Bal. in admt. hands 1507

I have allowed the admt. four hundred and forty dollars, two hundred and forty to Whitaker and two hundred to Potts, which I think reasonable. The admt. state that they bought 300 bus of corn on the claims of O'Connor & Ferguson & Hurlin and when the same was sold out, it fell short 112 bus but they account for said shortage in this Settlement. They have the corn at 50 cts and sold the same at 38 cts. but they do not do for this loss in this Settlement. H. Whitaker states that he kept the money belonging to the estate separate and apart from his own moneys and upon Settlement he found that he had on hand \$1507 that he had collected as interest on that had arisen from some source which he does not now remember, and feeling it his duty to do he pays the same over to the estate & accounts for same in this Settlement.

Haman Clark Settlement Continued

This is all the personalty that ever came to my hands and was sold the 13th Dec 1879 on a credit of six months. In 1880 I rented the land of Mark Lowry to Fayette Bennett for one hundred dollars for a share of the crop which rents from Fayette Bennett I sold to James Scott for one hundred and twenty five dollars. Part of the land was rented to William Hays for part of the crop which was sold to James Meredith for fifty dollars. Part was rented to him also for part of the crop and this rents was sold to Mark C. Clark for seventeen dollars and fifty cents making the aggregate rents for 1880 \$192.50. In 1881 I rented the land for Co. and sold it to Young and Gray for the sum of \$570. This was the year of the great drought and corn was scarce and high in price. The 30th day of Oct 1881 I sold one hundred acres of the best land to J. H. P. for the stipulated price of one thousand dollars for only of which has been paid as will be shown hereafter on account of this sale for the year 1882 I had but little valuable land to rent. Though there was nominally half the land to be rented it was rented to Sam Stewart by contract for half the crop. I need from Sam Stewart fifty three bushels of wheat worth one dollar & a bushel and two hundred bushels of defective corn worth 25cts for bushel 50

Aggregate
This was all I collected by the use of diligence and this was the last year the land was rented.
Land Sale

On the 28th of August 1882 I sold to C. F. Paul 105 acres and 118 poles of the land for the agreed price of thirteen hundred and twenty one dollars and seventy five cents

Waman Clark Settlement Continued

Paul failed to pay anything either his payments on the lands or the rents for that year and I had to take the land back from him on the 7th day of Sept. 1883 I sold the same land to E. C. Ryan for the stipulated price of ~~fourteen~~ thirteen hundred and fifty four dollars although the deed recites that the consideration of price was paid in cash at the time the balance was secured by note having interest from the date of sale these at considerable trouble and some expense have been collected with interest

Sum paid at the date of sale \$ 700.00

Balance of principal 630.00

interest collected up to the 9th day of April 1885

Sum it was collected 6578

Aggregate of principal and interest collected

on this land is \$ 141978

The balance of the land was sold at Public Auction and bought by H. C. Loomis and Waman Clark at the price of \$800.00 A. A. Pitman land the One hundred acres sold to A. A. Pitman part sold to him this 20th Oct 1881 for the agreed price of One thousand dollars on the following payments One note for four hundred dollars due 25th Dec 1881 \$500.00 One note for three hundred dollars due 20th Oct 1882 note \$300.00 One Other note for three hundred dollars due the 20th Oct 1883 \$300.00 Making the One thousand dollars I had much trouble and difficulty in collecting such part of these notes as I have collected I was compelled to take as cash several articles of stock and had to resell part of the land this was done to provide litigation but lawyers fees and delays balance due on the last Pitman note including interest to date is two hundred and three dollars and seventy nine cents the note is secured by a lien on the land is good and is known to the Court. I collector of the principal on the Pitman notes \$860.78 of interest \$50.00 aggregate \$910.78 all this is shown by a statement of the Pitman notes and the interest collector here marked exhibit (A) to this Settlement

Selling household goods for a profit. He also realized a profit on the cattle raised on his country and has collected various small sums of interest, and by managing the business wisely he has realized a profit for the estate. He has kept the effects belonging to the estate separate and apart from his own business and after obtaining several hundred dollars for his services he has \$1084.66 in Vouchers over and above the amount of his inventory which sum he states justly belongs to the estate and he hereby relinquishes all claim to the same and agrees that it be charged to him in this settlement.
