Second Codicil

This codicil to my will made on the 33rd day of July 1831 and the Codicil made thereto on the 1st day of March 1832 is not to abrogate or make void any portion of said will but to ratify and confirm the same except what is herein specified. The girl I am I desire to live with and take care of my wife Elizabeth during her life because I that she could not have any one to administer to her necessities so well as her, from the fact she has raised the girl I am from her infancy and should there be any of said girls offspring to remain with their mother until he or she become ten years old and then if the legatee require it the whole of her offspring be sold and be equally divided among my descendants except William & Snodgrass who has heretofore been provided for, and by this alteration if it should in the minds of my heirs operate for or against my son William then they are to agree among themselves the difference that would be just and equitable, and if they can not agree then a majority of my heirs that are then in this county shall choose a man and William shall choose another, who shall if they cannot agree choose the third who shall settle the matter of dispute between them. And I do hereby constitute and appoint Thomas H. Bird and David & John the Executors of my last will and Testament instead of the Executors I am heretofore appointed.

In witness whereof I have hereunto subscribed my name and set my seal this 28th day of January 1832
