Nuncupative will of Geo. V Wells Dec'd
Probated October term 1888.

We J M. Ole and Samuel D Owens do state that the nuncupative will of George V Wells was made by him on the 17th day of July 1888. in our presence to which we were specially required to be witnesses by the testator himself in the presence of each other that it was made in his last sickness in his own habitation or dwelling house and the same is as follows to wit: It was his will and desire that his effects should be disposed of after his decease in the following manner. First: He said that all the personal property that belonged to him was to go to L. J. Wells and E. D. Wells, and if R. D. Wells desired or wanted any of the property, they were to divide with him. He wanted them to have it because it would not more than make them equal with the rest of the heirs that were married. He said that the third of the crop belonged to him and that he wanted L. J. Wells and E. D. Wells to have it. Made out by us and signed this July 28th 1888.
