my Interest in the Farm called by Col. Cook the Henderson place and
my Interest in the Medical Store also three small tracts in the Poplar
Mill District on Turkey Creek and the balance of my lands on the Big river
and in the neighborhood of Poplar Hill and all other lands Whichever they
may be of which I am owner at my decease Except the Cookwood place
and the Bowman place and the lands otherwise directed to be disposed of
be sold by my executors at public sale to the highest bidder after giving
ample notice of the time and place of sale in each paper parcel and as early
as my Executors may deem most to the Interest of my Estate or as early
a person after my decease as they may see fit with the consent of
said estate and on a credit of one year and three years with Interest from
time of sale taking Bond and Security and retaining a lien as before directed
as to the Interest in the land on which Col. Cook lives I leave an
understanding with said Col. Cook that he is to pay me for the Interest I
own in proportion as he has paid for the other Interest Whichever are
owed about the title shall be removed this agreement I direct to be
carried into effect by my executors. But if any part of the first mentioned
lands be adversely held or in litigation at my decease the sales may
be postponed till possession be acquired the litigation ended I direct that
where the legal title shall be sold to real personal and mixed Next on

bidder after giving ample notice in the newspapers and by advertisement
at least thirty days before said sale which sale shall be at such time
as my executors may deem most to the Interest of my estate and if
it can be done without prejudice to the same within three months from
my decease said sale shall be on a credit of one and two years and my
Executors shall take Bond and good security for the purchase Money
It is also my Will that said Slaves be sold in parcels so far as it can be done
without too great a sacrifice as I would rather my Estate should sustain
some loss than have my Children separated as to Jenny
and Daniel before mentioned they have been tried and faithful Servants
have helped me greatly in my illness What I have said as an
act of Justice and gratitude I wish to provide for their comfortable
support through life without requiring them to labor for me or my estate
but as it would be injurious to let them free and liberate them on the 1st
January of the next year I provide for them as follows I want the legal title
of said Slaves in my executors and assign it upon them I desire that said
Slaves are comfortably supported the Balance of their lives and for this
purpose I set apart my small tract of land called the Cookwood place upon
which there are two Springs convenient to each of which I direct my
Executors to provide a comfortable Cabin for Daniel and one for
Jenny said executors shall also divide said tract giving each thereof
of a part for cultivation. But said Daniel and Jenny shall not leave
the tract without of said place than to undo mischief as they may cause
the Cultivators themselves and I do not want them to have the power of
renting or leasing I believe they will manage themselves so as not

I have given for the 1st of March

to annoy any one though I specially direct my executors to take
care that they keep closely housed and that the Community is not disturbed
in the assembling of negroes on other causes arising from their living
in the same place I direct that I give my executors entire control
of said Slaves I also direct my Executors to furnish each year their
Henderson families of Bacon and twenty Bushels of Corn each for their
support also to furnish them a Credit with ten Dollars the sum of
which they shall have jointly and if they or either of them from any cause
become unable to take care of themselves I direct my Executors to
provide for their comfort so that in no event they be permitted to suffer
I further direct that in case any of my other Slaves become dead or sick
from any cause before they are disposed of as herein directed it shall
be the special duty of my Executors to provide for their comfort
so that they shall not be left to suffer -

I further Will and desire that my Sister Isabella M. Colman be
decently and comfortably provided for during life to this end I hereby
vest in my Executors and trustees the tract of land called the Bowman
place on the Kentucky Road leading from Pleasanton to Yazooe to be
held by them for the sole support and support of the said Isabella
during her natural life in trust to permit her to live and occupy the
same free of rent with the purchase of firewood and timber without
impachment of Negroes I direct that said Executors pay to her
the sum of twenty Dollars yearly in each installment as they may find
necessary to supply her wants to be paid to her for her exclusive use and
benefit. And in case said Isabella should become a help or the before
mentioned should be found insufficient for her comfortable support
I direct that my said Executors shall allow her such additional sum for
her support to be paid in like manner as shall be sufficient to keep her
from want and suffering upon the death of said Isabella I direct my
Executors to sell the said Bowman place on the same terms my lands in
middle Tennessee are to be sold. And in like manner I direct them
to sell said Cookwood place on the death of said Daniel and Jenny

I further Will and desire that all my personal property except what
is mentioned in the bequest to Mr. Hays be sold on a credit of twelve
months - I also desire my executors to collect all the debts due me
as early as they can conveniently or to have the same well secured and
I wish my estate settled without disturbing my debtors further than
may be necessary - I further direct my executors to pay all my just
debts without difficulty or litigation so far as they may be satisfied
of their Justness as soon after my decease as practicable -

My nephew Thomas C. Whitcomb has for a number of years been
my agent in attending to my property in Middle Tennessee he has
been a good friend of mine and a person about my business and
has received the rents and profits of said property and thus held in
a settlement to make it his understanding over the time for which
he has been doing my business. This settlement I desire my
Executors to make with him without a secret if they can without
too great injustice to my Estate and in said settlement I wish

my said nephew I desire not only honestly and fully but amply and liberally paid for his trouble and expense.

I further constitute and appoint said John McMillan and T. M. Tuley Guardians of my said children and young children until they shall become of age or the age of twenty-one years and entrust my custody and property of said children to their care during said time. This I consider the most important part of the business I entrust to them and upon it I desire them to bestow particular attention that they may be properly raised and trained and their minds and morals watched and cultivated so as to make them useful and respectable members of society. I specially desire my Executors to see that they all have substantial educations and I desire them to observe the inclinations and dispositions of said children and if any of them manifest an aptitude for learning and develop a mind suitable for any of the learned professions I desire my Executors to see that they be well educated and have opportunities for making themselves masters of such professions as they may pursue. I have a little son who bears a name endeared to me by many considerations which make me particularly anxious that he should well engage in the legal profession if he should show a suitable mind and disposition.

I wish my daughter Eliza to be sent for the term of two years and such further time as may be required to give her a good substantial and useful education to the best of her or College institutions at Legumville where she is to remain during that time under the care of the principal of said institute, there being no more suitable place for her to remain after my decease. I desire my son William should be liberally and thoroughly educated and shall be supported in a suitable but by no means an extravagant style during such time as may be required to prosecute the study of such one of the liberal professions as he may choose to enter upon. And shall have the best facilities for the study of such profession offered him. I would advise him to choose the Law but he is not to be controlled in this by my wish if his inclinations leads to a different choice. I also direct my Executors to keep a full and accurate account of the expenses made for each child in their education and maintenance till they arrive at the age of twenty-one years.

I further desire that my Executors so far as they can see that said children acquire habits of business industry and economy and that they are not indulged in idleness or extravagance.

So it will be impracticable for my Executors to close up my affairs in less than two years after my death it is my Will and desire that the interest payable to my several legates as herein after provided shall not commence until the expiration of that time. In the mean time such of my children as require to be supported or educated shall be maintained and educated at the expense of my estate and the said children shall be charged therewith and the expenses shall be deducted from the amount coming to them whenever there shall be a surplus coming to them over their necessary expenses. My Executors are further desired to wind up my business as soon as practicable and if they can at the end of two years to place and

the monies of the estate at interest excepting and reserving in their hands so much as may be required to pay debts then remaining unpaid or so much as may be necessary to meet any contingent liabilities and such amount loaned shall together with such fees as shall thereafter be added thereto by sale of land or from any other source constitute the fund of the estate to be held and increased by said Executors for the trusts and purposes herein after set forth and declared and the profits thereof with the rents and profits of the lands herein described and retained in the hands of said Executors and of such other lands as may at any time remain unsold are to go to the trusts and purposes herein after directed.

I further will and direct that in the administration and settlement of my estate my Executors are to regard my son David Whiteside as having received by way of advancement the sum of fifteen hundred dollars. My daughter Hannah as having received five hundred and my sons Thomas the elder as having received five hundred which sums are to be deducted from the amount severally to be held for their respective use and benefit with their respective my children David Whiteside Thomas the elder William Eliza Jane Thomas the younger Hannah Richard Isabella Lucy Lenkin and James and my Grandson Thomas A. Longson all to have an equal interest in my estate my other grand son Francis Sincemore son of my daughter Mary is to have fifteen hundred dollars but the shares and interests of the said legates are not to be put into their possession or paid over to them in any of them but to remain affected in the hands of my Executors until the execution of the several trusts herein after declared. The interest and net annual income of the estate after deducting the expenses of the trust and management of the fund and after the payment of any sums necessary to be expended by my Executors in carrying out the trusts of this Will is to be divided according to the respective shares of the several persons entitled and their shares to be paid to such as are of full age as the same may be realized by the Executors but the shares of such as shall be minors or so much thereof as may be necessary for their maintenance and education shall be expended under the direction and at the discretion of the Executors and if any part of their share shall during minority remain unpaid then the same shall accumulate and be paid to them on their coming of full age provided that said Trustees and Executors shall hold such funds as may be coming to any of my children as legatees for the sole and separate use of said legates and provided further that my Executors shall have the power by the consent of any of my said legates who may be of full age or of such as may be minors upon coming of age to lay out for their support or portion of the fund of the estate coming to such legates in a tract of land or cash or both which they shall have conveyed to them as such Executors and legates and hold the same in trust to pay to such legates the same or to pay the same in such other subject to the same or

Codiced

I Thomas Whiteside do make and publish this codicil to my last will and Testament in manner as follows to wit I give and bequeath to Wm. M. Locke James V. Shalks Lewis Campbell Wm. Miley and J. M. Hurley as Trustees and their successors forever a lot of ground containing one acre and a half to be laid off by them on an adjacent part of the Peeler tract of D. M. Shufly and more cultivated by him in corn a part of which lot may run into the field lying immediately east of said corn field. The center of said lot shall be at a point in said field immediately opposite to and ranging north the center of the South Carolina road something more than two hundred yards from the Virginia Road and near the turning road between the Shufly & Corn fields. The center of said lot may be at any point between said turning road and a point ten poles North of it as said Trustees may select but ranging north the corner of the South Carolina Road as before directed I want the first line of said lot to be run parallel with the Virginia Road twelve poles so that the middle of said twelve poles be at a point opposite the center of the South Carolina road as above described then running at right angles twenty poles then at right angles twelve poles and then to the beginning making the lot an oblong square on the front part of which a Orchard is to be erected and the back or northern part to be used as a burying ground I also give to said Trustees an acre or less twenty feet wide extending from the Virginia Road to said lot which alley is to run with the corner of the South Carolina road and strike the Virginia Road at a point opposite the center of the same I give said lot and alley to said Trustees and such successors or assigns as they or a majority of them, singly or such may appoint and which as a successor is to be appointed he shall have the same rights and powers as one of said original Trustees so that there may be transfer whole said property in perpetuity during forever. If part of said lot appropriated for a burying place shall be held by said Trustees for the use for that purpose by one who may wish to enter their dead there I want that said Trustees hold said lot and the Church when erected for the use and benefit of the New school.

Presbyterian Church to be opened and used by them as a house of worship at all times when they may choose to occupy it for that purpose, but on suitable and proper occasions when not used by said Presbyterian Church it to be open to the free use of any other Christian denomination who may choose to assemble and worship there, for then as it is my strong desire that all the branches of the Christian Church should be preserved and happy in order that said Church may have the benefit of their donations I require of them that they cause a Church to be built of brick on said lot at least forty feet wide forty feet long planted and comfortable provided with seats and a gallery which which completed shall not cost less than two thousand dollars, luckily expended I also require that they enclose said lot with a good plank or post and rail fence and erect such a fence on either side of the alley to the road with a good gate at the road which fence shall always be kept in repair so as to exclude stock from said enclosure and not interfere with the adjacent lands. And I aid by the performance of the work hereby direct the Executors to my said Will to pay said sum out of any moneys in their hands not otherwise appropriated the sum of three thousand dollars the whole of which shall be expended by said Executors in and about erecting said building and the other improvements on said lot and as this lot will interfere with a part of the land leased to Mr. Shepley I direct my Executors to make him a reasonable allowance for the expense it may do the remainder of his term in said land. I further direct that whatever in this Codicil and in my Will the term Executors is used I wish it to be understood as applying to one with as much force and effect as it applies to both if from any cause either of them should not live or should cease to act as an Executor as in that event I wish all the powers rights and duties to devolve on the one acting which have now devolved in both it is my wish and direction that the aforesaid Church be used above for the worship of Almighty God and never at any time for the use or office for any other purpose whatever.

In Witness Whereof I have hereunto set my hand and seal the 21st day of July 1857. In the presence of

There are some Articles of Agreement among the papers some of which are
 thought to be very valuable the following is a list of such as are believed due to the
 notes: An Article of Copartnership & Cam on the Macintosh business at Thomhill
 in Grainger County Tennessee between Thos. Whitwell & James M^{rs} Jones and
 C. W. Latham made the day of April 1839. It is believed there is a large
 amount due the Estate of Col. Whitwell by the other partners in this concern. I
 cannot however make a guess at the amount with any reasonable certainty.

There is also an agreement between Thomas Whitwell and John Mallin entered
 into 1st July 1843 by which John Mallin rents the Penitentiary house on Hays on
 South Street a large hall room due on this but believe it is a separate claim.

There is also an Article of Agreement between George H. Hays & J. D. Hays
 about renting a house at the old stone entrance into 16th Nov. 1843. It is thought that
 this lease is not yet settled but cannot state as to what it may be. There
 was on the subject. There is also an Article of Agreement with J. D. Hays
 renting him the Penitentiary house for 5 years from 1st March 1851. by which
 Hays is to pay five hundred dollars per year rent there is some expression in
 the agreement made by the estate M^{rs} Hays also has the Langard rented
 terms not known. There is probably something due for rent of other houses
 about the stone & yet uncertain in amount the parties having crop claims.

There is also an Article of agreement with Whitwell & Hays renting to
 them the store for five years from the 1st day of August 1851. They have

Litigation and Mill house to be held till the litigation ends.

The Jack Kemmen place is also to be sold but it too is in litigation. There is an interest claimant in the land on which Col. Casket lives, and also the tract where John Caves lives about which there is litigation.

The little farm called the Cookwood place is to be held during the lives of the old slaves Daniel and Lenny and their Sons.

A Life Estate in the Bowman place is given Mrs. M. G. Gaudin & at the termination of it that is to be sold.

There are some lands in Middle Tennessee including a lot in the Town of Nashville, all of which is to be sold at an early day. The accounts of the sales of these lands are conflicting.

The Jennings place North of Clinch Mountain and some other land of small value North of the Mountain General Small Tracts on the highway and in the neighborhood of Nos Mills. Three small tracts in the Upper Middle District on Clinch Creek. The Henderson place & interest in the Meadows down an entry made by H. G. Lee. A small tract in Deer Valley, called the Chablate Spring place and there may be other lands not now known or remembered are to be sold at an early day on credits of one two and three years with interest from time of sale.

The foregoing account of the property belonging to the Estate of Thomas Whitesides deceased may be imperfect in some particulars but it is as full and accurate as I am at present able to give. Further explanation and additions will be made as further disclosures and information may demand.
