G. W. Willetts Will 576

I G. W. Willett do ordain and publish this as my last will as my last desire to take place after my death
First, I commend my soul unto God who gave it hoping that he may and thereby cleanse me by his divine grace and make me fit to praise and adore him forever.
I wish my body taken care of in a decent and Christian like manner and the worldly goods that God has been pleased to bless me with I wish it to remain in the possession of my wife and children or so long as my wife may live single but if she should marry it is my will that she be paid four thousand Dollars in cash by my Executor, out of my Estate and the balance of my Estate after paying the four thousand dollars to be for the support and Education of my children and when the youngest of them arrives at the age of twenty one years to be equally divided between them but if my wife should remain single she is to be supported out of my Estate during her life.
It is my desire that my just debts be all paid out of the debts I have due men and that my Executor collect my debts and pay off the debts that may be owing by me and advance to my family in cash what may be reasonable or necessary for their education and comfort from time to time believing that they can nearly make their support off of my plantation after collecting my debts.
If any cash should remain on hand for it to be loaned out at interest by my Executor until the youngest shall arrive at the age of twenty one and advance to my family from time to time only as their necessity may require for their education and support and after my Executor shall have collected all debts due me that he can if there are any insolvent debts that he cannot collect for him to tender a list to my heirs which they can collect some time if possible.
It is my desire that my black man Bob remain with my wife and children to assist in the farm and that if he should become old and so infirm that he be taken care of out of my Estate but he is not to be sold out of my family unless he should prefer being sold and then my heirs may use their discretion to do so after they arrived at

S. W. Willetts Will. cont.

I wish no sale made of my personal property by my Executors unless such as they may not think ^{and} in the event of it becoming necessary to make sale of some property to pay debts that my Executors shall sell some piece of my plantation so as not to damage the balance. And if I have means sufficient after paying all my debts left I would prefer a neat cheap Building made upon my farm for my family to reside in and that my house and lot be rented out by my Executors to be carefully managed so as not to abuse or destroy. I also wish my Executors to suffer no waste of timber on my plantation. I do hereby appoint my friend John F. Deedrick my Executor and request that he manage my Estate as well as he can for the interest of my family. - June 21st 1853,

S. W. Willetts
