# 5 FACTS

1. It makes a teacher's life 100 per cent, easier, as the pupil gets at the rudiments of music, which is the first and music, which is the first and music part, and our chart is so atmpts that a child never forgets this most important lesson, and is able to learn in a few days what it now takes months to learn.

Yat? 50. 2

Farents will praise a teacher when they see their children advancing rapidly in music and not hanging on for mon-hawthout any percentible sign of being ablt to play. With Neims ohart the child can't beip but advance and a parent will be pleased, which is a boon to both teacher and pupit.

FACT NO &

It gives the pupil some pleasure in learning, as they advance so rapidly that every one praises the child instead of saying, "They never will learn." Encourage your child in learning music, the grandest of all

arts.

FACE NO. 4.

Neims' chart is the nearess and simpless method ever invented for learning the radiments of music, said any man, woman or child who can read one saily learn to read music without the sid of a teacher, but of course not as rapidly as when a teacher who under-tands music is direction of the sail of

FACT NO. 5.

It is sold for \$2.00, which is about one-tenth the cost of instruction books, and it would take you months to cover the ground with instruction books what this learns

Simmons Liver Regulator has never
