The following named Deeds are Underlet & the valuation is put down as it was the last year, that is viz that was letted & valued before & some are not known whom the owner is as they have not been given in the last year & these Lots in Cambridge & think it is right to be valued at \$1000 as that is near the valuation of some lots that is vacant and all marked thus x has been summoned by Lewis P. Ware Constable which you will see have a copy of the writ and means name that is against the lotter as well as the Underlet has a single copy of the writ and name. Each lot that was letted last year is put in this &c as before.
