(Special Dispatch to The Journal.)

VIENNA, Ga., May 21.—The graduating class of the Vienna high school is composed of nine students, seven girls and

two boys. The class is perhaps one of the brightest which has ever left the institution.

The picture of the class and the head of the school, Professor R. O. Powell,

as shown above, was taken expressly for The Journal. The record made their several members during the course at school is a matter of congratulation to their parents and friends.
