Edward West *Test*

Whereas, I did in my last will and testament direct that my boy Lewis should be sold by my Executor because I thought there was no way of mancipating a slave under the then existing law, and as there is a law now that a slave can be mancipated it is my will that said Lewis should be mancipated after coming to my natural life time by complying with the then now in existence, and that all the balance of the will shall continue as it is. Signed in presence of Witnesses this 20th Feb<sup>r</sup> 1849 - Test Jonathan Lottie, Martin K. Hopper.

## Henry Hale's Will.

In the name of God, Amen! I Henry Hale of the County of Washington and State of Tennessee being in a low state of health, but of sound mind and judgement, calling to mind the uncertainty of life, make this my last will and testament: viz:

Item 1. I will my soul to God who gave it and my body to be decently buried & all my just debts to be paid out of my estate.

Item 2. I do wish that my beloved wife Harriet Hale shall have the control of all my personal and real estate remaining after the payment of my debts for the use of herself and support of the family - that is to say Charlotte Hale Sarah Hale, & Harriet Hale my grand-daughters - Smith H. Hale, Joseph L. Hale, and Furbly Hale, my three younger sons, who may assist their mother in the transaction of all the business of the estate, and managing the affairs of the farm. And I desire that my dear wife shall have power to dispose of any portion of estate personal or real of in her judgement it is that best to do so for the benefit of the six remaining children above named. To be at her disposal during her life time provided she remains my widow, but should she marry again then in that case it is my will that she receive a child's portion only of what remains, the balance to be equally divided between the above named children together my son William K. Hale who is to be equal with the other six, except that portion of my estate comprehended in cash & cash notes, which it is my will shall be equally divided between my three sons Smith, Joseph and Furbly. My reasons for this are that I have already provided for and given to my eldest son Franklin D. Hale, and my son Wm. K. Hale a fair proportion according to my ability, but my three younger sons have worked for me and assisted me in making the money and notes and have not yet received any portion and I believe them just entitled to it, but will

other portions remaining) of my estate it is my wish that the above named seven children, including Harriet my grandchild shall share and share alike. At the decease of my wife provided she remains single then it is my wish that the residue in her hands of my estate be equally distributed among the seven last named legitt<sup>s</sup>. Now because my will that William K. Hale (my son) shall have the privilege of living in that portion of my farm now occupied by him ~~free of rent~~ as long as he chooses to do so until my wife's demise which is then to be subject to distribution himself included with the above named <sup>children</sup> as other portions of my estate. It is understood however that should he see proper to leave or move off that he shall have no power to dispose of it in any manner what ever, nor shall he be obliged to pay for any improvements he may make unless by contract with the Executor of my estate.

Item 3. That whereas my above named grand daughter Harriet Hale had when left an orphan a residue of money of her father's estate amounting to two hundred and fifty dollars, and whereas I have taken her and raised her and adopted her as my own child, and have had considerable expense attending the administration of said estate, if the Court will allow of it it is my intention that the said estate of my cousin Lewis Jackson Hale shall be charged - for my services of administration, boarding, and raising, the above amount of two hundred and fifty dollars and interest so as to place her upon terms of equality with my own daughters in the division of my estate. Should the Court decide otherwise and allow her a portion of the money of her father's estate then it is my will that a corresponding reduction be made out of her portion of my estate already provided for under item 2.

Item 4. That as I have given to my daughter Mary Peard the portion that I felt able to give her therefore it is my will that until the younger children are equally as well provided for it shall be the duty of my executor to retain the remainder of my estate for that use. But should it appear prudent and safe to my wife in view of the above devise hereafter to give her more it is my will that she shall have the power to do so.

Item 5. That as I did give my son Franklin in his removal to the West an outfit and five hundred dollars in cash to purchase land I intended this as his portion in full. But should his mother find the estate sufficient to place him in a situation to give him something more without impairing the rights of my other children not yet provided for as he has been it is my will that she shall be allowed to do so.

Item 6. I do hereby constitute and ordain Wm. K. Hale Joseph L. Hale and my wife Harriet Hale Executors of this my last will and

ment, and I do hereby revoke and disannul and disavow all former wills, and declare this to be my last will and testament in presence of three witnesses, in witness whereof I have hereunto signed my name, and fixed my seal this 1<sup>st</sup> of Oct<sup>r</sup> 1850.
