Last Will and Testament
 of
 M. H. Morell decd.

In the name of God amen.
 I M. H. Morell being of sound & disposing mind and
 memory do make ordain & establish this as my last
 Will and Testament hereby revoking all former Wills
 by me at any time made.
 First I give my soul to God to be disposed of according
 to his good pleasure.
 Second. I require my Executors herein after named to
 pay all of my just debts & funeral expenses out of any
 money on hand at my death or that may come to
 their hands from my estate.
 Third. I give devise & bequeath to my son John H.
 Morell & to my daughter Eleanor J. Morell & Sarah A.
 Morell all of my personal property notes accounts &
 choses in action & my home farm on which I now live
 containing seventy five acres by estimation jointly &
 equally I direct that they share equally in all expenses
 in carrying on said farm & the mill on the same &
 share equally the rents & profits arising from the same.

It is my will however if my daughters never marry & have no issue capable of inheriting their interest in said land & do not sell the same in their life-time to one of the joint owners of said land that then the interest given them in this Will is to descend at their death or the death of either of them to the children of my son John H. Morrell. It is my will however that either of my three children interested in the home farm may sell to the other party or parties interested at any time & convey the interest sold absolutely & dispose of the proceeds of sale as he or she chooses the intention of my will being that the interest of my daughters shall go to my son John H. Morrell's children in the event my daughters do not marry & have issue alive & capable of inheriting their property or if they do not sell the same to one of the parties in interest before their death.

I give & bequeath to my daughter Mary E. Jackson & to my daughter Martha A. Martin & to my son J. H. Morrell twenty five dollars each & require my Executors herein after named to pay said sum to them respectively within three years from my death.

My reason for giving to my three children first named my farm & personal property is this. They have remained with me, worked for me, & are as I think entitled to more than those who have not had to care for & wait on me in my old age & hence I give them more.

I require my son John & his two sisters Eleanor & Sarah out of the property given them to pay my debts & funeral expenses.

I hereby nominate my son John H. Morrell & my friend Peter E. Jones as Executors of this my last Will and Testament & request the court not to require security of them as my Executors. In testimony whereof I the said M. H. Morrell have hereunto set my hand this 13th day August A. D. 1881 in the presence of

Last Will and Testament of Abraham Cross decd.

Being of sound and disposing mind although in feeble health I make this my last Will & Testament disposing of my property to certain of my heirs in such manner as I deem best for them and also to carry out my plans long since matured.

I have in my possession a Deed of conveyance made by my brother Jesse Cross in his lifetime to myself and daughter Ellen Cross for two acres of land defined in said Deed which I will and bequeath to my daughter Dolly Ann Cross and my grand daughter Adaline M. Cross upon the following conditions.

As my daughter Ellen is in feeble health in body and mind and requires kind attention constantly it is my will that she remain with the said Dolly Ann & Adaline during her lifetime, I will that they also have another small tract of land adjoining the two acre tract excepting a small strip of land owned by Saml. A. Cross intervening on its north side also it is bounded on its south side by the lands of John Cross, containing five acres more or less for which I have a Deed from the heirs of Jesse Cross decd.

I will to Dolly Ann and Adaline as aforesaid all the personal property that I have any claim to on the premises as almost all the household property belongs to the said daughter and grand daughter: they having made it by their own labor. I will that my son William have the cooper tools now in his possession consisting of a hand saw, two drawing knives, croze, two augurs, one jointer, one pair of compasses. The hand axe belonging to
