If I should not sell all the land & the money put on interest until my youngest son comes of age then I wish it to be equally divided among it them all the negroes named in the above will to my children. If they should leave them well & good. If they should die my intention is where either son or daughter leaves the place when they come of age for them to have as much give to each of them as I give to Susan & Josiah and after they all get as likely a negro as the other two has got at the time they received them and a good horse & cow and Bed and then when they are all of age I want the land & balance of the negroes equally divided amongst them all also the money if there is any and they sons or daughters when they may marry.
