Robert F. Carrington will, Contd. 166. also 1825

order to enable the said Thomas Washington to execute this provision of my will I hereby require my executors to deliver over said slaves Arthur and Susan to the said Thomas Washington at Nashville immediately after my death, and that they pay over to said Arthur out of my estate one hundred dollars to remove himself & wife to Nashville and bear their expenses until they can get fixed in Nashville to do something for themselves I also direct my executors to give to said Arthur a set of Carpenter's tools either to be purchased a new for him or given to him out of such tools upon my plantations in Tennessee at the time of my death as can be conveniently found, in view of the difficulties incident to the emancipation of slaves in Tennessee so as to remain in Tennessee, in fact they being too old to be sent to Liberia with advantage to themselves, and not qualified to establish themselves advantageously in a free state, I say in view of these things it is apprehended by me that said Thomas Washington may not be able to procure the emancipation of said slaves upon such terms as they would wish and behaving as I do that they are better qualified to earn a living in Nashville than in the country or Liberia in Tennessee it is therefore my will and

from that if the said Thomas Washington should not be able to procure the unconditional emancipation of said slaves that he take charge of them as owner so as to protect them from molestation as slaves going at large or as free negroes which have not been regularly emancipated, and that he superintend them in such way that they may have the entire benefit of their own labour, and at the same time enjoy the protection of the laws; both as regards their persons and any contracts that they might wish to make for services to be rendered, And in consideration that the said Thomas Washington has promised me to stand in the said relation towards the said Arthur & Susan I give and bequeath to him five hundred dollars to be paid by my executors to him out of my estate. And I also give to the said Thomas Washington in case of his death before the said Arthur and Susan or either of them shall die power and authority to appoint some person in his stead at his death to occupy the same relation towards said negroes I hereby nominate Solomon & Arthur and William F. Campbell of Williams County executors of this my last will and testament hereby making it

thus heretofore made by me, and I exempt them from giving directly or otherwise strangers in Lauderdale County - I give my library to my son absolutely which I do not wish to be sold at all and I do not wish my household and kitchen furniture to be sold until the plantation may be broken up -
