

INDEX

INDEX

All names of persons appearing in the text of the probate record abstracts have been alphabetized and included in this section. The original spelling has been retained throughout, except in cases when variations of names that are phonetically the same are grouped. In these cases the names in parentheses indicate the various spellings included in the same name group.

The Arabic numbers following each name in the index indicate the pages on which these names appear. Names of places, such as villages, towns and land tracts, have been excluded from this index.

The absence of a first or given name is indicated by three dots, as An asterisk * before a name indicates that the reference refers to a will or an administration account rather than the use of the name as a witness, heir, executor or trustee.
