35. George M. D. Moore	6	M				Ten	January		unknown	3 days

Remarks: With the exception of three or four high fevers, this County has been remarkably healthy for the last year. We had a bad case of typhoid fever, ten miles north of Springfield, in one day. A scarlet fever in the most malignant form prevailed in the fall, in our family. There was a case of this in a short time. Almost every one that was attacked died, in from two to four days. The disease was treated in various ways, both with Mercurials, and

commemorated by me, Agnes P. Parker Agnes P. Parker
