Dear Sir,

Fayette County, Va.

I embrace this opportunity to let  
you know I am in good health. I am very sorry that  
I did not accept of the offer that you made me. It was my mother's  
fault that I came to this country, since she has got to this country,  
she has seen the folly of it and I have, too, (sic). If I can or would  
be of any service to you I will go with you again as I see no prospect  
of my doing anything here for my advantage withall. I don't like Ken-

receipt

Immediately on the test. of your favour of the 6th Instant, I applied to the Clerks office, for the Judgments against T. Washington, Jay Horatio Marbury vs. Washington and was surprised to find that no Judgment had been obtained But that the Causes had been deferred, , on inquiry of Mr. Clay, the attorney upon record, he says, that the reasons why they (were referred), was that he did not know, whether the debt was to be paid in officers certificates, or money, therefore the business now remains as it was, Mr. Clay farther (sic) says-- that you have not furnished him, with any money and he has been obliged to pay the Judges Clerk their fees from which hence you will readily guess what is needfull--

With respect to Charles Irby, there is a Judgment obtained against him for upwards of five hundred pounds, but he has not given Bail, and he is off (sic) the State

I wish I could have given you a more pleasing account of the State of this business, and have only to add, that I shall be happy at any time, to tender you every service in my power.

And am very respectfully, Sir Your  
Most Humble Servant

Dear Colonel,

I received your favor last evening by your son Thomas, and was extremely <sup>sorry</sup> that your brother could not make it convenient to come down, my father & sister Barkley were with me waiting Mr. Carr's arrival and I flatter myself that matters would have been satisfactorily adjusted. We have ascertained since the arrival of your brother a feature in the business that was not known to us before; which is, that so far from the title to the Kentucky lands being in the hands of general of old Mr. Barkley that he devised the particular tract of land sold to your brother to his son Daniel Barkley. This being the case the title can be easily made

by my Sister and the Children of

it be prepared, I presume Sister

Dear Brother,

Yours under date of the 3 of July is now before me. I am sorry that our expectations are baffled. We have been looking sum(sic) time to see you in Kentucky-- I have no doubt but that under the existing circumstances, I mean, the Embargo that a radical change has taken place in your state. It has occasioned much murmuring in sum of the Eastern States. I suppose that perhaps we feel the effects perhaps less than any state in the Union owing to our local situation. In fact I am induced to believe it will operate in favor of Kentucky as it has been the greatest spur to manufacturing institutions. You would be astonished at this time to see the advances that have been made in that line in the course of this summer.

I am sorry that you are still encumbered with my horse. You will have to try to make him do something for his living until you can dispose of him. The late acts of your legislature operates against the Kentuckians. This we must reconcile as it fulfills the old proverb that what cant be Cured must be Indured--

Relative to what money is due me in your state. I shall not attempt to send after(it) until such time that we are informed that some change has taken place at which time you'll please inform me of.

I have no Kentucky news worth communicating. Only we have a pleasing prospect as it respects crops. No strange occurrence in the family since I left you. My scattered (?) children was all well not long since. Mrs. Carr joins with me in love and compliments to you and family. Present my respects to Mr. Ware and Susan.

Dear Colonel,

On Saturday last the House of Representatives adhered to Macon's bill as passed by them. Of course the bill is lost by the agreement of the two houses. The bill for conveying merchant vessels is still pending in that body. Mr. Randolph on the same day and immediately after on the question of adherence was carried, moved the immediate repeal of non-intercourse which the house agreed to consider and immediately after adjourned. We have had various projects before both houses for cutting canals and making turnpike roads. All these plans are calculated for the States East of the Mississippi. It will be many years before the people to the south and west of Kentucky shall have a capital sufficient to defray an undertaking of that nature of any importance. The general plan submitted to both houses authorizing the payment to subscribe one half the capital of any company incorporated or to be incorporated, for the execution for the canals and turnpike roads therein described. Georgia may be left out on the canal system but they were willing to allow me to insert as many canals as I pleased. Knowing however that we had no capital to invest in such undertakings and that the prospect was half a century in advance of us, I felt but little inclination to exercise the privilege which they gave me. As a friend to internal improvements and being willing to experiment I have voted for two distinct canals and containing two distinct principles. The Chesapeake and Delaware canal is to be cut by the appropriation of two hundred thousand acres of land. For the Ohio canal we have appropriated a sum of money. Here I stop with canals until I have the light of experience to guide me. Upon the subject of opening new avenues of communication between us and the Western States and the improvement of that which already exists, I believe we shall be unable to accomplish anything this session. Indeed it will be difficult at all times to engage the United States on any expense in opening roads between individual states but at the present moment when we are constrained to borrow money for the ordinary expenses of the government, it will be impossible to prevail upon them to incur any expense upon that object except the money reserved by the compact between the United States and the State of Ohio which is now expending in opening a road from Ft. Cumberland to the State of Ohio. Would it not be right and proper in the States of Georgia and Tennessee and Kentucky to make provision for improving and keeping in a state of good repair the present road connecting the States together? Present my respects to Mrs. Carr and family and accept the same yourself.

subscribe one half the capital of any compa-  
ny incorporated, or to be incorporated, for the  
construction of the canal & turnpike roads  
then existing. Georgia was left out, in the ca-  
pital system, but they were willing to allow  
me to insert as many canals as I pleased.  
Knowing however that we had no capi-  
tal to invest in such undertakings, & that the  
project was half a century in advance of us,  
I felt but little inclination to exercise the pri-  
vilege which they gave me. As a friend to in-  
ternal improvement, & being willing to make  
an experiment, I have voted for two distinct ca-  
nals, containing two distinct principles. The Ches-  
apeake & Delaware canal is to be cut by the ap-  
propriation of two hundred thousand acres of  
land. For the Ohio canal we have appropri-  
ated a sum of money. Here I stop with canals  
until I have the light of experience to guide

ated, for the

had no capu-  
rings, & that the  
same of eq.

two distinct ca-

me. Upon the subject of opening new avenues of com-  
munication between us & the Western States, & the im-  
provement of that which already exists, I believe we  
shall be unable to accomplish any thing this session.  
Indeed it will be difficult at all times to engage  
the United States in any expense in opening roads  
between individual states, but at the present  
moment, when we are constrained to borrow mo-  
ney for the ord in any expenses of the  
government, it will be impossible to  
to prevail upon them to incur any  
expense upon that object, except the  
money required by the compact between the U.S.  
& the State of Ohio, which is now expending in  
opening a road from fort Cumberland to the  
State of Ohio. Would it not be right to  
in the States of Georgia, Tennessee, & Kentucky  
to make provision for improving & keeping in a  
state of good repair the present road connecting  
the States together? Present my respects to Mrs.  
Carr & family & accept the same yourself as from

Dear Geo<sup>d</sup>

On Saturday last the house of Rep<sup>s</sup> sent a message to Macco's bill as proposed by them. of course the bill is lost by the disagreement of the two houses. The bill for carrying merchant vessels is still pending in that body. Mr. Randolph on the same day & immediately after the question of adjournment carried moved the immediate repeal of the embargo which the house agreed to consider immediately after adjournment. We have had various projects before both houses for cutting canals, & turning turnpike roads - all these plans are calculated for the States East of this. It were better many years before the people to the south & West of this shall have a capital sufficient to defray any undertaking of that nature of any importance. The general plan sub-

communication between us & the Western States, I believe we  
shall be unable to accomplish any thing this session.  
Indeed it will be difficult at all times to engage  
the United States in any expense in opening roads

time, when we are constrained to borrow

Dear Madam,

I have an opportunity by  
Cap<sup>t</sup> Carr of sending you the amount  
of money received <sup>of what say</sup> for eleven dollars &  
fifty cents which has been received for  
the wheat sold at the Mill, for what I  
have sold I have received 75 cents  
per bushell & considering the situation  
in which the wheat was when sold,  
it was a good bargain on the part of  
the Mill; I have directed the worst of it  
(and it is nearly all of that description)  
to be fed away to the hogs: The Mill is  
in such repair that it will do little  
more than feed the hogs, as a second set  
have lately come on — ~~and you will~~  
I am much astonished that Tom & his wife  
did not come up according to promise  
they may repent when too late, —  
and why you did not make your  
appearance here is not to be accounted  
for by ordinary calculation, as we are  
fully

convinced that nothing but want-of inde-  
-nation has kept you back - We were  
well prepared for yourself family and our  
other - The one we have had, Doct May  
from Washington, but you have slipped  
off - May we expect you this summer or  
not? Answer me that question -

Capt Carr has mentioned to me that  
William Carr's board is to be deducted  
from Marseethers debt to Col Carr  
be pleased to let me know whether  
you will allow it or not and what the amount  
is. Col Carr left no directions on this  
subject with me.

I am most respectfully

Dr. Uncle, (Col. Thomas Carr)

Yours by Simpson arrived two or three days since. I should have answered it sooner but have been very sick and I am yet quite unwell. Previous to receiving your letter I had disposed of all but six of the mules. I could have sold all of them immediately on my arrival had they been in a situation to offer for sale. Those that were very poor I have been trying to get in as good order as possible. What has been sold is from \$70 to \$100 the greater part is on a credit of 60 days negotiable paper note endorsed payable in Bank-- which will fall due from the 20th Dec to the 1st of Jan. The six I now have on hand I expect to make sale of in two or three days, if I have a safe opportunity I will remit you all the money I have on hand, if an opportunity does not present itself I shall put it in Bank and go up above Nashville to a Brother I have living their(sic) and wait until this Monday for the sale of mules falls due I shall thus come direct to your house in order to settle up.

I fear from your letter that you are displeased with my route to this place. I should have not come this way had I not believed that we could have made better sales here than in Georgia from the offer I rec'd on the road I did believe that it would be impossible to effect sales at any price in your state. But if the mules that I have here is not sold at as good prices as those that have gone on I am perfectly willing on settlement that the loss shall fall alone on me.

I am Dr. (dear) Uncle yrs. respectfully,

money for the sale of my fully paid  
I shall then come down to your house

way had I not believed that we could

Dear Sir

Immediately on the rec<sup>t</sup> of your favour of the  
1<sup>st</sup> Instant, I applied to the Clerk's office, for the judgment  
against J. Washington, say Horatio Marbury vs. Washington  
and was surprised, to find that no judgment had been  
obtained, but that the Cause, had been refrd, on inquiry  
of Mr Clay, the Attorney upon record, he says, that the reason  
why the Cause was refrd, was that he did not know, whether the  
debt was to be paid in officers certificates, or money, therefore  
the business, was continued, as it was, Mr Clay further says -  
that you have not furnished him, with any money, and he has  
been obliged to pay the Judge & Clerk their fees, from which  
hint, you will easily guess, what is needfull -

With respect to Charles Fort, there is a judgment obtain<sup>d</sup>  
against him for upwards of five hundred pounds, but he has not  
given bail, and he is out off, the State.

Wish I could have given you a more pleasing account

August 13<sup>th</sup> November 1807.

Dear Colonel,

I received your favor last evening by your son Thomas, and was extremely <sup>sorry</sup> that your brother could not make it convenient to come down; my father & sister Barkydale were with me waiting Mr. Carr's arrival and I flatter myself that matters would have been satisfactorily adjusted. We have ascertained since the arrival of your brother a feature in the business that was not known to us before; which is that so far from the title to the Kentucky lands lying in the hands of general of old Mr. Barkydale that he devised the particular tract of land sold to your brother to his son Daniel Barkydale. This being the case the title can be easily made

by my Sister and the Children of  
Mr Daniel Burdette. They are  
prepared to execute title, or should  
it be preferred, I presume Sister  
would have no objection in  
revising the Contract and take  
back the land which you have  
suggested you believed your  
brother would do. —

Susan will be with you  
on Thursday next and on the return  
of the Carriage I shall set out  
for Columbia, Carolina, and shall  
be gone about two days. — If  
Mr Carr can make it convenient  
to come down before I set out,  
or remain with you till I return  
I think that some arrangement  
may be made that will be

equally satisfactory. I would accompany  
Lyon up, but shall be obliged to  
remain at home for the purpose of drawing  
writs to our next Superior Court. I have  
also other business that requires my  
attention. On my return from  
Columbia I shall visit you.

I have endeavored <sup>to send</sup> your son  
Carr in the sale of his horse, but  
they at this time are not to be  
obtained without a great sacrifice.

With eternal goodwills to

Wholey Ware

Athens 29<sup>th</sup> July 1815-

Dear Madam,

I have an opportunity by  
Cap<sup>t</sup> Carr of sending you the amount  
of money received for <sup>wheat</sup> ~~eleven~~ <sup>sag</sup> dollars &  
fifty cents, which has been received for  
the wheat sold at the Mill, for what I  
have sold I have received 75 cents  
per bushell & considering the situation  
in which the wheat was when sold,  
it was a good bargain on the part of  
the Mill; I have directed the worst of it  
(and it is nearly all of that description)  
to be fed away to the hogs: The Mill is  
in such repair that it will do little  
more than feed the hogs, as a second sett  
have lately come on — ~~embarked~~ <sup>arrived</sup> ~~you will~~  
I am much astonished that Tom & his wife  
did not come up according to promise  
they may repent when too late, —  
and why you did not make your  
appearance here is not to be accounted  
for by ordinary calculation, as we are  
fully

announced that nothing but want of funds  
- nation has kept you back - We were  
- well prepared for yourself family and our  
other - The one we have had, Dock May  
from Washington, but you have sworn  
off - May we expect you this summer or  
not? Answer me that question -

Capt Carr has mentioned to me that  
William Carr's board is to be deducted  
from Merewethers debt to Col Carr  
be pleased to let me know whether  
you do allow it or not and what the amount  
is. Col Carr left no direction on this  
subject with me.

I am most respectfully,  
Your Obedt Servt

Dr. Sir,  
Yours by Simpson I rec<sup>d</sup> two or three  
days since, I should have answered it  
sooner but I have been very busy and  
I am yet quite unwell, previous to  
receiving your letter I had disposed of  
all but less of the money I could have  
sold all of them immediately on my  
arrival had they been in a situation  
to offer for sale. These have been very  
poor than being trying to get rid of  
good ones as possible, what has been  
sold is from \$70 to \$100 the greater part  
is on a credit for 60 days negotiable  
paper well endorsed payable in Bank -  
which will fall due from the 20<sup>th</sup> Dec<sup>r</sup>  
to the 1<sup>st</sup> Jan<sup>y</sup> - the six. Now I am on  
hand. I expect to make sale of it two  
or three days, if I have a safe opportunity  
I will remit you all the money I have  
on hand, if an opportunity does not  
present itself I will put it in Bank  
and go up above Nashville to a Brother

than living them and wants and the  
money for the sale of my falls. Since  
I shall thus come down to your house  
my order to settle up.

Your former agent letters that  
you are displeased with my route to the  
place I shall not have come ~~with~~ this  
way had that believe that we could  
have made better sale here than in Georgia  
from the age. I rec<sup>d</sup>. on the road I did  
believe that it would be impossible to  
offer falls at any price in your state  
But if the truth that I have heard is not  
false as as your prices as those that  
have gone on I am perfectly willing  
on settlement that the top shall be paid  
along on me =

I am Dr. much yrs  
respectfully

Sir,

I am informed by John Appling that you are circulating a report prejudicial to my character and give <sup>my</sup> up Noyel as your author, this I suppose you mean to make a handle of against me, in my election as I am confident that you nor no other man that is acquainted with me would believe any such report for the note claimed by-- Wallion <sup>Executor</sup> --servitor was given only for sixteen or seventeen pounds and the <sup>right</sup> ~~right~~ is very early explained, and I think you would have acted more like a neighbour if you had come and told me when you heard that goggled villian say what he did then to have went and circulated it about, you have bellowed out Yazoo. <sup>Comb</sup> ~~Comb~~ till the people are tired of hearing you, and now you have begun with personality, which you nor no other man shall do with me and live, and I live also--now you have my sentience on the subject. If you think proper to go on do so. But if otherwise and you have any doubts on the subject mentioned by Noyel, I can easily explene it to the Satisfaction of any honest man.

Yours truly: <sup>eddy</sup> ~~obliging~~ Servt.
