

TECHNOLOGICAL SCHOOL OPENS ITS COMMENCEMENT

**Exercises Began Thursday
Morning When Buildings
Were Opened to the
Public.**

**SPENCER AND PARTY
VISIT THE INSTITUTION**

**President Spencer Will Address Stu-
dents in the Afternoon—Many
Prominent People to
Attend.**

The annual commencement of the Technological school was opened Thursday morning, the buildings and grounds, which were given a gala appearance in honor of the occasion, being thrown open to the general public.

The occasion was typical of the new commercial spirit of the south, for young men in overalls, the students of the institution, worked in the blacksmith and wood work shops and stood by the machinery while hundreds of pretty girls, and men and women of all conditions, filed through the buildings.

Perhaps no two men were more interested in the occasion than President Samuel Spencer, of the Southern railway, and Major J. E. Hanson, of the Central. They wore the college colors, and escorted by President Lyman Hall and Hon. Nat Harris, chairman of the board of trustees, examined every bit of machinery, and expressed a great interest in the work of the students.

There were also in the party which accompanied President Spencer, Senator A. O. Bacon, of Macon; Hon. Hamilton McWhorter, of Athens; Congressman W. G. Brantley and others.

Major Jonas A. Emery, of the United States army, the guest of Captain Hall and a lifelong friend, also displayed deep interest in the buildings and shops. His son is a member of the class that graduates Thursday afternoon.

Trustees Award Degrees.

At 9 o'clock in the morning, the trustees, Hon. Nathaniel Harris, of Macon, chairman, held an informal meeting with the faculty, at which the plans of the institution were discussed. The trustees then went into executive session, and awarded the following degrees, for which diplomas will be given at the afternoon exercises:

Mechanical Engineering—C. C. McCamy, B. M. Blackburn, W. W. Brandon, F. H. Neeley, Lute Hunnicutt, J. L. Thrash, A. H. Wright and C. G. Huff.

Textile Engineering—W. M. Davis, Z. T. Dobbs, C. H. Edmondson, S. D. Furlow, C. A. Jones, R. K. Jordan, C. W. Matthews, S. B. Matthews, H. M. Strauss, J. E. Moore, M. T. Sanders, T. E. Stribling and G. A. Harbort.

Electrical Engineering—W. H. Acker, N. H. Strickland, U. E. Albury, A. R. Monsalvatge, W. C. Campbell, F. B. Davenport, J. W. Estes, A. B. Emery, B. Moore, D. R. Fringle, I. H. Reid, H. J. Scales and J. H. Vaughan.

Engineering Chemistry—J. A. Hall, G. R. Glenn, C. M. Hilliard, R. C. Holtzclaw, F. R. Maddox, S. Suker, S. H. Wilson.

Civil Engineering—H. F. Whitner.

Luncheon Given Party.

At the close of this meeting, President Spencer, who will address the students at the regular exercises Thursday afternoon, and his party arrived and escorted by President Hall and Hon. Nathaniel Harris, were shown through all the buildings, displaying a great interest in the work which was done by the students.

At 1 o'clock, President Hall gave President Spencer and his party, the board of trustees of the Technological school, and the board of visitors from the State University, headed by Chancellor Hill, a luncheon in the dormitory. This concluded the morning exercises at the institution.

President Spencer to Speak.

At the afternoon exercises, which began at 3 o'clock at the Grand, President Spencer will be the orator. He said in the morning that his speech would be along the lines of industrial development in the south, particularly industrial training for the young men of the south. This

REGULATIONS FOR AUTOS DISCUSSED

**IMPORTANT ORDINANCE, GOV-
ERNING OPERATION OF AU-
TOMOBILES, IS PROPOSED.
LENGTHY SESSION.**

At the meeting of the ordinance committee of council, Councilman John A. Hynds, chairman, Wednesday afternoon at 3 o'clock in the committee room at city hall, regulations governing the speed and operation of automobiles within the city limits were discussed.

The committee adjourned after a lengthy session without taking any action, but the views of the owners of automobiles had been obtained and ordinance will probably be drawn before the regular meeting of council. From the discussion before the committee Wednesday, it seems probable that an ordinance, embracing the following provisions, will be reported by the committee:

1. A requirement that all automobilists obtain a license from the city clerk for \$1 for the privilege of operating a machine within the city limits.

2. A general clause against reckless driving of automobiles, a fine to be imposed by the recorder according to his discretion.

3. A provision fixing the maximum speed within the fire limits at 8 miles an hour, and 15 miles an hour outside of the fire limits.

4. A requirement that all automobilists must have a certificate, certifying to their capability to run a machine, before a license will be issued.

5. A requirement that automobilists shall display the number of their machine, as registered with the city clerk, conspicuously on the machine.

These, in brief, are the provisions which members of the committee think should go into the ordinance governing automobilists. Many of the automobilists at the meeting Wednesday agreed to these provisions and are anxious to see an ordinance adopted which shall regulate the running of the machines within the city limits. Automobilists are especially anxious to have a law requiring persons operating a machine within the city to get a certificate as to their ability to operate an automobile.

The ordinance will be drawn and passed upon by the committee and will then be reported to council for action by that body.

After the session Wednesday afternoon members of the committee were taken for a spin by some of the automobilists present and shown exactly what automobilizing is when properly done.

The ordinance committee took no action on any other matters before it.

TECH ALUMNI WILL GIVE A BANQUET

Affair Will Take Place at the Piedmont Thursday Evening—Trustees Will Attend.

The alumni of the Technological school will give a banquet Thursday night at 9 o'clock at the Piedmont hotel, which promises to be the largest ever given by the graduates of the institution.

Hon. Hal G. Norvell, of Monroe, Ga., will be toastmaster, and the following will make speeches: Hon. B. M. Blackburn, Hon. J. R. Gray, editor of The Journal; President Lyman Hall, William B. Waltheal and G. A. Harbour, the youngest alumni of the class of 1904.

In addition to the alumni, the trustees of the Technological school and those of

tees, Hon. Nathaniel Harris, of Macon, chairman, held an informal meeting with the faculty, at which the plans of the institution were discussed. The trustees then went into executive session, and awarded the following degrees, for which diplomas will be given at the afternoon exercises:

Mechanical Engineering—C. C. McCamy, B. M. Blackburn, W. W. Brandon, F. H. Neely, Luta Hunnicutt, J. L. Thrash, A. H. Wright and C. C. Huff.

Textile Engineering—W. M. Davis, Z. T. Dobbs, C. H. Edmondson, S. D. Furlow, C. A. Jones, R. K. Jordan, C. W. Matthews, S. B. Matthews, H. M. Strauss, J. E. Moore, M. T. Sanders, T. E. Stribling and G. A. Harbort.

Electrical Engineering—W. H. Acker, N. H. Strickland, U. E. Albury, A. R. Mopsalvatge, W. C. Campbell, F. B. Dayenport, J. W. Estes, A. B. Emery, B. Moore, D. R. Fringle, I. H. Reid, H. J. Scales and J. H. Vaughan.

Engineering Chemistry—J. A. Hall, G. R. Glenn, C. M. Hilliard, R. C. Holtzclaw, F. R. Maddox, S. Sutker, S. H. Wilson.

Civil Engineering—H. F. Whitner.

Luncheon Given Party.

At the close of this meeting, President Spencer, who will address the students at the regular exercises Thursday afternoon, and his party arrived and escorted by President Hall and Hon. Nathaniel Harris, were shown through all the buildings, displaying a great interest in the work which was done by the students.

At 1 o'clock, President Hall gave President Spencer and his party, the board of trustees of the Technological school, and the board of visitors from the State University, headed by Chancellor Hill, a luncheon in the dormitory. This concluded the morning exercises at the institution.

President Spencer to Speak.

At the afternoon exercises, which began at 3 o'clock at the Grand, President Spencer will be the orator. He said in the morning that his speech would be along the lines of industrial development in the south, particularly industrial training for the young men of the south. This is President Spencer's hobby, he having always displayed a great interest in the industrial development of his native section.

The other feature of the program will be the baccalaureate address by President Lyman Hall, after which degrees will be conferred on the forty-two graduates mentioned above. This evening the alumni banquet will take place at the Piedmont hotel, detailed mention of which is made under another head.

Many notable people will assemble at the Grand Thursday afternoon, among them being Major J. F. Hanson, Hon. Nathaniel Harris and Senator A. O. Bacon, of Macon; Col. A. R. Lawton, of Savannah; Chancellor Walter B. Hill and the board of visitors of the State university. General Thomas M. Barry and staff, of the Department of the Gulf, General Manager Ackerman, of the Southern railway, and several other officials of the road, Governor Terrell and Mayor Howell, and other prominent business and professional men of the city and state.

Following is the detailed program for the afternoon exercises:

Music.

Prayer.

Music.

Announcement of Theses.

Music.

Annual Address, Mr. Samuel Spencer.

Music.

Baccalaureate Address, President Lyman Hall.

Music.

Degrees conferred.

Music.

Announcements.

Benediction.

The exercises will be free, and the public is cordially invited to attend.

BOY LOSES HIS LIFE

IN BURNING IF HOME

Fourteen-Year-Old Allen Kendricks of Augusta, Burned to Crisp. Children Escape.

(Special Dispatch to The Journal.)

AUGUSTA, Fla., June 16.—Allen Kendricks, a 14-year-old white boy, was burned to death last night in his father's home. When the house was discovered to be on fire, and the alarm given, George Kendricks and wife were about a square from the house, visiting sick relatives. When they reached the scene and asked for the children, the two younger were found in the crowd. Search failed to disclose the older boy.

Finally the father became apprehensive that Allen had not escaped and asked the firemen to examine the house. The charred remains were found in the bedroom near a window. He was evidently suffocated while endeavoring to make his escape.

The verdict of the corner's jury was that he came to his death by suffocation and shock.

must have a certificate, certifying to their capability to run a machine, before a license will be issued.

5. A requirement that automobilists shall display the number of their machine, as registered with the city clerk, conspicuously on the machine.

These, in brief, are the provisions which members of the committee think should go into the ordinance governing automobilism. Many of the automobilists at the meeting Wednesday agreed to these provisions and are anxious to see an ordinance adopted which shall regulate the running of the machines within the city limits. Automobilists are especially anxious to have a law requiring persons operating a machine within the city to get a certificate as to their ability to operate an automobile.

The ordinance will be drawn and passed upon by the committee and will then be reported to council for action by that body.

After the session Wednesday afternoon members of the committee were taken for a spin by some of the automobilists present and shown exactly what automobilism is when properly done.

The ordinance committee took no action on any other matters before it.

TECH ALUMNI WILL GIVE A BANQUET

Affair Will Take Place at the Piedmont Thursday Evening—Trustees Will Attend.

The alumni of the Technological school will give a banquet Thursday night at 9 o'clock at the Piedmont hotel, which promises to be the largest ever given by the graduates of the institution.

Hon. Hal G. Norvell, of Monroe, Ga., will be toastmaster, and the following will make speeches: Hon. B. M. Blackburn, Hon. J. R. Gray, editor of The Journal; President Lyman Hall, William B. Waltheil and G. A. Harbort, the youngest alumni of the class of 1904.

In addition to the alumni, the trustees of the Technological school and those of the State university, headed by Chancellor Walter B. Hill, will be the guests of the occasion. They will adjourn to the banquet after having been dined by Governor Terrell at the governor's mansion on Peachtree street this evening.

Most of these will also be called on for remarks, and the occasion promises to be one when many brilliant speeches will be made.

The interest shown in the annual banquet, not only on the part of the alumni themselves, but also by other prominent men in other lines of work, shows the very high esteem in which this institution is held.

Headache Earache Toothache

How many long, weary days and sleepless nights have been filled with agony because of one of the above mentioned complaints? It is absolutely unnecessary that people should suffer from them.

**Hamlin's
WIZARD
OIL**

will drive out the pain instantly. Why not keep it on hand for just such emergencies? There is sure to come time of need and Hamlin's Wizard Oil will not fail you.

Great Bend, Kan.

I have been subject to Sick Headache for over five years. I used one bottle of Hamlin's Wizard Oil as directed and have not had a Headache since.

Mrs. A. C. SCHARFER.
