The balance of my property not herein enumerated I wish to be sold at public sale and the proceeds

made equal one with the other according to the valuation and when they are all made equal and there is all overplus I wish it equally divided amongst my children, to my first children and then heirs and not to be disposed of without the consent of my daughter by their husbands, and for it to belong to them & their heirs, and should my wife Sarah Council think fit to have a division of any of the property sooner, she can call the heirs together and dispose of it as she and they agree amongst themselves, and should there not be property enough to make the girls equal to my sons according to this valuation made in this instrument of writing my intention is that the boys are not to pay any thing back to the Estate in witness whereof I have hereunto set my hand & seal this day and date before written.
