BOONE COUNTY DIRECTORY

Complete detailed information is also given regarding the city government, churches, schools, lodges, clubs and associations.

Centralia, Mo., is a prosperous city located on the main line of the Wabash from St. Louis to Kansas City and is the northern terminal of the Columbia Branch of the Wabash. It is also located on the main line of the Chicago & Alton Railway between Chicago and Kansas City which gives Centralia excellent shipping facilities.

It is surrounded by a rich agricultural country and is the logical marketing point for a large territory in farm products and live stock.

Centralia has a good school system, a number of churches, efficient city administration, two live weekly newspapers and practically all lines of business with well stocked stores are represented.

THE UNIVERSITY OF CHICAGO

CHICAGO, ILLINOIS
JANUARY 1964
OFFICE OF THE DEAN
OF THE FACULTY

Dear Mr. [Name]:

I am pleased to inform you that your application for admission to the University of Chicago has been accepted. You will be joining a distinguished group of students who are pursuing their studies at this institution.

The University of Chicago is a leading center of research and learning, offering a wide range of programs and opportunities for intellectual growth. We are confident that your presence will contribute to the vibrant academic community here.

Please contact the Office of the Dean at the University of Chicago for further information regarding admission procedures, financial aid, and housing arrangements. We look forward to welcoming you to campus.

Sincerely,
[Signature]

Formal Report

The following table shows the results of the experiment. The data was collected over a period of 10 days. The results are presented in a clear and concise manner, allowing for easy comparison of the different groups. The data shows that the control group performed significantly better than the experimental group. This suggests that the treatment had a negative effect on the outcome. The results are consistent with the hypothesis that the treatment would have a negative effect. The data also shows that the control group maintained a higher level of performance throughout the experiment. This indicates that the treatment did not improve the performance of the experimental group. The results are therefore consistent with the hypothesis that the treatment would have a negative effect. The data also shows that the control group maintained a higher level of performance throughout the experiment. This indicates that the treatment did not improve the performance of the experimental group. The results are therefore consistent with the hypothesis that the treatment would have a negative effect.

818 Broadway

THE UNIVERSITY OF CHICAGO
LIBRARY

1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

2. In the second part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

3. In the third part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

4. In the fourth part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

5. In the fifth part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

6. In the sixth part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

7. In the seventh part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

8. In the eighth part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

9. In the ninth part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

10. In the tenth part of the paper, the author discusses the structure of the atom in detail. He shows that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are derived from the principles of relativity and the theory of the structure of the atom.

Boone County Business Directory 1921

Following is a list of the business and professional firms and individuals of Boone County, Mo., grouped and classified alphabetically under the line of business, kind of goods they handle, service they are prepared to render or profession engaged in.

The firms and individuals listed in black face capital letters are the leading and most enterprising in their respective line and the publisher wishes to thank them for having patronized the directory and made its publication possible. We also recommend that the public give them preference when in need of goods or services in their line.

DIVISION OF THE PHYSICAL SCIENCES
DEPARTMENT OF CHEMISTRY
5408 S. DICKINSON DRIVE
CHICAGO, ILL. 60637

1. The first part of the paper is devoted to a discussion of the general principles of the method of moments. It is shown that the method of moments is a powerful tool for the study of the properties of many-body systems. In particular, it is shown that the method of moments can be used to calculate the static and dynamic properties of a system. The static properties are calculated by taking the limit of the dynamic properties as the frequency goes to zero. The dynamic properties are calculated by taking the limit of the static properties as the frequency goes to infinity. The method of moments is a powerful tool for the study of the properties of many-body systems. In particular, it is shown that the method of moments can be used to calculate the static and dynamic properties of a system. The static properties are calculated by taking the limit of the dynamic properties as the frequency goes to zero. The dynamic properties are calculated by taking the limit of the static properties as the frequency goes to infinity.

2. The second part of the paper is devoted to a discussion of the application of the method of moments to the study of the properties of a system. It is shown that the method of moments can be used to calculate the static and dynamic properties of a system. The static properties are calculated by taking the limit of the dynamic properties as the frequency goes to zero. The dynamic properties are calculated by taking the limit of the static properties as the frequency goes to infinity. The method of moments is a powerful tool for the study of the properties of many-body systems. In particular, it is shown that the method of moments can be used to calculate the static and dynamic properties of a system. The static properties are calculated by taking the limit of the dynamic properties as the frequency goes to zero. The dynamic properties are calculated by taking the limit of the static properties as the frequency goes to infinity.

A BROKEN PART WELL WELDED

Is as good as it was ever. It welds the broken edges together making the parts all one piece as it was when new. It is the modern way of repairing broken frames, axles or other parts and we have the very latest and best equipment for doing first-class work.

Cast iron can be welded same as all other metals

Directory

University of Missouri

1920-21

TEACHERS AND ADMINISTRATIVE OFFICERS

The following gives the names, residence address, office and telephone number, and office hours of the faculty of the University of Missouri.

- *Abernathy, L. G., 104 Physics; 11-12 MW;
174 Instructor, 1111 Locust St., 1083.
- *Albrecht, W. A., 101 Agriculture; 10 daily;
512 Green
Associate Professor, 1605 Bass Ave.,
1159 Green
- Allen, Elbert F., 201 Engineering; 10 M. W.
F. Instructor, 1009 Cherry St., 224
- Allton, J. M., 100 Industrial Arts; 10 daily
258 Instructor, 1313 Wilson Ave., 1029
Red
- *Almstedt, Hermann, 309 Academic; 12-12:
30 MWF; Professor, 211 S. Garth Ave.,
318 Green
- Anderson, Jesse M., 212 Academic; 10 MWF;
Instructor, 13 Allen Place, 1125 Green
- *Ankeney, J. S., 409 Academic; 10 M; 11 T;
832 Professor; 906 Conley Ave., 633
Green
- *Ankeney, John V., 122 Agriculture; irreg-
ular; 1298 Black
Associate Professor
- Arnold, Dorothy, 204 Physics
Instructor
- Aydelott, John H., University High School;
8-12 daily; 219
Teaching Supervisor, University Farm,
585
- *Backus, L. S., 102 Veterinary; 10-12 daily;
333
Associate Professor, 900 W. Broadway,
549
- Bain, Katherine, 213 Biology;
- *Baker, R. H., 11 Physics; 1:30-2:20 HTh;
1044 Green
Professor, 1517 Ross St., 981 Red
- *Baker, W. H., 208 Agriculture; irregular;
305
Extension Assistant Professor, 509 S.
Fourth St., 402 Green
- Barnes, Grace, 203 Library; 8-12 daily; 1353
Red
Reference Librarian, 405 Matthews St.,
422
- *Barnett, Orville M., 102 Law; by appoint-
982
University Attorney; 603A Providence
Rr., 770
- Beaumont, Amanda L., University High
School; 10-11 daily; 219
Instructor, Dumas Apartments, 982
White
- *Belden, H. M., 209 Academic; 10 F; 3 T
Professor, 811 Virginia Ave., 404 Red
- Bernard, Paul M., 1 Live Stock Pavilion;
10-12 daily; 719 Black
Instructor, 106 Lathrop Rd., 318 Black
- *Bill, H. S., 409 Academic; 8-12 daily; 862
Instructor, 701 Maryland Place, 661
- Blakey, Susan, 5 Schweitzer; 2 MW;
Assistant Professor, 602 Ninth St., 633
Black
- Bohannon, Ida, 205 Academic; 10-11 WF;

BOONE COUNTY DIRECTORY

- Bostian, Margaret**, University High School; 1-2 TTh; 186 Green
Instructor, 1312 Rosemary Lane, 1160 White
- *Bradford, Frederick C.**, 5 Horticulture; 9-10 daily; 518 Black
Assistant Professor, 1605 Wilson Ave., 981 Black
- Brashear, Minnie M.**, 212 Academic; 8 daily
Instructor, 605 S. Fourth St., 402 Black
- Branstetter, B. B.**, 103 Agriculture; 1-4 1-4 MFW; 512 Green
Instructor, 805 Virginia Ave., 466
- *Bratton, Samuel T.**, 204 Geology; 10 MWF; 216 Green
Associate Professor, 1310 Ross St., 542 White
- Breckenridge, G. F.**, 206 Chemistry; 10 daily; 216 Black
Instructor, 207 S. Ninth St., 113
- Brenton, T. R.**, 212 Academic; by appointment,
Assistant, 215 S. Glenwood Ave., 1173 Black
- *Brody, Samuel**, 5 Dairy; 10-12 daily; 181
Assistant Professor, 102 S. Sixth St.
- Brown, Cecil L.**, 209 Schweitzer; 1-2 T; 854 Black
Assistant, Sampson Apartments, 1257 White
- *Brown, Edw. E.**, 117 Academic; 9-12; 2-4 daily; 1049
Business Manager, 209 Edgewood Ave., Black
- *Brown, H. G.**, 203 Commerce; 9 MWF; 1228 Black
Professor, 217 S. Garth Ave., 1198 Red
- *Burner, W. J.**, 205 Academic; 8 TTh
Instructor, 215 S. Fifth St. 1303 White
- *Calvert, Sidney**, 212 Chemistry; 2-4 daily; 216 Black
Professor, 817 College Ave., 1179 Black
- *Cardinell, H. A.**, 12 Horticulture; irregular; 518 Black
Extension Assistant Professor, 9 Allen Place, 1125 Black

DR. R. A. WALTERS

OPTOMETRIST AND OPTICIAN
 EYE TESTING, LENS GRINDING

The grinding of a lens is a matter of the greatest importance—the work must be absolutely accurate to insure best results.

The binding guarantee which accompanies our glasses assures you that any lens you may buy of us is perfectly ground—down to one thousandth part of an inch.

Couple this careful grinding with the searching examination given you and you must be convinced that it is to your best interest to let us take care of your eyeglass needs.
