Mary Paxton  
Guard Report  
July 16<sup>th</sup> 1842  
In the case of Mary Paxton, John A. was chosen their guardian  
it was with the understanding that the guardian in Dighton  
wishes to give it up, but in this it was disappointing & have  
some of property to place the business on the hands of John A.  
Says to get the property, which has not yet been done, but will likely turn  
out during this year. Brown has fine land. I understand the property con-  
sists of an old sugar mill, woman & eight children, which seems probably  
be worth you about 2500. But there is a considerable amount of time to be pa-  
pied for & no profits likely to be had from the sale of the property.  
Many the following persons will be entitled to 1/4 of the above property after  
the debts are paid
