valuable collections of art literature in the west, and is replete with the standard works of foreign and American authors. The library is designed only for the accommodation of the scholars, teachers and faculty of the college, and contains several thousand volumes.

**City Library,** is located in the State Capitol grounds, fronting on Eighth avenue, near Jackson street, and occupies a magnificent building, especially erected for its use, at a cost of over \$40,000. Topeka's free library, containing over 10,000 volumes of literature, stands open to all citizens desirous of availing themselves of its privileges. During the past year 1,005 volumes have been added to its shelves, besides 100 copies of periodicals kept on file in its reading rooms. The library is supported by general taxation, and is in charge of Olin S. Davis, city librarian.

**Lincoln School Library.** Through the untiring efforts of a large number of persons interested in the advancement of education, donations have been made and numerous entertainments given in behalf of this library, which has already a large and well-selected collection of literary works, which will be greatly increased during the present year.

**Library of the State Historical Society,** established under the laws of the State. Its collection of valuable books, papers and manuscript writings are specially intended for the material to form the history of Kansas in respect to its antiquities, its political career, its institutions and material development. It now contains nearly 35,000 volumes, and is growing very rapidly, under the supervision of the State board and their efficient secretary, F. G. Adams, librarian. (See Museums.)

**State Library.** One of the largest and most valuable law libraries in the country is owned by Kansas, which is located on the basement floor in the east wing of the State House, in charge of the State Librarian, H. J. Dennis. It is open during business hours to visitors, and free reference to all books is allowed in the library.

**Washburn College Library.** The magnificent library building just completed, under the direction of the board of directors of this institution, commands the highest praise of their excellent judgment in behalf of their trust. Thousands of volumes of the choicest literature, comprising scientific, historical, poetical and biographical works,

are included in the collection, to which all students in the college have free access. It is destined to become one of the largest and most valuable libraries in the West.

#### MUSEUMS.

**Agricultural Society.** Visitors to the State Capitol should not fail to visit the museum connected with the State Agricultural Department, in the west wing of the State House, which is open from 9 A. M. to 5 P. M. daily except Sundays. It contains a magnificent display of the products of the State, and a miscellaneous collection of other interesting specimens of the resources of Kansas.

**Goss Collection.** Named after its collector, Col. N. S. Goss, who has spent years of labor in the accumulation of one of the finest ornithological museums in the country. It is located in the east wing of State Capitol building, and is free to visitors. This magnificent collection of birds was presented by Col. Goss to the State, conditioned that he have the control and supervision of it during his lifetime without pay, after which it will revert to the State absolutely.

**State Historical Society.** This museum is a portion of the large and valuable collection accumulated by the society bearing its name, and consists of curiosities, pictures and other relics of the early days of Kansas. Many interesting memories are here preserved, and countless pre-historic novelties are being constantly added. It is supported by State appropriations, is in charge of the secretary, F. G. Adams, and is open to visitors during business hours, in the west wing of the State House.

RAILROADS.

The railway statistics of the State show over 80,000 miles of completed roadway, being an increase of over 2,000 miles during the past two years, representing capital stock to the amount of \$350,000,000. Topeka affords the advantages of four of the principal railroads in the country, and a feeder of Santa Fé system.

THE ATCHISON, TOPEKA & SANTA FÉ RAILROAD, which is now generally known as the "Santa Fé Route," under its able and liberal management, has grown from a little Kansas road to

the greatest railroad corporation in the world. Over 7,000 miles of road are owned by this system, extending from the lakes to the Pacific ocean and the Gulf of Mexico. The general offices of this mammoth corporation are located here, (Topeka,) employing nearly 500 officers, clerks, accountants and engineers, as are also their general machine shops and locomotive works, employing upwards of 2,000 skilled mechanics and artisans.

**CHICAGO, KANSAS & NEBRASKA RAILROAD.**  
(Rock Island Route.)

Like an immense hand stretching over the entire State, with the wrist resting upon the bank of the Missouri river, this road has invaded an extent of territory not generally realized. Its iron fingers stretching in varied directions, it is reaching westward with marvelous rapidity. The general offices of this gigantic corporation are also established in this city, occupying an elegant new office and depot building erected for their special use.

**UNION PACIFIC RAILWAY.**  
(Kansas Division.)

This is the pioneer road in Kansas, and was at one time an important factor in the growth and prosperity of Topeka; but of late years its importance has dwindled down to a "whistling station," so far as its accommodations to this city are concerned.

**MISSOURI PACIFIC RAILWAY.**  
(Kansas, Nebraska and Dakota Division.)

Topeka's connection with the Gould system gives it another important railroad feeder, which is rapidly gaining in public favor, and is destined to become one of the popular roads in the Sunflower State.

SHAWNEE COUNTY.

It is situated in the northeastern portion of the State, being in the third tier of counties south from Nebraska, and the same tier west from the Missouri State line.

It was organized in 1855, while Kansas was yet a Territory. It has an area of 558 square miles, and now ranks as the first county in the State, both in population and assessed valuation. The total value of public-school property in the county is over a half million dollars, divided among ninety-four organized school districts, and about the same amount is represented by private educational institutions. The assessors' returns for the past year (1887) give the following official statistics:

|                                      |                 |

STATE GOVERNMENT OF KANSAS.

The Territory of Kansas remained unorganized and almost unpeopled until the 30th of May, 1854, when President Pierce signed the famous Kansas-Nebraska bill, organizing the Territories of Kansas and Nebraska. In July, 1859, the Constitutional Convention met in Wyandotte, and on the 29th of July signed the "Wyandotte Constitution." This was ratified by the people in October of the same year, but it was not, however, until January 29, 1861, that President Buchanan signed the act of Congress admitting Kansas under the Wyandotte Constitution, and then her existence as a State legally began.

The State of Kansas includes an area of 80,000 square miles, or 52,042,520 acres, and is larger than the whole of the New England

States, equal to North and South Carolina combined, and is twice as large as Ohio. According to the United States census taken in 1880, the population was 995,355; in 1885 the official State census showed 1,268,530; and the estimated population at this time (May, 1888) is not less than 1,850,000.

Amount of State debt, April 25, 1888, \$815,000, of which \$538,000 is held by the permanent State school fund, \$12,000 by the State sinking fund, \$9,000 by the State University fund, \$256,000 by individuals and corporations, bearing 7 per cent interest.

Permanent school fund, \$4,634,175.86.

Total tax levy for State purposes,  $4\frac{1}{10}$  mills.

Valuation of all property as fixed by State board, \$310,871,446.64; amount to be raised on this valuation, \$1,274,572.92.

Amount raised by taxation for the fiscal year ending June 30, 1887, \$1,136,164.39.

Municipal debt amounts to about \$14,500,000.

Elections are held on the Tuesday next succeeding the first Monday in November.

The Governor, Secretary, Treasurer, Auditor, Attorney General, Superintendent of Public Instruction, and Members of the House of Representatives are elected for a term of two years. State Senators are elected every four years. The State Printer is elected for two years, by a joint ballot of the Legislature, and the Superintendent of Insurance is appointed by the Governor, with the consent of the Senate.

The gubernatorial term commences on the second Monday in January following the election; and regular sessions of the Legislature are held biennially.

Legal holidays: Sundays, July 4th, May 30th, December 25th, Thanksgiving, January 1st.

#### COUNTIES OF KANSAS.

##### ORIGIN OF THEIR NAMES AND THE DATE OF THEIR ORGANIZATION.

**Allen.** Organized in 1855. County seat, Iola. Named in honor of Wm. Allen, of Ohio, who was for many years a member of the United States Senate from that commonwealth, and also its Governor. He favored the doctrine of popular sovereignty, on the opening of the Territory of Kansas to settlement, and the most *ultra* measures for the perpetuation of slavery.

**Geo. W. Watson** is too well known to require reference given as to his reliability. **Office, 601 Kansas Avenue.**

**Anderson.** Organized in 1855. County seat, Garnett. Received its name from Jos. C. Anderson, of Missouri, who was a member of the first Kansas Territorial Legislature, and Speaker *pro tem.* of the House of Representatives. He figured in the "Wakarusa war" in December, 1855, and his name appears in connection with a proposition to march under the "black flag" to Lawrence.

**Atchison.** Organized in 1855. County seat, Atchison. Named for David R. Atchison, a Senator from Missouri, and President of the United States Senate at the date of the passage of the act for the organization of the Territory of Kansas. He was a zealous partisan leader in the discussions and movements affecting the interests of slavery and its attempted establishment in the new State to be created. He was conspicuous among the mob at the sacking of Lawrence, on the 21st of May, 1856.

**Barber.** Organized in 1873. County seat, Medicine Lodge. In honor of Thomas W. Barber, a Free-State settler of Douglas county, who was killed in consequence of the political troubles, near Lawrence, December 6, 1855.

**Barton.** Organized in 1872. County seat, Great Bend. In honor of Miss Clara Barton, of Massachusetts, who won great distinction during the war for the Union by her remarkably effective philanthropic career in the sanitary department of the army.

**Bourbon.** Organized in 1855. County seat, Fort Scott. Received its name from Bourbon county, Kentucky, the latter having been one of the nine counties organized in 1785, by the Virginia Legislature, before Kentucky became an independent State. It was so called as a compliment to the Bourbon dynasty of France, a prince of that family, then upon the throne, having rendered the American colonies important aid, in men and money, in their great struggle for independence. The legend, however, of the Kansas Legislature is, that Col. Samuel Williams, a member of the House from Fort Scott, insisted that at least so much was due to the name of the beverage which the party in power drew so largely from for its courage and zeal in pushing its measures in Kansas. He was a colonel in the rebel army, and died at his old home, Fort Scott.

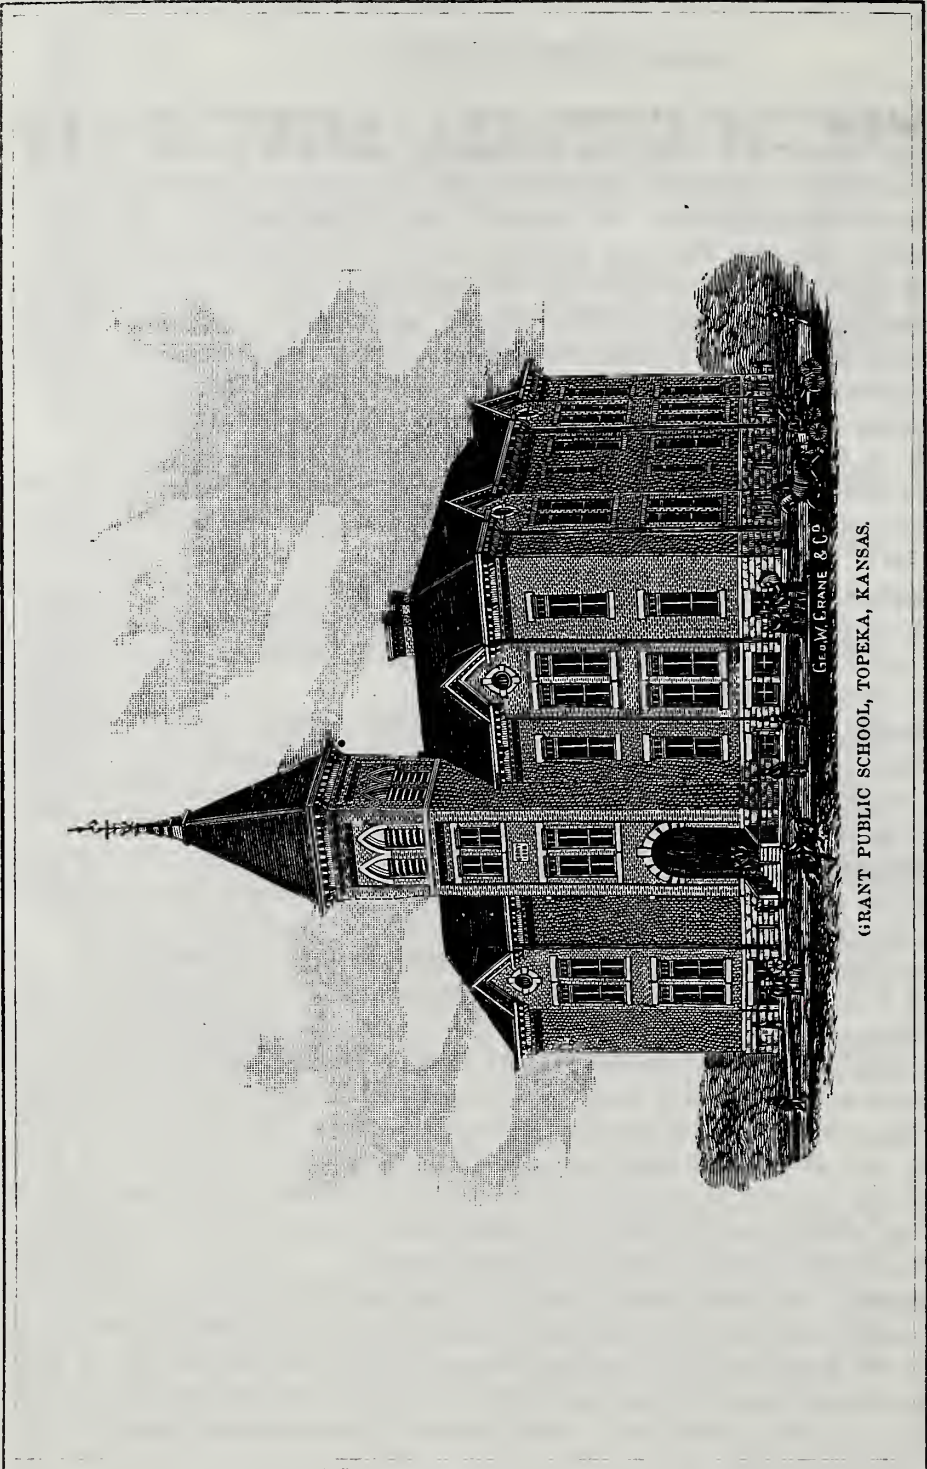

**Brown.** Organized in 1855. County seat, Hiawatha. After Albert G. Browne, of Mississippi, who had been Senator and Member of the House of Representatives from that State, was United States Senator at the date of the act organizing Kansas Territory, was reelected for six years in 1859, but withdrew with Jefferson Davis on the attempted

secession of the Southern States. The name is properly spelled with an *e* in the original statute, but on the county seal was left off—accidentally, probably. All later statutes present the name without the final *e*.

**Butler.** Organized in 1855. County seat, Eldorado. For Andrew P. Butler, who was twelve years a United States Senator from South Carolina, from 1857 to 1869. He was a bitter partisan, and a zealous advocate of the right of the South to introduce slavery into the Territory of Kansas.

**Chase.** Organized in 1859. County seat, Cottonwood Falls. Created out of portions of Wise and Butler counties, and named in honor of Salmon P. Chase, successively Governor of Ohio, United States Senator, Secretary of the Treasury, and Chief Justice of the Supreme Court. He was earnest in his opposition, when Senator, to the extension of slavery into Kansas.

**Chautauqua.** Organized in 1875. County seat, Sedan. Created out of a portion of what was first Godfrey county, named after "Bill Godfrey," a noted trader among the Osages; then Howard county, in honor of Major General O. O. Howard, for his efforts in behalf of the colored race. Chautauqua county, New York, was the former home of Hon. Edward Jacquins, who was a member of the Kansas Legislature in 1875 from Howard county, who introduced the bill which divided Howard into Chautauqua and Elk; hence from his native place this county derives its name. Godfrey county was changed to Seward in 1861.

**Cherokee.** Organized in 1866. County seat, Columbus. First named McGee in 1855, for E. McGee, who was a member of the Territorial Legislature, and held to the doctrine that the term "inhabitant," as employed in the organic act creating the Territory of Kansas, was meant to designate any person who might reside in, or have an existence in, or happened to be in on election day, or during the sitting of a Legislature. So he voted in Kansas, helped to make laws for Kansas, but never lived in Kansas, always persistently adhering to his citizenship of Missouri. In 1866 the name Cherokee was adopted, from the fact that the reservation of that tribe of Indians was partially included in the geographical area of the county.

**Cheyenne.** Boundaries defined in 1873. Organized April 1st, 1886. County seat, Bird City. Named after the celebrated Indian tribe of that name.

**Clay.** Organized in 1866. County seat, Clay Center. Named in honor of the distinguished Kentucky statesman, Henry Clay, who was chosen United States Senator in 1806, and served most of the time during a period of forty-six years. He had been minister to England and France, and candidate for President in opposition to Polk. He lived in Washington in 1852.

**Clark.** Organized in 1885. County seat, Ashland. Originally and correctly Clarke, with a final *e*, in memory of Charles F. Clarke, Captain and Adjutant General, United States Volunteers, who died at Memphis, December 10, 1862. The Legislature of 1873 dropped the final *e* under a misapprehension, as the legend goes, that the county was named for another, and to many of them, an obnoxious individual, whose name was spelled with an *e*.

**Cloud.** Organized in 1860. County seat, Concordia. The name of Cloud county, Kansas, was originally Shirley county, named after Governor William Shirley, Colonial Governor of Massachusetts from 1741 to 1756. The name of Shirley county was changed to Cloud in the year 1867, in honor of Col. William F. Cloud, of the Second Regiment Kansas Volunteers. This change was made at the suggestion of Hon. J. B. Rupe, then representing the county in the Legislature.

**Coffey.** Organized in 1859. County seat, Burlington. Named in honor of Colonel A. M. Coffey, a member of the first Territorial Legislative Council. Colonel Coffey died at Dodge City in 1879.

**Comanche.** Organized in 1885. County seat, Coldwater. Named from the Indian tribe of that name.

**Cowley.** Organized in 1870. County seat, Winfield. Named in honor of Matthew Cowley, First Lieutenant of Company I, Ninth Kansas Cavalry, who died in the service, October 7, 1864, at Little Rock, Arkansas.

**Crawford.** Organized in 1867. County seat, Girard. This county was by an act of the Legislature of 1867 created out of the northern half of Cherokee, which prior to that date reached to Bourbon. It was named in honor of Samuel J. Crawford, who was Colonel of the Second Regiment Colored Volunteers, (infantry,) also Colonel of the Nineteenth Kansas Infantry, specially raised for the Indian war of 1868-9. He was elected Governor of Kansas in 1864, and served four years. The Legislature thus named the county in obedience to a resolution of its inhabitants, passed in a convention held to petition for its organization. Ex-Governor Crawford is now State Agent at the seat of government; his residence is Topeka.

**Decatur.** Organized in 1879. County seat, Oberlin. Boundaries defined by legislative enactment in 1873. Named in honor of Commodore Stephen Y. Decatur, a distinguished American naval officer. He fell in a duel with Commodore Barron, U. S. N., in 1808.

**Dickinson.** Organized in 1857. County seat, Abilene. In honor of Daniel S. Dickinson, who, as a Senator from the State of New York, was the first to introduce, 1847, in the United States Senate, resolutions respecting territorial government embodying the doctrine of popular sovereignty, afterwards incorporated on the bill for the organization of Kansas Territory. He died in 1866.

**Doniphan.** Organized in 1885. County seat, Troy. In honor of Colonel A. W. Doniphan, of Missouri. He commanded a regiment of cavalry during the Mexican war, marching across the plains, and taking a very prominent part in the conquest of New Mexico. He was a zealous partisan in the effort made to extend slavery into Kansas.

**Douglas.** Organized in 1855. County seat, Lawrence. In honor of Stephen A. Douglass, United States Senator from Illinois, and a candidate for the presidency in 1860. It was in this county that the first Legislature located the capital of the Territory. As a Senator, Douglass, in 1854, took a leading part in securing the adoption of the "popular sovereignty" principle, in the act organizing Kansas Territory, which gave the particular form of the issue involved in the Kansas struggle.

**Edwards.** Organized in 1874. County seat, Kinsley. Named in honor of John H. Edwards, of Ellis, State Senator. Colonel Edwards now lives in New Mexico.

**Elk.** Organized in 1875. County seat, Howard City. Created out of the northern portion of what had been Howard county. Named for the Elk river, which traverses its area from northwest to southeast.

Hill, in 1864. This fort was so called by General Curtis in honor of the officer who constructed it, Allen Ellsworth, Second Lieutenant of Company H, Seventh Iowa Cavalry. When the name was adopted for the county, it was supposed that the fort had been named in memory of Colonel E. E. Ellsworth, of national fame.

**Ford.** Organized in 1873. County seat, Dodge City. Named in honor of Colonel James H. Ford, of the Second Colorado Cavalry, and Brevet Brigadier General U. S. Volunteers.

**Franklin.** Organized in 1855. County seat, Ottawa. Named in honor of the illustrious Benjamin Franklin.

**Finney.** Organized in 1854. County seat, Garden City. Originally Sequoyah, from the celebrated Cherokee Indian of that name, the inventor of the alphabet of his language, and a most remarkable man. Changed in 1883 to Finney, in honor of D. W. Finney, then Lieutenant Governor of the State.

**Garfield.** Organized in 1887. County seat, Ravanna. Boundaries were defined in 1873. Named in honor of President James A. Garfield.

**Gove.** Organized September 2, 1886. County seat, Gove City. In honor of Captain Grenville L. Gove, Captain Eleventh Kansas Cavalry, who died in 1864.

**Graham.** Organized in 1880. County seat, Millbrook. In honor of Captain John L. Graham, of the Eighth Regiment Kansas Infantry—killed in action at Chickamauga, Tenn., September 19, 1863, before he was mustered in.

**Gray.** Organized in 1887. County seat, Ingalls. Named in honor of Alfred Gray, late secretary of the State Board of Agriculture.

**Greenwood.** Organized in 1862. County seat, Eureka. This county received its name as a compliment to Alfred B. Greenwood, who, about the time of the organization of the Territory, was Commissioner of Indian Affairs. He negotiated treaties, on the part of the United States, with the Sac and Fox and other tribes in Southern Kansas.

**Hamilton.** Organized January 29, 1886. County seat, Syracuse. In honor of General Alexander Hamilton, the great American statesman; he was killed in a duel with Aaron Burr, July 11, 1804.

**Harper.** Organized in 1873. County seat, Anthony. The organization of this county was one of the most glaring frauds ever perpetrated in the State. Attorney General Williams, in his official report, says: "It is not pretended that Harper county ever had an inhabitant."

The form of its organization was legal, and that is all, and in 1878 was decided to be an actual organization. It was named in memory of Marion Harper, first sergeant of Company E, Second Regiment of Kansas Cavalry. He was mortally wounded at Waldron, Arkansas, December 29, 1863, and died the following day. His comrades say he took his death coolly. Being a sportive man, when brought in wounded, he proposed a wager that in so many hours he would be dead; the bet was taken, and Marion Harper won.

**Harvey.** Organized in 1872. County seat, Newton. Named for James M. Harvey, Captain of Company G, Tenth Regiment of Kansas Infantry. He was Governor of the State from 1869 to 1873, and elected United States Senator to fill an unexpired term in 1877. Ex-Governor Harvey now resides in Virginia.

**Haskell.** Organized in 1887. County seat, Santa Fé. Named in honor of Dudley C. Haskell, of Lawrence, who died while serving the State as Congressman.

**Hodgeman.** Organized in 1879. County seat, Jetmore. Named in honor of Amos Hodgman, Captain of Company H, Seventh Kansas Cavalry. He died October 16, 1863, near Oxford, Mississippi, of wounds received in action at Wyatt, Mississippi, October 10, 1863. The name should be spelled Hodgman, as above, without the *e*—it was so, correctly, in the original statute of 1868, which created the county, but by accident—probably—in the statute which redefined its boundaries in 1873 the *e* was added. Of course it is legally Hodgeman, and must remain orthographically incorrect until changed by legislative enactment.

**Jackson.** Organized in 1857. County seat, Holton. Originally Calhoun, in honor of John C. Calhoun, of South Carolina; changed in 1859 to Jackson, after Andrew Jackson, seventh President of the United States.

**Jefferson.** Organized in 1855. County seat, Oskaloosa. In honor of Thomas Jefferson, third President of the United States—reputed author of the "Declaration of Independence." It came very near being called *Sauterelle*, (French for grasshopper,) Colonel Tibbs, the local member, having strenuously contended for it; he was overruled in the committee. The legend goes that the colonel accepted his defeat with good grace, and supplied the customary beverage of those times, used when anything notable occurred in or about that remarkable body.

who died November 30, 1862, of wounds received at the battle of Cane Hill, Arkansas, November 28, 1862.

**Johnson.** Organized in 1855. County seat, Olathe. For Rev. Thos. Johnson, a Methodist minister, who in 1829 established a mission among the Shawnee Indians, about eight miles southwest of Kansas City. Mr. Johnson took the Pro-Slavery side of politics and was a member of the first Territorial Council. He was, when the war came on, a faithful Union man. He then lived in Missouri, and becoming obnoxious to the bushwhackers, his house was attacked by them, and he was shot and killed in January, 1865.

**Kearney.** Organized March 28, 1888. County seat, Lakin. Named after General Kearney, who commanded United States troops in the West during the Indian troubles.

**Kingman.** Organized in 1874. County seat, Kingman. Named in honor of Samuel A. Kingman, who was then Chief Justice of Kansas. Judge Kingman resides in Topeka.

**Kiowa.** Organized March 23, 1886. County seat, Greensburg. Named after the tribe of Indians bearing that name.

**Labette.** Organized in 1867. County seat, Oswego. Originally part of Dorn county, after Colonel Earl Van Dorn, of the regular army. He was also a rebel officer. Changed to Labette, from the river of that name, a tributary to the Neosho. Labette is French, and signifies "the beet."

**Lane.** Organized June 3, 1886. Boundaries defined in 1873. County seat, Dighton. In honor of Senator "Jim" Lane, of Kansas fame.

**Leavenworth.** Organized in 1855. County seat, Leavenworth. From Fort Leavenworth, the most important military post in the West. It was established in 1827, and was named after General Leavenworth, of the United States army.

**Lyon.** Organized in 1858. County seat, Emporia. Named by the first Legislature Breckenridge, in honor of John C. Breckenridge, Vice President of the United States in 1856-60. Changed in 1862 to Lyon, in honor of General Nathaniel Lyon, who was killed while in command of the Union army at the battle of Wilson's Creek, Missouri, August 10, 1861.

**Marion.** Organized in 1865. County seat, Marion. Named for Marion county, Ohio, which was so called in memory of General Francis Marion, of revolutionary fame.

**Marshall.** Organized in 1855. County seat, Marysville. After General Frank J. Marshall, who established a ferry on the Big Blue at the crossing of the old Independence-California road in 1849. He was a prominent member of the first Legislature, and had his own name applied to the county. Marysville is named for his wife.

**McPherson.** Organized in 1870. County seat, McPherson. In honor of Major General James B. McPherson, U. S. Volunteers, who was killed in battle at Atlanta, Georgia, July 22, 1864.

**Meade.** Organized in 1885. County seat, Meade Center. In honor of Major General George G. Meade, U. S. A., who died in 1872.

**Miami.** Organized in 1856. County seat, Paola. Originally Lykins, for Dr. David Lykins, a missionary among the Miamis. He was also a member of the first Territorial Council. Changed in 1861 to Miami, after that tribe of Indians.

**Mitchell.** Organized in 1870. County seat, Beloit. In honor of William D. Mitchell, who entered the Union army as a private in Company K, Second Kansas Cavalry; was promoted to captain in the Second Kentucky Cavalry, and killed March 10, 1865, at Monroe's Cross-Roads, North Carolina.

**Montgomery.** Organized in 1869. County seat, Independence. For Gen. Richard Montgomery, born in Ireland, December 2, 1736; was an officer of distinction in the British army; resigned and settled in New York State in 1773; was appointed one of the eight generals to command the revolutionary army of America, in 1775; was killed in the attack on Quebec, December 31, 1775, shouting "Death and Liberty!"

**Morton.** Organized November, 1886. County seat, Richfield. Was named in honor of Hon. Oliver P. Morton, of Indiana.

**Nemaha.** Organized in 1855. County seat, Seneca. Named from a river in Nebraska—the Nemaha, one of whose branches drains the northern half of the county.

**Neosho.** Organized in 1864. County seat, Erie. Originally part of Dorn (see Labette). Changed in 1861 to Neosho, after one of the principal streams in Southern Kansas. The name was given to the river by the Osages.

**Ness.** First organized in 1873. County seat, Ness City. Disorganized in 1874; reorganized in 1880. Named in honor of Noah V. Ness, corporal of Company G, Seventh Kansas Cavalry, who died August 22, 1864, at Abbeyville, Miss., of wounds received in action August 19, 1864.

**Norton.** Organized in 1872. County seat, Norton. In memory of Orloff Norton, Captain of Company L, Fifteenth Kansas Cavalry, killed by Guerrillas at Cane Hill, Arkansas, October 29, 1865. In 1873 the county was represented by one L. H. Billings, a man of overweening vanity, a crank on the subject of talking, who in consequence of his peculiarities became a sort of butt. A member of the Senate at the time—one of Kansas' brightest and wittiest of men—the same person in fact who named Shirley county, had the name of Norton changed to Billings, in two lines hidden in a paragraph of a bill materially affecting the interests of the county. The next Legislature restored the name of Norton.

**Osage.** Organized in 1859. County seat, Lyndon. A large portion of this county was originally named Weller, for John B. Weller, of Ohio, Member of Congress and Governor of that State; also Governor of California and Senator, Minister to Mexico, etc.—a staunch Democrat at all times. Changed to Osage in 1859; after the Osage river, the head waters of which stream drain almost the entire county.

**Phillips.** Organized in 1872. County seat, Phillipsburg. Named in memory of William Phillips, a Free-State martyr, murdered September 1, 1856, in Leavenworth, Kas.

**Pottawatomie.** Organized in 1856. County seat, Westmoreland. Named for the Pottawatomie Indians, whose reservation at the opening of Kansas Territory for settlement, and for years afterward, embraced a large portion of the geographical area of the county.

**Pratt.** First organized in 1873. County seat, Iuka. But not recognized in consequence of the most outrageous frauds. Organized constitutionally in 1879. Named in memory of Caleb Pratt, Second Lieutenant of Company D, First Kansas Infantry, killed in action August 10, 1861, at Wilson's Creek, Mo.

**Rawlins.** Organized in 1881. County seat, Atwood. Named in memory of General John A. Rawlins, who was a staff officer of General Grant, and went into his cabinet when elected President as Secretary of War, March 11, 1869; he died September 16, 1869, in office.

**Reno.** Organized in 1873. County seat, Hutchinson. In memory of Jesse L. Reno, Captain U. S. A., and Major General of Volunteers, who was killed in battle, September 14, 1862, at South Mountain, Maryland.

**Republic.** Organized in 1878. County seat, Belleville. Received its name from the Republican river, which extends through the county. The river was so called, because many years ago the valley of that stream was the seat of the "Pawnee Republic," a designation given to a principal division of the Pawnee Indians, or *Panis*, as they were originally known.

**Rice.** County seat, Lyons. Named in memory of Samuel A. Rice, Brigadier General United States Volunteers; killed April 30, 1864, at Jenkins' Ferry, Arkansas.

**Saline.** Organized in 1859. County seat, Salina. Named for the Saline river, whose waters drain a large area of the county.

**Scott.** Organized January 29, 1886. County seat, Scott City. Boundaries defined in 1873. In honor of Major General Winfield Scott, United States army, the hero of the Mexican war.

**Sedgwick.** Organized in 1870. County seat, Wichita. In memory of John Sedgwick, U. S. A., Major General of Volunteers, killed in battle, May 9, 1864, at Spottsylvania, Virginia.

**Seward.** Organized January 17, 1886. County seat, Springfield. Boundaries defined in 1873. In honor of Wm. H. Seward, Governor and United States Senator of New York, and Secretary of State under Abraham Lincoln.

**Shawnee.** Organized in 1855. County seat, Topeka. Was carved out of what was, before the treaty of 1854, Shawnee Indian lands—hence the name. General H. J. Strickler, of Tecumseh, who was a member of the Council, and also of the joint committee on counties, claimed Shawnee for the name of his county, a preference stoutly contended for by the Rev. Thomas Johnson for the county in which the Legislature was sitting, but the committee yielded to Strickler, and without solicitation complimented Mr. Johnson by conferring his own name upon his county.

<sup>1</sup>Including merchandise, specie and bullion.

<sup>2</sup>Including New South Wales, New Zealand, Queensland, South Australia, Tasmania, Victoria and Western Australia.

<sup>3</sup>Foreign debt only.

<sup>4</sup>Spain being wholly unable to meet the interest on its debt, it was "converted," in 1881-2, from an aggregate of \$2,560,000,000, into new securities to the amount of \$1,290,000,000, at 4 per cent.

<sup>5</sup>The debt of Sweden is wholly offset by the value of the state railways, built by the government.

<sup>6</sup>The Turkish government, by arrangement with a committee of bondholders, "scaled" its public debt in 1881 from \$1,264,009,425 to \$532,186,170, pledging its revenues for payment.

<sup>7</sup>Venezuela's foreign debt, which had grown to over \$54,000,000 in 1878, when interest payments were resumed, was "consolidated" into new 4 per cent. bonds in 1881.

### SHORT METHOD FOR CALCULATING INTEREST.

Multiply the principal by as many hundredths as there are days, and—

| For 4 per cent..... | Divide by 90                   |
| For 5 ".....        | 72                             |
| For 6 ".....        | 60                             |
| For 7 ".....        | 51 <sup>2</sup> / <sub>3</sub> |
| For 8 ".....        | 45                             |
| For 9 ".....        | 40                             |
| For 10 ".....       | 36                             |
| For 12 ".....       | 30                             |

*Example.*—Interest on \$50 for 30 days, at 4 per cent.:  $50 \times 30 = 1,500$ , which divided by 90 = 16 <sup>2</sup>/<sub>3</sub> cents, which is the required result.

BUSINESS LAW IN DAILY USE.

The following compilation of business law contains the essence of a large amount of legal verbiage:

If a note is lost or stolen, it does not release the maker; he must pay it, if the consideration for which it was given and the amount can be proven.

Notes bear interest only when so stated.

Principals are responsible for the acts of their agents.

Each individual in a partnership is responsible for the whole amount of the debts of the firm, except in cases of special partnership.

Ignorance of the law excuses no one.

The law compels no one to do impossibilities.

An agreement without consideration is void.

A note made on Sunday is void.

Contracts made on Sunday cannot be enforced.

A note made by a minor is void.

A contract made with a minor is void.

A contract made with a lunatic is void.

A note obtained by fraud, or from a person in a state of intoxication, cannot be collected.

It is a fraud to conceal a fraud.

Signatures made with a lead pencil are good in law.

A receipt for money is not always conclusive.

The acts of one partner bind all the rest.

"Value received" is usually written in a note, and should be, but is not necessary. If not written, it is presumed by law or may be supplied by proof.

The maker of an "accommodation" bill or note, (one for which he has received no consideration, having lent his name or credit for the accommodation of the holder,) is not bound to the person accommodated, but is bound to all other parties precisely as if there was good consideration.

No consideration is sufficient in law if it be illegal in its nature.

Checks or drafts must be presented for payment without unreasonable delay.

Checks or drafts should be presented during business hours; but in this country, except in the case of banks, the time extends through the day or evening.

If the drawee of a check or draft has changed his residence, the holder must use due or reasonable diligence to find him.

If one who holds a check, as payee or otherwise, transfers it to another, he has a right to insist that the check be presented that day, or, at farthest, on the day following.

A note endorsed in blank, (the name of the endorser only written,) is transferable by delivery, the same as if made payable to bearer.

EXPLANATION OF THE CALENDAR.

1. The days of the different months as given above, fall in any year, on the week-day found opposite the century (Old or New Style) in which the year occurs, and over the year thereof.  
 2. Find the year in "Years of the Century;" follow up the column to the day on the same horizontal line with the given century. Find this day under the given month. The figures above it in the same vertical line show the dates of that day during the given month, and the week days in the same horizontal line to the right or left have their respective dates above them, thus forming the entire calendar for that month and year.

EXAMPLE 1. To find the day of the week for July 4th, 1881: Opposite Century 19, New Style, and over year 81, is *Saturday*. Under July, Saturday falls in the vertical line under 2, and the second day to the right following, under 4, is *Monday*, July 4th.

EXAMPLE 2. To find the day of the week on which Columbus discovered America, October 12th, 1492, Old Style: Opposite Century 15, Old Style, and over 92 in black letters (it being leap year) is *Monday*. Therefore October 8th was Monday; and the line of week days in which Monday falls under October (which is the sixth) with the days of the month above, constitute the entire Calendar for October, 1492, Old Style, and the 12th, as seen, falls on Friday.

TRIMMINGS OF THE VERY BEST QUALITY ARE ALWAYS USED

We claim that our Flour contains a larger percentage of gluten than most winter-wheat Flour, as proven by chemical analysis. The larger the percentage of gluten, the more bread can be made from a given quantity of flour.

The following is one of numerous testimonials:

W. A. Thoms, of Alyth, Scotland, gives Topeka Flour quite a puff in an American milling paper. After saying they have better wheat and greater skill in making flour in Hungary than anywhere else, he adds—"The nearest flour to Hungarian I have seen from the United States, is this season's A. A. A. from Crosby Mill Company, Topeka, Kansas."

FACTS ABOUT  
+ + THE + +  
**Chicago, Kansas & Nebraska**  
**RAILWAY.**  
(ROCK ISLAND ROUTE.)

It is a favorite route with the traveling public, by reason of its liberal management and superior facilities.

It is a new line, extending to the best portions of Kansas and Nebraska, where the communities are enterprising, and offer every inducement to farmers, business men, artisans, clerks, professional men, school teachers, and all classes of industrious citizens.

The construction of 1,200 miles of new road last season by the Chicago, Kansas & Nebraska Railway Company inaugurated the great business revival and real estate activity in Kansas and Nebraska, and will cause a more remarkable growth and advancement this year throughout the entire West.

In connection with the Rock Island Route, the Chicago, Kansas & Nebraska Railway affords the best and most direct line from Chicago and the Mississippi River, or from the Eastern and Northern States, to St. Joseph, Kansas City, Topeka, Southern Nebraska, and all the principal points in Kansas, Colorado, Indian Territory and Texas, forming a great artery between the East and West.

The tourist or traveler will find the C. K. & N. to be one of the smoothest and best equipped roads in the United States, with so many conveniences and comforts that the question of fatigue need not enter into his calculations.

The C. K. & N. is operated in connection with the Chicago, Rock Island & Pacific Railway, the great Rock Island Route, making close connections at Chicago with the principal Eastern roads, and furnishing a direct line to Minneapolis, St. Paul and all points in Minnesota and Dakota, by the famous Albert Lea Route, and through its connections to St. Louis, and the East and South.

All the construction work of the Chicago, Kansas & Nebraska Railway has been of the best and most substantial character, a permanent contribution to the growth of the country. It has a solid road bed, steel rails, stone and iron bridges, and, as a finishing touch, has provided a magnificent new equipment of elegant day coaches, sleeping cars and reclining-chair cars, built to order, for the accommodation of its patrons. It has erected handsome and commodious depots along the route, and has recently built a large and elegant depot and general-office building in Topeka, giving every facility for business.

Tickets, Maps, Folders, or information about routes, rates, etc., can always be obtained of the principal ticket offices of the United States and Canada, or of local agents or general officers of the Company.

Rodgers & Stranahan.

# COTTAGE GROVE.

A NEW ADDITION TO THE CITY OF TOPEKA.

On Sixth avenue east of the city limits. The finest location for a home or an investment about the city. Four lots for \$500 in four payments—only \$125 cash. Every purchaser gets a corner. Each corner can be subdivided the other way and make more lots. Two corners purchased now, one can be made to pay for both before the last payment falls due. The Sixth avenue viaduct, the East Side Rapid Transit and City Railways will bring it within a few minutes ride of the business centers. The East Side motor line will run through this addition and be in operation this summer, and the prices of lots will then be double what they are now. Pure well water in abundance at from twenty to fifty feet. Lies high and nicely rolling, with good drainage. Overlooks the city, with a beautiful view that cannot be obstructed. All seeded to blue grass, and large shade trees are now planted on every street, corresponding in kind with the names of the streets as nearly as practicable. This will make the entire addition like a beautiful park, and a most desirable place to live. One-half of the corners are now for sale on the above terms.

# ROSE HILL.

A NEW ADDITION TO THE CITY OF TOPEKA.

On Adams street and Kansas avenue, just south of the city; only eighty rods southwest from Highland Park. A fine location for a home or for investment. Four lots for \$500 in four payments, only \$125 cash. Every purchaser gets a corner, each corner can be subdivided the other way and make more lots. Two corners purchased now, one can be made to pay for both before the last payment falls due. These are among the best and cheapest lots anywhere about the city. The Highland Park Rapid Transit Railway will this summer run within a few blocks of this addition, bringing it within a few minutes ride of the business centers, and the prices of lots will then be double what they are now. The Santa Fe and Missouri Pacific railway lines run at the west end of this addition, where a suburban station will be placed, furnishing excellent transportation for passengers and freight to and from the business part of the city. Lies high and nicely rolling, with good drainage. Overlooks the city, with a beautiful view that cannot be obstructed. Large shade trees are now planted on every street, which will make this entire addition like a park. Good schools and churches conveniently accessible.

## INSURANCE COMPANY, TOPEKA.

**TRUE,**  
IF NOT PALATABLE TO COMPETITORS.

It is the restraining influence of local companies that keeps the large companies from adopting a system of rates and rules that would place all insurers at the mercy of an arrogant and overbearing combination.—*Cincinnati Price Current.*

The interest of insurers is in the line of sustaining local companies everywhere.—*Cincinnati Price Current.*

Keep as much money in the State as possible; it helps to improve the country; it helps reduce your taxes; it helps build up your cities; it helps the increase of consumption at home in numerous ways. Think on these things!!!

Branch Office, 705 Kansas Ave., TOPEKA.

General Offices: New York.  
Factories: Schenectady, N. Y.,  
and New York City.

W. S. ELLIOTT, Agent.

This Company is engaged in the manufacture of machinery for the TRANSMISSION OF POWER BY ELECTRICITY, both for STREET RAILWAYS and STATIONARY PURPOSES.

The SPRAGUE RAILWAYS are in operation at ST. JOSEPH, MO., RICHMOND, VA., CARBONDALE, PA., WILKESBARRE, PA., and WILMINGTON, DEL., and roads will soon be running in WICHITA, KAS., DAVENPORT, IA., and LAFAYETTE, IND. All the roads completed are successful. The cost of operation depends upon the number of cars. The power is conveyed to the cars by either the overhead or storage method.

## THE STATIONARY MOTORS

are in use in nearly every city in the United States, furnishing power for one hundred and twenty-eight different varieties of industry. Within the last year more than THIRTY MOTORS have been sold in TOPEKA, aggregating over One Hundred and Seventy-five Horse-power capacity.

FACTS ABOUT  
+ + THE + +  
**Chicago, Kansas & Nebraska**  
**RAILWAY.**  
(ROCK ISLAND ROUTE.)

It is a favorite route with the traveling public, by reason of its liberal management and superior facilities.

It is a new line, extending to the best portions of Kansas and Nebraska, where the communities are enterprising, and offer every inducement to farmers, business men, artisans, clerks, professional men, school teachers, and all classes of industrious citizens.

The construction of 1,200 miles of new road last season by the Chicago, Kansas & Nebraska Railway Company inaugurated the great business revival and real estate activity in Kansas and Nebraska, and will cause a more remarkable growth and advancement this year throughout the entire West.

In connection with the Rock Island Route, the Chicago, Kansas & Nebraska Railway affords the best and most direct line from Chicago and the Mississippi River, or from the Eastern and Northern States, to St. Joseph, Kansas City, Topeka, Southern Nebraska, and all the principal points in Kansas, Colorado, Indian Territory and Texas, forming a great artery between the East and West.

The tourist or traveler will find the C. K. & N. to be one of the smoothest and best equipped roads in the United States, with so many conveniences and comforts that the question of fatigue need not enter into his calculations.

The C. K. & N. is operated in connection with the Chicago, Rock Island & Pacific Railway, the great Rock Island Route, making close connections at Chicago with the principal Eastern roads, and furnishing a direct line to Minneapolis, St. Paul and all points in Minnesota and Dakota, by the famous Albert Lea Route, and through its connections to St. Louis, and the East and South.

All the construction work of the Chicago, Kansas & Nebraska Railway has been of the best and most substantial character, a permanent contribution to the growth of the country. It has a solid road bed, steel rails, stone and iron bridges, and, as a finishing touch, has provided a magnificent new equipment of elegant day coaches, sleeping cars and reclining-chair cars, built to order, for the accommodation of its patrons. It has erected handsome and commodious depots along the route, and has recently built a large and elegant depot and general-office building in Topeka, giving every facility for business.

Tickets, Maps, Folders, or information about routes, rates, etc., can always be obtained of the principal ticket offices of the United States and Canada, or of local agents or general officers of the Company.

## NOTICE.

---

Directories of the principal cities in the United States are kept on file in the office of the publisher of the TOPEKA CITY DIRECTORY, for the accommodation of all desirous of consulting them.

The public are cautioned against unscrupulous persons representing themselves as being employed to solicit advertising patronage and subscriptions for the TOPEKA CITY DIRECTORY. Unless they can produce written authority to do so, honor them as impostors and frauds.

Beware of Directory borrowers, and spot them as being too pernicious to live among the business men who support and pay for this handsome reference book.

**Safety Deposit  
VAULTS,**

**No. 109 West Sixth, Topeka, Kansas.**

This Company desires to call the attention of the citizens of Topeka and vicinity to the new department that they have added to their business, viz.:

**The Safe Deposit Department.**

Safes of various sizes have been provided, and are now offered for rent by the month or year. Two large vaults—one fire proof, and one FIRE AND BURGLAR PROOF. The latter is devoted to our Safe Deposit Department. In this are placed commodious BURGLAR-PROOF safes, and within these safes are provided individual boxes, so that we offer the very best security. These boxes are provided with keys, or combination locks, according to size. The keys cannot be used until, with a "master key," the cover of the key-hole is removed. The possession of a key is not a sufficient credential to admit the possessor to the vault; he must be known to us to be the rightful person, so that a person losing a key will be protected. These boxes, as well as the burglar-proof safes and vault doors and linings, were made expressly for us by the Hall Safe and Lock Company, of Cincinnati, and are supposed to be the best in Kansas.

The Safe Deposit Department will be open from 9 o'clock a. m. until 5 o'clock p. m.
