Will of John L. Hutchison

In the name of God Amen.

I John L. Hutchison being of Sound and disposing mind feeling the uncertainty of life and the certainty of death do publish this my last Will and Testament, being made no other.

Item 1 I do my will that all my debts and other expenses be paid out of the 1st moneys on hand or may arise to my estate and that one Hundred Dollars be sent to suitably and neatly fix my grave with Tombstone and such engraving as my friends shall wish to place upon it.

Item 2 I will have as I suppose twelve to fourteen hundred dollars of my own on hand and in good solvent notes of which sum I want my step-mother Mary Ann Hutchison for the care and interest she has given me to have one hundred and fifty dollars to her own private or individual use to have and dispose of as she may see proper.

Item 3 The remainder that may be on hand I give equally to my Bro: Charles H. Hutchison and my sister Mary Dixon (now deceased) children named, Samuel Dixon, Della Dixon the Dixon, & Willie Dixon, in equal amounts but subject to the following provisions. 1st that my executor collect up or put in a trust of collection all my moneys within twelve months from my death and when the same shall be collected then if my Bro: Charles H. Hutchison shall have been twelve months without making any interesting liquors which may be verified by proof or then by his own oath if proof cannot be obtained he has one half of said estate. Should he be intemperate or even use interesting liquors then he is not to have said one half as mentioned but it remain in the hands of my Executor or his Successor to collect and pay over the interest to his wife annuities if she be living or if she be dead then to the interest of his children but should my Bro: Charles H. for any two years together become temperate and use no intemperate then he have his share as before provided. As to the share I give my sister children already mentioned, I wish and direct my Executor to invest the same in US Bonds or then State of Tennessee Bonds or the interest bear stock or then keep it loaned to good and solvent always taking security for the same, and that he use his own discretion as to the above modes of using the same, so to create the safest and largest amount of income and the interest to be some part of the same to be paid to said children

is twelve years old when the interest then arising may be paid to the payment of their Education as near as may be in equal notes so that no one of the children shall be neglected in the interest of another and that each one of the children then living be allowed their share at the age of twenty one years

Item 4 Should anything arise to me from my Father Saml^r H. Hutchison estate it be applied as the above is applied and become part of the general fund and should any interest in land or real estate arise to me in any way and it seems to the best interest of those succeeding with me to sell or dispose of the same then my executor is authorized and empowered to sell my said interest more dead to the same and apply the money as above desired.

Item 5 I appoint and name H. C. Hutchison as my Executor to have and control the above named estate without the trouble of Bond and that he make his annual report to the clerk of the Court upon affidavit without his personal attendance if he choose and should he be not living or feel himself unable to do and perform said duties then my uncle Charles H. Hutchison be and is hereby appointed said Executor and in the event of his refusal or disability to act then the Court appoint an Administrator to do and perform the duties of said Executor.

Said Will is read and I fully comprehend its meaning before assigning this 29th March 1886. I want to add as part of this Will before assigning should my father Samuel H. Hutchison recover and be able to see to my business at my death then this will be void and of no effect otherwise it is in full force (Same date as above)
