The Committee heretofore appointed by the Court to make an equitable settlement with David B Jenkins former Revenue Collector, presented to the Court their original and supplemental Report which are in words & figures following to wit.

To the Worshipful County Court of Carter County —

Monday January 7th A.D. 1880

by the records that these balances are formed on errors discovered in former assessment and collections and on items of taxes, not on regular list but overlooked by the Assessors & picked up by the Collector. If the fact is kept in mind that this entire charge against the Collector of $1326.21 is on account of the errors referred to and picked up taxes for the years named, it will in the judgement of your Committee aid much in arriving at correct conclusions as it is apparent that the confusion in said account was produced by the discovery of said errors and the introduction of these outside & picked up charge. As will be seen by reference to said "Page 208" the original amount charged to the collector on these accounts was $351.10 This amount was increased by charges afterward added to said sum of $1326.21 and this was set down as the aggregate indebtedness of the Collector at that time and on all accounts By the credits then and subsequently entered on said Page this aggregate charged was reduced from $1326.21 to the net balance of $354.51 Detecting no real errors in this statement and finding no additional charges against the Collector we adopt said balance as the basis of the indebtedness of the Collector and charge him with said sum of $354.51

2d To effect this indebtedness the Collector claimes various credits all of which we have examined with much care, and as to which we have arrived at the following conclusions. 1st The Schedule marked No 3 and filed herewith is a statement of taxes erroneously assessed on the grounds stated in said Schedule. The amount claimed as error is $10.58, We are of opinion from careful comparison of the list that with a small correction in the tax assessed against Thomas Taylor & excepting the tax charged on account of Wm O'Brien this Schedule is correct and making the deductions indicated that Capt Jenkins is entitled to a credit on this account of $8.33

2d. It appears from the Quorum Record Page 239 that that Court at its July Term 1874 released Ninety Seven persons from the payment of Poll Taxes assessed $1.25 each. It further appears on Page 244 of Settlement Book that in the settlement there recorded the Collector is allowed a credit on account of this release and on his School Tax of 25 cents on each of these Polls making $24.25

Kinlay and Co. vs U.S. 1880

It is almost as evident that this blank was intended to be filled by some entry by the Clerk to be made after the adjournment. This Affidavit of James R. Burrow Esq. filed with this report, in our opinion States the question as to what that entry was to be, and why it was not in fact made. From all the facts and circumstances we believe, therefore that the releasements were made and that the blank Space was left in the Record, for the entry of the Schedule showing the same. If we are correct in this and the releasements were actually made because the taxes were not in fact collectable, Capt Jenkins ought not to be held to their payment or deprived of his credit therefor through the fault or omission of the Clerk in not making the entry. A careful calculation shows the fact that these releasements aggregate the of $196.75 and for this amount for the reasons stated we allow Capt Jenkins a credit in this settlement.

4th Our attention has been called to an error in calculation on Page 176 of the Settlement Book that is so apparent as to require but brief reference. In his settlement for 1872 as recorded on that Page Capt Jenkins is credited with Trustees Receipt Jany 1 1873 $ 134.80 but in addition it is omitted evidently unintentionally and is not included in the aggregate of his credits made up on that Page not having heretofore had the benefit of this credit he is certainly entitled to the same and we allow it.

5th These errors and omissions which we have passed to the credit of Capt Jenkins amount in the aggregate to the sum of $ 526.83 and for this sum he ought to have had credit in his settlements for 1872 and 1873 As shown by his settlement for the latter year, Settlement Book Page 212. the whole amount collected & accounted for by him less releasements, was $ 3154.11. So far as is shown by said Record, he was allowed commissions on only the sum of $ 2392.83 But of said sum of 526.83 the sum of 392.83 is made up of releasements & upon these no commissions ought to be allowed. This deducted from said aggregate leaves the sum of 1761.32 upon which no commissions for collections has been allowed. The commissions on said sum amount to 84.10 and as we see no reason why this credit should be denied we allow it in the settlement.

6th It further appears from said Page 212 that in the settlement of his Tax for the year 1873 the Collector is charged with 10 per cent penalty on the sum of 1727.17 said penalty amounting to the sum of 172.71 without

Supplemental Report of John D. Smith Special Commissioner to settle estate David Jenkins Deceased Collector

To the Hon. Circuit County Court of Yadkin County

The undersigned Special Commissioner would respectfully report to your Honor this day that at the November Term A.D. 1879 of the said Court he was appointed as Special Commissioner to assist your Chairman in making an equitable settlement with the late Collector David B. Jenkins Estate as shown by said Report amount to $97.00 and that the Clerk's Costs amount to $96.75 and that the Sheriff's Commissions on $7961.75 amount to $184.80 and that the Coroner's fees amount to $4.00 and that the Treasurer's Commissions on $7961.75 amount to $82.68 making a total of $4.04 $633.56 which amount is justly due by said Jenkins to the County of Yadkin and should be allowed to him and the Treasurer should be directed to receive the same in full of all demands against said Jenkins as shown by said Settlement Book and Collector's Receipt Book. To the Worshipful County Court of Carter County

Gentlemen

I have the Honor of submitting to your body the following as my Semiannual report of the Finances of the County, And while I am unable to show as good a State of Affairs as I could wish, I am happy to be able to show to the Court that we are making substantial improvement And that our accounts show the overplus on the right side And by due diligence and Strict economy we will be able in a few years to have the County out of debt And the Countys paper as good as Gold

In my Report of July last it was shown that the Interest bearing indebtedness of the County amounted to $5753.10 And interest on same to that date 416.49 But in that Statement I left out two Judgements favoring J.W. Hyder $621.42 And one favoring Haw Bros Banking Since for $341.20 And Interest since last Report $175.78

But since said report was made there has been paid on said Judgements the sum of 1921.49

Leaving debt and interest to date $6369.44 And the amount of Warrants outstanding was estimated $3779.03

But from that sum we must deduct the Hyder and Haw Bros Judgements $965.70 And the warrants paid in by Trustee and Cancelled $963.04 But there has been issued since our last report County Warrants to the amount of $2015.46 And I estimate that the amount of Warrants outstanding last and in the last 4 years amounted to at least $600.00 Leaving outstanding Warrants to this date $3064.45 making total Indebtedness to date $8633.79

(continued)

Monday January 10th 1881

Poor the criminals and incidental and the assessing of taxes is very small. The school money belonging to the various Districts of Carter Co. as far as I can see is an annual fund, the various School Districts so far as anything I can get shows are out of debt. White Rev for year 1878 $276.44 " " " " " " " 1879 $321.58 " " " " " " " 1880 $426.84 less a Credit on the year of 1880 of $8421.24 on commission for collection which makes about the sum of $55.82.07 The Trustee informs me that he is ready to pay of the remainder of the fund for 1878, when ever the proper authority is presented to him, and that he will pay the money as fast as he can. I am not able to state anything in regard to the condition of the School but the amount of the money Appropriated for the school ought to give very good Public Schools there is annually appropriated for Schools purposes as much as there is for County purposes leaving out the poor and for the year 1880 there ought to come in to the treasury for School purposes the sum of $3980.00 which will be equal to all other County purposes.

Which will make $5235.27

Monday January Term 1883

For the incoming year the E. T. & Western N.C. R.R. will be taxed. And I presume from the cost of the road, that the Tax to the County will make quite an additional Revenue.

And other sources of increasing revenue ought to come from Mountain lands, and other lands now so greatly enhanced in value. I know of at least 20 tracts now Valued at a mere pittance and the owners ask thousands for it. it ought to bear its proportion of taxation.

The Chairman had a motion made against Mr White for taxes in his hands and the Atty Special instructions to take Judgement against him and his Surety at the last Term of the Circuit Court which was not done as the Atty. informed him on account of the Meriedeth murder trial coming on the Judge continuing the cause on his own motion.

Trustee McCorkle has settled in full with the County for the taxes of 1882 and has nearly paid all the School fund for that year. Mr N.B. Hyder has also paid in Cash on Hyders School Tax

The Bridge appropriation of $3000.00 for the Bridge has all been issued. of this Sum has been paid in on Taxes $1000.00 And the remainder $2000. has been put in Judgements against the County.

The School Fund due the Schools from various County Trustees is as follows

Taxes of	1879	in Trustee Whites Hands	$	118	22
" "	1880	" " " "	"	616	11
" "	1881	" " McCorkle "	"	177	22
" "	1882	" " " "	"	29	00.00
On Land Sales due from N.G. Hyder his contract				5	00

Total Amd

I have not the Schools nor do I know to what districts the above School funds belongs as I have not considered that a part of my duty

Trustee McCorkle informs me that he is very anxious to settle with proper parties for School funds in his hands for the year of 1881.

To the Worshipful Co Court of Carter County
Gentleman,

In obedience to law I have with
submit my Semiannual Report of the
financial affairs of the County since
January when I was inducted into office
there has been no Judgements taken
against the county but the sum of $248 90
has been paid on them, which leaves
the Judgement indebtedness about as it
was at my election.

The taxes for 1882 are about paid
the Trustee has paid in County Claims
since January & the sum of $1937 48
which after giving him his Commissions
and Credits on Land Sales will make
him about even with the County. The
Appropriations for the first half of this
present year have been alarmingly
extravagant.

And at the January Term
were $1270.80 and at the April Term they
were $1452.40 making for the first half of
this year $2723 20 which is greater than
for the same period of any previous
year for ordinary expenses but $300
of this was not ordinary it was to pay

Taxt on Judgement against Keyder $396.00

The Trustee has settled his School Tax account for 1882 and has already paid in on School Taxes for the year the sum of — — $2768.00

and we have collected some old Claims against the School Fund, and cancelled these old claims.

The School Fund for this year will amount to about $5000.00 net, and is quite a considerable fund.

The most perplexing of all the duties that devolve upon the Chairman is the Road Matters I have been able to make but few final Settlements with any of the Commissioners though I have notified them several times to come Forward and Settle.

I am proud to be able to state that we have had no Judgements taken against the County, this last year, and notwithstanding the heavy Appropriations from the Poor, Bridge purposes and for Criminal prosecutions the County Claims have remained about par.

Respectfully submitted this January 7th 1884.

J. P. Vanhuss Chairman

The Term of J. P. Vanhuss Chairman having expired at this term the Court proceeded to the Election of a Chairman for the year 1884 when J. P. Vanhuss announced himself a candidate for re-election and the Court proceeded to ballot resulting in the Election of J. P. Vanhuss he having received (21) votes and W. E. Pearce (1), and one member voting blank. J. P. Vanhuss was therefore declared duly and constitutionally elected Chairman of said Court for the present year.

The Court proceeded to the election of Vice Chairman for the present year when J. P. Durgan, and W. R. Gourley were nominated as candidates for said Office

Tuesday July 4th Term 1884.

Total appropriations for the quarter $3079.38½
Since my last report the bridge across Dan River has been covered, weatherboarded, whitewashed and painted and must needs be paid for, which with other ~~obligations~~ legitimate expenses, not withstanding our proposition to economize, will make our appropriation this year, large almost beyond precedent.

We have sold, to Jno. Coe, one acre tract of land obtained of N. C. Ryder 177 acres to Wm. Tipper and 44 acres to Daniel Collins at the price of one dollar per acre, fifty three dollars of this amount was paid in hand the balance secured by notes to be approved securities bearing interest from date, This will make us 179 acres of this last tract of land which we sold at the same price & one acre also to Jno. Coe along Hill.

The judgement against J. White and securities in a valuable tract of vegetation, having been levied on lands of Securities, and sold at the court house door on the 4th Monday and after sale has already been paid of $2259.00 which I think is more than enough to satisfy our judgements. Amounting to $1341.77 has been taken against us since my last report which increasing the amount of judgements

And the warrants issued on the 1st quarter
& Court [illegible] 3079.38
returned [illegible] 2364.14
which leaves [illegible] according
to the last [illegible] 714.62

While we would not insist on a rigorously policy in our expenditures, we most earnestly urge the court in exercising the discretions vested before made & the [illegible] pertaining our extraordinary many expenditures

July 7, 1884. W. Williams
Chairman &c Court

Ordered by the Court that Justices W. Adams be appointed overseer of the road from David Norbert's to Jack Orr's Mill with all the hands in the Rolinds not worked on other roads.

as financial agent of the County. While the revenues for the County the past year have not been as largely in excess of current expenses as I had hoped at the beginning they have nevertheless been sufficiently to meet all expenses and pay a considerable portion of our old debts. We have two items of cost to the County, that are growing into enormous proportions. The criminal cost and appropriations for Paupers. These are growing rapidly. I know we must as humane men care for the unfortunate and destitute but at the same time we must be very careful how we spend the peoples money. Crime is costly however and where ever it exist its cause and effects are injurious and hurtful. I am in favor of a strict enforcement of the law in all cases as the best and cheapest way of dealing with it. And this Court can do much in reducing this cost matter in various ways, one of which is to select good men as Jurors who will endeavor to bring the guilty to Justice and not harass the innocent.

The taxes for the years 1883. have all been paid in, and the total aggregate for the year including a portion of 1884. taxes is $7695.06 of this amt $4691.09 was paid in County warrants and on Judgements the sum of $2003.97. This was derived as follows on land and personally for 1883. assessment

$4753.45

On Rail Road and Special assessment 1691.30

The Judgements against the County at this date with interest amount to $2914.69

and outstanding warrants about 800.00

Total Indebtedness $3714.69

The total assets of the Co from all are uncollected Revenues in Trustees hands $2914.74

Amt on White Districts lands 2225.00

Notes on Simerly and Jenkins for land 280.85

Land Sales about 575.00

Ryder Land worth about 450.00

Special R.R. and Merchant Tax not yet collected 1600.00

$8045.59

This makes a very nice showing on paper

Monday January Term 1885.

This has all been collected and paid out and the Sheriff has his receipt for the same. This fund though not larger ought to be sufficient it seems to me to run a school for at least 3 months in the year, one of the most perplexing duties that devolve upon the Chairman now is the Road Commissioners, their settlements and the duties devolving on him in regard to these matters. The total Road Tax for 1883 was $1457.68 and has been collected and partial settlements made with the Commissioners, but they have not all sent in their reports yet.

Permit me before closing this report to thank each member of the Court for the respect and uniform courtesy shown to me while presiding over the deliberations of the Court also to each officer with whom I have been called upon to transact business.

All of which is respectfully submitted

January 5, 1885. J. P. Vanhuss

Unexpended balance New Orleans Appr. $70.20
Amt paid in Magistrates on Quack Nuisance cases 145.00

The gross amount of the School Fund for the year of 1884 $5418.63 and was derived from the following sources.

Assessments on property	$181.14
" " Polls	285.50
State Warrants Jan and July	189.43
E.T. & W.N.C. & R.R. Co	181.12

Of this amt the Count reland on property and Poll Tax $106.26

The reassessments made by the Count. Bd Tax for the year $162.13

making $555.53

Leaving Net Revenue $6529.68

Of this amount $1337.58 was paid on Judgements against the Co and the remainder of $4192.10 was paid in the Tax warrants which was refunded

Our Subscription for the year just closed for all purchases was $5654.78

before them and them suffering them to go at
large the County cost. one third is in the discre-
-tion of appointment of Jurors to Settle
care of Poor is taken in their appointment
& third is in the Circuit Court for many
like prosecution and relieved cases for many
witnesses before summoned before the Grand
Jury who are committed & by the summons
or repass as they do fit. At Poor we are
a little low in our duties the laws ought
to be incresed and Fines punished but it
is becoming a matter of Ill cost, and no
punishment, evil does are not punished nor
the restraint.

The Poor are almost as great a
burden as the Crimes, and these two go
hand in hand and they together make
the big budget in co expends. All most
two thirds of the co revenue go to these
two items.

The School Fund for this year consists
in the assessment on property and Poll
Amounting $3840.45
And from C.R.Co Clks Magistrals 45.50
State aid about 155.00
Thus making our aggregate School
fund about $4220.45

And will not vary for from what
it was last year and while it is not
large yet it affords School facilities which
could not be dispensed with.

The public Roads are still an inquiry
subject but I can say satisfactorily to be able
to state that nearly all the Commissioners
last year were more prompt in and
seemed to understand their duties better
than they ever have before

The Trustee has accounted for
all the road tax except a little still due
some of the districts.

Now in conclusion Gentlemen let me
call your attention to the assessment
of property, and urge the assessors to
a strict performance of their duties
in order that all property may bear
alike an even share of taxation.

Monday January 5mo 1886.

January 2 visited and examined nearly all the School houses in the County and recommend such building and repairs as I deemed essential to the success of the Schools and the comfort of the Children which advice has in many instances been taken. Consequently many new School houses are now in process of erection in different parts of the County. While old ones are being made more comfortable and attractive. On this account the directors are obliged to pay small Salaries, which has caused many of our best teachers to seek more remunerative fields or go out of the profession entirely

Superintendents Report for 1886.

I have the honor herewith to transmit my report for the year ending June 30th 1886. The report is nearly correct but owing to the negligence of the District Clerks my report is perhaps a little incorrect but the most is correct as under the circumstances

The Schools were almost uniformly good.

The Teachers of Carter county Tennessee considered will I think compare favorably with any in the State. There are sometimes greatly detrimental to the cause of education in this County as was stated in my last report. The scarcity of good Schools and the Miserable low many small salaries which have caused many of our best teachers to seek more remunerative fields. We lack a uniform system of text-books which is perhaps the greatest hindrance of the Schools. We are obtaining a Series of books at reduced rates and I think it will soon be obtained.

During the last two years there has been a general improvement all along the line. Old Schools houses have been built in many places, old ones have been repaired and made more comfortable and attractive, our normal work has been a source of great benefit to the Schools of the County. Superintendent Secured the services of three of the finest normal instructors in the County and a County Normal was held in Elizabethton four weeks. The Teachers attained from said normal has resulted in great good to the Schools.

I have to report that the Schools of the present year, have not been as uniformly good as was last year on account of so much

will have $500 larger fund next year than we have had this year if the tax aggregate is equal. And your Supt. would recommend that the County Court for the ensuing year lay the poll at or equal in the to that of the State which will be 75¢ per Capita, And then we will have a school fund sufficient to run a school in our Various Dist. 7 or 8 mos per annum which will enable every child in the County to obtain a practical education - And it does seem that two Dollars per annum would be a small tax for the poorest citizen in our County to pay for the privilege of educating his Children

For the futher protection of the school fund.

Your supt. would recommend it as highly necessary that the Chairman of the County Court issue an order to the Trustee to the effect that he receive no warrant from any source without it first being signed by two of the Directors of the Dist. for the benefit of which it is issued. And that any warrants found in the hands of the trustee after the 1st day April 1889 shall not be accredited to his accounts as a valid voucher if dated after this date, All of which is respectfully submitted, This Jan'y 7th 1889.
