RECEIVE DIPLOMAS UNDER DAVES PLAN

PARIS, May 24.—The reparations commission officially announced today that Germany is faithfully fulfilling her reparations negotiations under the Dawes plan. This decision will be communicated to the council of ambassadors Saturday.

The meeting of the council of ambassadors Saturday is expected to consider the note of the allies to Germany regarding the latter's disarmament under the Versailles peace treaty.

It is understood this note will inform Germany that inasmuch as all conditions of that treaty have not been faithfully executed, the allied occupation of the Cologne zone must continue. Opinion here is that the note will be sent to Germany some time next week.

BRITAIN OUTLINES VIEWS

TO FRANCE ON PEACE PACT

LONDON, May 23.—A communication outlining the British government's views regarding Germany for a western European security pact was sent to the French government today. This followed consideration of the Baldwin cabinet of the note from Foreign Minister Briand, of France, elucidating, as the British government had requested, the French reply to Germany regarding the proposed pact.

It is understood the British communication clearly specifies that Britain continues to maintain a position of not entering any widespread or indefinite scheme of security, but favors definite undertakings.

Only a pact to which Britain and France mutually agree and which is limited to the security of western Europe will be acceptable, both to London and to the British dominions, the communication says, according to the understanding here.

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quart of the most wonderful skin softener and beautifier.

Apply this sweetly fragrant cream into the face, neck and hands. It can not irritate. Large beauties use it to clear, youthful skin and complexion; also as a skin and tan bleach. It can not be bought anywhere else because it acts best after it is prepared. (Advertisement.)
