BY MARIE ALICE PHILLIPS.

GAINESVILLE, Ga., May 28 .- The inttial concert of the Music-Festival went off last night with great spirit and generous appreciation from the large audience assembled to do honor to this ambitious enterprise, but more than all to enjoy the privilege of hearing for the first time in Gainesville some rare artists.

The sale of seats to the three festival performances has been decidedly encouraging, giving strong evidence of the fact that Gainesville and Georgia wanted the festival and will lend their hearty support to insure its ultimate success.

The auditorium was almost filled, boxes. parquet and gettery being filled with a well-dressed, easerly expectant audience. Here and there dotted about the house could be seen distinguished parties from Atlanta, Greenville, S. C., and many other throughout Georgia and South Carolina
