our of my Father and all our men and all my household furniture to us here immediately after my death and further I allow my twenty five pounds interest money to be paid for out of my Estate as soon as it can be collected out of this all of my property then my Estate to be equally divided between her and my three children and in touching my lands I allow as soon as an office is opened for lands south of Bricks Road and Kotten that money be collected out of my Estate and my lands divided for the same benefit of my wife and children to be equally divided among them and if any of them should choose to keep the land then they are so choosing shall pay to the others their equal divided portions equal in value to their share of the land, thus I allow my brother David Bower one hundred Pounds it being due to him out of lands that I have for two hundred due for our land in Pennsylvania to be paid when the money can be collected for said debt but it is not my intention that he shall have it as my part thereof out of my Estate and if it should so happen that the said money could not be had then in that case he must lose his part and I do also revoke all other wills and testaments and declare this my last will and testament in witness whereof I have hereunto set my hand and seal this fourth day of December in the year of our Lord one thousand seven hundred and ninety eight.
