John McEwen

In the name of God Amen John McEwen of the County of Rowan and State of Tennessee being weak in body but of sound and disposing mind and memory and calling to mind my mortality do make this my last will and testament in manner and form following

First it is my will that all my just debts and funeral charges be paid out of my estate

Second my will and desire is that my store in Kingston be continued under the superintendence of my son-in-law James McEwen until my young son child arrives at the full age and the price of the stock including money of debts and goods and the property of which to be laid out in support of the family and educating the children And then what may be or shall be devised as follows And third to my dear beloved wife Eliza And the balance equally among my children William Stephen, Eliza Mary Edmund John Colman, Robert Newton, Matthew Perry, and Margaret Alice, if the said children should be long lived and if any of them should die before they arrive at lawful age then in and for the survivors of them which said property shall be to my said wife and those of said children coming of lawful age in the proportion of one to two to them and their heirs forever

Thirdly: Wherein there is a partnership between Robert McEwen and myself and also between Matthew and John McEwen and myself and also between James McEwen and myself Now my will is that any partner who may be concerned should the said partners and myself and our after named that the same be equally shareable in the articles of partnership heretofore made in to each and every one of said partners until my young child attains to lawful age under the following conditions: That each partner to give bond to me to my executors for the amount of his share of profits due to me and that the same may be further secured in proportion at the time my said children may attain their lawful age that is after attaining And third for my wife out of the

January Session 1822

stock and profits are found at the same time of age of my first child that may all and their lawful share of the balance to be divided into as many portions as I may then have children living and pay and portion to the child so arrived of lawful age and and other portion to pay to each child as it arrives of lawful age and when the youngest child arrives, be lawful to pay to it the portion at first allotted by the first Decree and then to pay to my well beloved wife her share or apportion then and third of what was when first divided. And a proportion of the profits that may arrive after war is and also to pay each of the children ^{the} share of the profits of the stock kept in hand when the first division was made up to time of closing the business. But should my executors and any or all of my before named partners at any period come agreed to close the partnership the said partners and my executors are to settle the business of the firm and as settlement the balance due to my estate is to be put into the stock of the store in Kingston and divided out in the same manner and at the same time or times of the said partnerships had continued until my youngest child had arrived at full age.

I wish I give and bequeath to my well beloved wife Eliza the house and lot on which I now live in Kingston and all the household furniture to her, her heirs and assigns forever to be by her disposed of as she sees proper.

I wish my will is that all my Negroes, horses, cattle and things be and remain in the possession of my wife for the purpose of raising and supporting the family until my youngest child arrives at lawful age. And should my executors, my wife or my desire to sell any of my Negroes they are thereby authorized to do so and the money to put into the common stock of the store in Kingston.

January Session 1822

Sixth My will is that all my land except the house and lot I now live on in Kingston be run out by my executors until my youngest child arrives at lawful age and the rents to be applied to raising and supporting the family and educating the children and if there should be any surplus to be put into the stock of the store in Kingston. And then my well beloved wife is to have the one third of the profits of all the land and town lots (except the lot already willed to her) during her natural life and the balance to be equally divided amongst ~~the~~ my children before named. And if they cannot agree they are each to choose a person which persons they choose are to value the lands and lots aforesaid except the lot already excepted and then my children are to select and third or any one of them who may get a higher or less tract have to pay to the others so much as will make them all equal. And the part or parts tract or tracts they select or allotted to them I will and bequeath to each of them severally to be to them I their heirs and assigns forever.

Seventh My will is that if my children severally arrive at lawful age my executors should pay up to them their several portions of the amount of the stock on hand in the store in Kingston after deducting to them all my well beloved wife Eliza which I allow.

Eighth My will is that all my personal property remaining at hand when my youngest child arrives at lawful age in debt and Negroes (and is nothing at the house hold furniture I allow and also to my well beloved wife Eliza and the balance to be equally divided amongst my children but each each and deducting what they may have previously received so that with the part they may have received when they arrived at full age or any other time and they will then receive, will make them all equal which I will to them severally their heirs and assigns forever.
