In pursuance of the above Order in the undersigned, hominip
 ones have proceeded to make partition of the property therein men
 tioned having been first sworn agreeably to law, to give each party a
 Justice, that is to say, we have divided the tract of land mentioned
 in the above Order, containing four hundred & forty six acres bounded as
 follows beginning at a Sycamore at the mouth of a fort opposite the
 Town of Clarksville on the south side of Cumberland river, and running
 South sixty nine and one half degrees west, four hundred & forty six
 with William & Jamison's line to a dogwood & poplar one of the original
 corners, thence North twenty six degrees east four hundred & thirty
 poles to an Ash and chow wood on the bank of Cumberland River
 thence the following courses up & with the river to the beginning
 viz. South eighty seven degrees east, thirty eight poles, South sixty degree
 East twenty two poles, South forty four degrees East eighty two poles, South
 thirty eight degrees East seventy one poles, South twenty seven & one half
 degrees East sixty two poles, South seventeen & one half degrees East
 sixty poles which said tract of four hundred & forty six acres is divided
 into four equal parts, and distinguished by Number one, two, three
 four, the first tract which is distinguished by Number one, begins
 at the above named Sycamore & chow wood, South sixty nine & one
 half degrees west four hundred & twenty poles, to the above named
 Original corner dogwood & poplar, thence North fifty eight degrees
 East four hundred & thirty poles to an Ash on the bank of Cumber
 land River, thence up and with the river South twenty seven & one half
 degrees East twenty four poles, thence South seventeen & one half degrees
 East sixty poles to the beginning Sycamore & chow containing one hundred
 & twenty five & one fourth acres, and the second tract which is distinguished
 by Number two, Begins at an Ash on the bank of Cumberland River, &
 runs with the line of tract number one, South fifty eight degrees west
 four hundred & thirty poles to the aforesaid Original corner
 dogwood & poplar, thence North forty seven degrees East, four hundred
 & thirty eight poles to a hickory & Sycamore on the bank of Cumber
 land River, thence up & with the river South, thirty eight degrees
 East forty six poles, thence South twenty seven & one half degrees
 East thirty seven poles to the beginning Ash containing one hundred
 seven & one fourth acres. And the third tract which is distingui
 ed by Number three, Begins at a hickory & Sycamore on the bank
 of Cumberland river and runs with the line of tract Number
 two South forty seven degrees West, four hundred & thirty eight poles
 to the Original corner dogwood & poplar, thence North thirty nine
 degrees East four hundred & forty two poles to a Sycamore & chow
 wood on the bank of Cumberland river, thence up and with the
 River South forty four degrees East, fifty eight poles, thence South
 thirty eight degrees East twenty five poles to the beginning hickory
 & Sycamore, containing one hundred eleven & one fourth acres
 and the fourth & last tract which is distinguished by Number
 four Begins at the above mentioned Sycamore & chow wood on the
 bank of Cumberland river near the present ferry landing and

420
 Nearly Opposite the Mouth of Redd River & runs with the
 line of tract Number three South thirty six degrees West four
 hundred forty two poles to the Original corner required by popular
 thence North twenty six degrees East four hundred & thirty poles to
 an ash and Iron line on the bank of Cumberland river, thence up &
 with the river, South eighty seven degrees east thirty eight poles, thence
 South fifty seven degrees East twenty two poles, thence South forty four
 degrees East twenty six poles to the beginning of the same section was
 on the bank of Cumberland River.

There appears to be but one spring on the said tract of four
 hundred forty six acres, and that being several owners or claim-
 ants it is deemed necessary by us the said Commissioners to give a
 chance to each Owner, legatee or claimant of obtaining water from
 said spring, therefore we have laid off two acres of land for the
 benefit of each Owner legatee or claimant, for that purpose, which
 said two acres is to form a camp which is forever to be kept clear &
 open & to be may obstructed the camp is to commence two hundred &
 seventy three poles on the first line or dividing line between William
 C. Johnson and the within mentioned tract of four hundred and
 forty six acres from the river at an Elm, and is to run along the
 different lines North thirty eight degrees west to the lower boundary
 line, thence up the said lower line and along the different lines
 to the first line so as to include the said two acres for spring.
 We the said Commissioners in dividing the said landed Estate
 of William Blanks deceased have allotted for the same and
 find that Elizabeth Blanks, now Elizabeth Reed draws the
 first tract which is distinguished in the division by number
 one, that Sidney Blanks, now Sidney Searcy draws the second
 tract which is distinguished in the division by number two said
 tract number two being of less value than tract number one
 we therefore decide that the Owner of tract Number one pay
 to the Owner of tract Number two the sum of fifty dollars.
 That George W. Blanks draws the third tract which is distin-
 guished in the division by number three, and that James
 Blanks draws the last tract which is distinguished in the division
 by number four, said tract Number three being of less value
 than tract Number four, we therefore decide that the Owner of
 tract Number four pay to the Owner of tract Number three the
 sum of twenty two dollars, Given under our hands this 2^d
 day of October 1816
