Last will and Testament of John McAdoo and

I John McAdoo on this the fourth day of October in the year of our Lord one thousand eight hundred and fifty four, do make the following as my last will and Testament I hereby appoint my dearly beloved wife Mary Ann McAdoo and my son Wm. J. McAdoo to execute this will, and I desire that they shall sell enough of my personal property to pay my debts and to provide herewith appropriate burial, provided it is necessary so to do I desire also that they shall as soon as practicable collect all moneys due me and make use of such moneys together with such as I may have on hand at the time of my death for the purposes above specified so that no property be sold except it be necessary for the objects above mentioned.

I desire my dear wife Mary Ann McAdoo to have the possession and enjoyment of all my estate both Real and personal during her life time, I consider that all of it will not more than suffice to feed her a good and comfortable living and I desire that she shall not be harassed with the difficulties which a division of the property on any my heirs would bring upon her if that division were to take place in the manner as if I were to die intestate I desire that she shall have authority to sell any of the property and buy other property with the proceeds as may be necessary or convenient to her comfort and subsistence or if necessary she may live upon the proceeds of such property as she may sell, If my daughter Mary Jane Marries during the life time of my wife she latter may make to her advancement if she see proper of such property as she may think suitable for said Mary Jane, but not to exceed the said Mary Jane portion of my estate considering the same to be divided equally among my children and my wife Mary if she see proper at any time during her life time at her death

Last will and Testament of John Meadows

The personal property among my Children as they may consider proper in view of their necessities giving some of them their portions before others if he thinks such a course necessary to their welfare provided that in any division and distribution of property among them their respective portions shall be equal in value as as nearly equal as it is practicable to make them and the negroes shall be so divided as to be kept in my family if possible after the death of my dear wife and the payment of her debts and appropriate burial expenses &c I wish all my property real and personal to be divided equally among my Children in the same manner as if no will had been made in such distribution however I wish account taken of the value of such advancements as may have been made by my wife during her life time if she makes any such so that each of my Children shall ultimately have an equal portion of the whole of my estate I desire that my daughter Anne the wife of George W. Baker should have the direct personal control of her portion of my estate whenever she may come into possession of it independent of the control of her husband and to use and enjoy as her own separate property I desire that she may appoint a trustee to manage the property for her if necessary to have one who shall give security to the County Court for the full performance &c And I desire that she may remove one trustee and appoint another at her pleasure I desire this arrangement in reference to my daughter Anne's portion for the purpose of providing more certainly for her own comfort and for the education of her Children I desire that no security be required of my executors for their faithful performance as such signed sealed in the presence of John C.
