 various persons of which the greater portion is marked as settled and paid
 others appears paid in part others appear not settled of the same condition
 of the accounts which appear not to be settled the Agent knows nothing of
 his own knowledge he is however informed by the family of Saml Bunch
 that most of the unsettled accounts are paid and that most of the persons
 who stand charged on said Book have accounts against said Bunch
 which fully liquidate their accounts on said Book and that in all probability
 some of the persons charged in said Book are really indebted to said Bunch
 said Book with all it contains is made part of this Inventory by the Agent
 as a means of making settlement with any and all persons that are indebted
 or charged in said Book or so far as such persons can be found and
