Dear cousin Nora, Please excuse my
tardiness in replying. Besides the
six letters a week to my children,
I have written a good many letters
in regard to securing for General
Crompton Hall the Conch shell
that Nathan Camp picked up on
the battlefield of Kings Mt. Oct. 8, 1780.
It had been used as a type
by the British Commander Maj. Foyune,
who was killed. My efforts in re-
covering it from Mrs. D. H. Everett, Cedar-
town Ga. gr-grand daughter of
"Grandeur Nathan" were unsuccessful.
I observed - The sincere relief sister

Charmaine of relief. who will take

it to the state conference & elsewhere -
and later, in April to Washington where
I trust you may see it some day -
I had anticipated at its beauty. It is
hard and smooth as marble and
glittering white. The silver mine
since has been broken off. It has
two small holes in the side thro'
which a leather strap passed. For
145 years it and its history have
been preserved in one family.

Conner Smith said that John,
Nathan and Thomas (which Thomas)
had grants on Peedee River, Laurens
Dist.

The 1 containing both records
of the 2/ some was sent by M. H. C.
Camp at the old Camp home in D.C.
However it is, it is 20 miles from
Gaffney, S.C. I think descendants

of Thos. Sr. still live there - the family
of Joseph Camp (1) (1) (1)
I associate the Camp and Tarpley
records you sent. I have a few items
from the Thos. & Mary Quarter - but not
as complete as yours. It speaks well
for the social standing of the Camps
that 3 of the brothers should have
married into the Tarpley family.

(1) At old Bethlehem Church in (1)
Co. are the graves of Grandeur (1)
and Grandeur Tom. They must be
marked for several of the relatives have
been there within the last few years.

I suppose it is near the grave
of our Tom who married Susan
Haguer and not the one who married
a Tarpley. Our grandeur Tom is a
negro - as shown on the monument.

improve insight. You should be in
the staff of the Natl. S. society.

Miss Helen Brewster, and experienced
genealogist, consider the present force
in Washington very incompetent.
She thinks because of sheer igno-
rance they are too particular about
mere trifles.

It is strange to me that the Campbells
and Arnolds should have moved
from Va. to the Carolinas during the
Rev. War. If their object was to escape
the "torie", or "refugees", they were right
into them.

It is wonderful how we continue
to dig up new facts. However, I
am ashamed that when I was
in Lawrence a few hours last spring

Thomas, of uncertain date. It is doubt-
ful (see Thomas & Davis) Elizabeth
our unfortunate ancestor, was born
in 1784. I would hate to think he
was born later than 1763.

I find amongst my conglomerate
of books that Mary Tarry Campbell was
born Oct. 20, 1740 although I think
some of the H.A.P. have claimed
1746. I believe 40 is correct and
1st. Campbell list of birth dates of

the 2 sons must be in error in
regard to John. I have seen his
death stated 1830 but the H.A.P.
records have it, 8/3. The place

of his death is also in controversy.
I believe I think says he died at the
home of his grand daughter, Mrs. John

William Greenville (J.C.)
and is buried at Lebanon Church
and a gov. marker is in course
of preparation for that place. (Harris)
Descendants say he died at his home -
in original Jackson Co. (Ga.)
near where town of Kinder is.

There is a record sent concerning death
from office of Adjutant General which
you can fill up used in joining
Some of American Rev. - I advise
you to append it to yours.

John Camp, Va. Ind. organization

on a record under heading: A

have received certificates for the
balance of their full pay agreeable to
Act of Assembly passed Nov. 1781
which record shows that on March
17, 1783, the sum of \$36 was
received by one Col. John Jones. No
further record found.

In the S. H. R. Official Publication
"The Minute Man", for March, 1925 -
he is listed thus: John Camp, private,
Col. John Jones' Regt., Va. Cont. Line

I enclose a S. H. R. application

able to meet from Mr. Bates (R.M.C.)

of questions: who the "et al" were who
sold the "trade" with Prof. Campbell of course
signed the deeds; whether the deeds
contained any information to prove their
Thos. the son of John Dr. or the brother
- whether both sons & brother might
not be in the list - proven by the names
of their wives signing with them - but
Mr. Bates has not answered so far fear
you will be leaving! I am sending
this on and I hope you can go to that

very court house and find out all we
want to know about John C.'s family
which is a lot! - He specially wants

~~to~~ find out that our there is his son - when
he was born and whether John
lived there or in Ga. - You are all there

Camp names in these courtyards are
those of John's sons - and the house
they are selling they may have inherited -
In the list we have of John's children
a son James is given; he is the

~~only son~~ only son ~~in this~~ not from Sumwell,

he gets to South-Carolina, may be
he will decide that the drive would
not hurt him. I hope that
he will enjoy his new-found
relatives and that he will
be able to get his genealogy
and family history straight.

Now and I feel sure that if
you can go to Greenville you
will be able to straighten
out our John and Mary Tarpley
Carpenter line and their son -

Thomas who married Susan
Piquet. The clerk simply
will not give the information

contained in deeds and other papers -
Now has quite a list to send
you of deeds at Greenville of
John and Mary and Thomas -
but it will require a reading of
some of them to get out the
history - We think the date of John's
death can be proven here and
probably of his wife, Mary Tasphey.
There is the double pit - fall to
guard against - that John had
a brother Thomas (whose wife was a
sister of Mary Tasphey) as well as a
son - and it is the son who is our
ancestor and his wife was Susan
Wagner - and John and Mary
Tasphey Camp had also a son John -

you will know that, however young our Thomas (son of John) may have been we ought to be able to join in his service; of course he may not have fought in a guerrilla party - just where the fight came near him.

Now, as to Miss Busbee's letter. It is the thing we have run up against as often as we first decided we would let it stop right there, as we did not feel we could go on, reasons as her notes are. But it may be a chance to get away

April 5th 1925-

Dear Lee,

The stockings are badly - I like the shade so much I think I shall try to match it in some walking shoes - Thank you very much - I am afraid I shall be a "high stepper".

I enclose copies of letters that will interest you - It is as I feared with Mrs. Moore's date - so important and uncertain to sure is our extent that is - over And grant it is not wise for me to make out papers for Sobor since will me

have worked it out better. Mrs. Moore
has been very kind to send what she
has but I am no more satisfied that this
is our John's service than I was that we
had our Thomas'; time proved I was right
about Thomas - but has not yet revealed
his right service, which, I believe is in N.C.
You see, when we get John's service and
his son, Thomas we will have four

how I never have cared a snap about
possessing the base - I just want the record.
I do not expect any trouble from your

number who have joined the N.A.P. in
his service; the only national number!
But on your paper were James' son
and the one we used in training. He
gained a certain renown for the size
of his family, at least, and is mentioned
in Landrum's History of Va. and, I think

a part of our purchase from
the N. C. Hist. Com. and

I am not filling out
Thomas, son of John's papers.
We too should like to have
them, but it would be
another "Patrick Riley"

by a strain of that name
with any man of the name.
I have copied the letters
of Mrs. Glover's, which is

Dear Sir,

Your letter came yesterday
and mine had gone to you.
We are so sorry Dr. Brown
has had another one of those
awful spells of kidney colic.
I know he suffered intensely and
the anxiety was hard for you.
I hope he is entirely relieved
now and that he has recovered from the exhaustion.

I am glad you are making
so many pathological finds.
It will be a great day when
you fill out Willingham

and Covington papers. I wonder
if "Natty" could. He has de-
ciphered for Betty. You know
James Selman's second wife was
Elizabeth Covington.

The paper of John Camp, as
you identified with only tradition
on it as to his service would
not pass. I put on it the

service on which Mrs. Moore
son joined - that of private in
the Va. line, which was later
taken over by the Continental
service - that by the way

is the identical service on
which Mrs. Moore's husband

joined, so you can do as you
like about giving her number.
The N. P. service is what
you and I paid for last year
and you have a copy of it.
I do not doubt that it belongs
to our John, because -

Rutherford - spotted him -

The Thomas service

which I have copied on the
small sheet, I feel sure
belongs to Thomas, Sr. for
that is just the service
he rendered - but we

Dear Mrs. Delala-

"Every little bit helps" but it is hard to decide whether the enclosed data helps to the tune of \$10.00. (James sent 1.00 to Mr. France).

At least we are getting all the truck recalled in Rutherford Co. and we can now trace Benjamin from there to Ga. Miss Bostwick's data does prove service for a John and a Thomas - and whether the Thomas is son or brother of John we may never know, but James has another letter full of questions ready to fire need at Miss Burke, hoping to get somewhat more exact infor-

mations. It is horridly tedious but the only way
we ever have gotten what we have is by just
such hammering. I wish this had come
in time for me to have copied it into your
"Cyphering book" but you will have to do that
- I hope it reached you alright. I suppose
it is a mistake to begin three "Cyphering
Books" on anything but a loose-leaf ledger
since they are never finished.

I wish you could see our lovely lavender
flags, light blue flags and columbine and
old-fashioned yellow roses, and the lawn
is very beautiful; the roof, damp weather
has made it wonderfully green. We have
done a lot of trim.

Ray Camp died near a year ago he told me many times Ben moved to Carroll Co. before he died — and I thought he was buried there — I have no line on Ben Camp now — When I am able I will search for proof of the thing you desire to know — when I find it I will write you — If you come to Winder I'll take pleasure in letting you see my stuff For 3 months I've been very feeble and leave not my home —
