Executor herein after named - 2nd my will & desire is that my daughter Lydia Parson wife of Jonathan Parson now living in Mississippi have three hundred and fifty dollars out of my estate after my death & no more 3rd my will & desire is that Richard Maddy my daughter and wife of Joseph Maddy and my son James Patterson both citizens of the state of Missouri have two hundred & fifty dollars each out of my estate after my death and no more - 4th my will & desire is that my daughter Adaline now living in the state of Missouri have three hundred & fifty dollars out of my estate after my death and no more and the reason I give Adaline more than I have given my children above named is that Adaline holds my note for one hundred dollars which I justly owe her and which note I want taken up when she receives her share of my estate

5th my will and desire is that my son Joshua Patterson of the state of Texas have only one hundred dollars, the reason that I do not give him as much as the other children is that he has heretofore received more than they have 6th my will and desire is that my son Hardin Patterson now living near me in the County of Warren Tennessee have all the Rest and Residue of my Estate of whatever kind or description it may be, except my negro woman Silvia whom I wish set free at my death. my will & desire is that said negro woman be made free if it is possible to be so by the laws of Tennessee, as I do not wish to serve any person after my death, but if it should so turn out that by the laws of Tennessee said negro woman cannot be set free without being sent out of the state then I wish and I wish her to be and remain with my said son Hardin Patterson so long as she may live, and it is my earnest desire that none of my children will ever attempt to sell or remove said negro woman Silvia. But that my wishes be fully carried out by them in this respect

7th my will and desire is that the different amounts or shares of my estate which I intend for my said daughters after my death be given to them respectively for their sole and separate use and benefit and not to be under the control or dominion in any way of their husbands and if either of my said daughters should die I wish what I have intended for them to go and be the property of their children, but I do not want any of my said property or effects to go into the possession of either of my sons in law, this I wish strictly observed and carried out and I want my executor herein after named to aid & assist in carrying my wishes in this respect into effect.

The last will and Testament of J. L. Stone deceased I Pilloide & Stone do make and publish this as my last will and Testament hereby Rooting all other wills by me at any time made

1st My will and devise is that all my just debts be paid as soon as possible out of any money that I may die seized and possessed of 2nd I will and devise that all my both Real and personal be equally divided between my wife and four children after the payment of my debts except a fund of five thousand dollars which I want set apart by my Executors for the use and benefit of Miss Eliza Spencer during her life that is to say I want said fund paid out by my executors and the interest arising thereon to be paid to Miss Eliza for her support and maintenance during life and at her death to be equally divided between my four children and in addition to this I want Miss Eliza to live with my wife and children and to be one of the family and to be waited upon and have an ample support I am further to be paid the balance of my estate

my negroes kept together on the place for the purpose of waiting on my wife children and Miss Eliza as a family. I want my executors to understand that Miss Eliza is paid the interest on the five thousand dollar fund which they are to set apart out of my estate for her benefit. This I want done because she has been so very kind and obliging to me and my family. 3rd The house that I have now under contract or in prospect of purchase on the place which I lately purchased North of Wm. Wm. I want built for my wife and children including Miss Eliza to live in. I want the house to be a neat cottage house to cost from three to five thousand dollars including kitchen smoke house and other necessary houses to correspond with the dwelling. I also want two good outbuildings on the place one for the dwelling and the other for the use of the stable, all of which I want done under the direction of my Executors.

4th I want my children to have a good English Education and to be taught and instructed by good pious teachers as I am anxious that particular attention be paid to their moral training. This I want strictly enjoined upon the Guardian of my children.

5th I want my executors to collect in all my debt that are due or may become due and when they have paid for the building of the house Reford to and set apart said fund for the benefit of Miss Eliza the balance after the payment of my debts I want paid over to the Guardian of my four children and I want him to loan the same out to good and solvent men except the share of my wife which is to be paid to her for her own benefit. I want my children to receive their respective shares from the hands of their Guardian as they arrive at full age.

6th I want my tract of land near Jacksonboro to be sold sometime next year by my executors it must not be sold for less than twenty five hundred dollars, if the land can not be cashed at that price my executors may sell it on time provided they get interest from date. This would be equivalent to what I think the land is worth in cash. I do hereby empower my executors to make title to said land to who ever may purchase the same.

7th After my youngest child becomes of age I want the houses which to be built for the benefit of my family including the land on which they are situated to be sold and the proceeds divided amongst my wife and children.

8th I do hereby appoint my brother-in-law R. H. Mason Guardian for my four children and I want him to see to the training of my children as much as he can conveniently do. I want my wife with the aid of the Guardian to keep my children, especially the boys from having about the streets, my lawn as much as they can properly do. I want them all kept at home and learn habits of industry and try and raise them to be useful men and women in society. I want their Guardian in making accounts for them to deal at our establishment in town as much as he can in order to keep all their Business and accounts from being confused.

9th If it should so turn out that my negro man Henry and wife or either of them should become unmanageable in any way that my executors or the Guardian of my children have power to sell them and loan out the money for the benefit of my family if my wife should marry before my youngest child becomes of age then I want the house and land set apart for them

as above stated to be retired and my wife to receive her share which shall be equal with my children in said house and land which share I want my executors or the Guardian of my children to pay to her out of the fund in their hands and lease the house and land as a house for Miss Eliza and my children till the youngest becomes of age and then sold and the money divided between my said four children.

11th If any of my children should die during their minority I want their share or share to go and be the property of the survivor or survivors of them after the time shall expire of my executors and they have settled up with the Court I want Washington Patton to act with R. H. Mason as Guardian of my children.

12th And lastly I do hereby nominate and appoint Samuel Henderson and Washington Patton Executors to this my last will and Testament and desire that they act as such with my hand and seal this 26th day of March 1857

Witness

Since the foregoing will was written and read to me I will further state in application of the 10th clause of my will that if my wife should marry and it better suits her and the convenience of the family that she and her husband remain on the place that they do so without my valuation of the premises, but if she does not wish to remain there I want my Executors to pay to her, her share at valuation of said house and land as set forth in the said 10th clause. I further will and desire that the house Reford to is built that I want my executors to finish whatever furniture that may be necessary for the house that I may not already have on hand at my death. In having my executors power to sell Henry & wife mentioned in my will I further give them power to sell any of Henry's children that they may think best for the interest of my family and loan out the money at interest.
