Remedy. Smallpox an unusual disease in my district prevailed during the months
 March, April and May in a fearful form the supposed cause of its introduction
 the neighborhood where it raged is attributed to the discharging of a gun
 matter being raked on the barrel and back by a physician Christianly
 discharged who fired off the gun was attacked of said disease on the 1st of May and died on the 23rd

William Davis	45	F		F		Tennessee	March		Smallpox	12
Elizabeth Turner	35	F		F	M	Tennessee	March		Smallpox	4

Remarks. The Devil's Garden on the Caneyfork river surrounded by a range of hills containing about nine acres. Some time in the Summer of 1889 about ten men dug from the hill making a chain of about fifteen feet and about 14 feet deep. It is said from the indications that there is a bed of coal beneath the gravel and is accessible only by the river. From 2 or 3 families are the Lords of this district.
