## THE ALLEN — CARNES PLANTATION

One of the oldest homes in Clayton County was built during the 1820's as the plantation residence of Colonel Thomas Allen.

This was a house to which refugees of the Battle of Jonesboro fled.

In 1866, the plantation was purchased by the Carnes family and is still owned by them. The present verandas were added and made by Stephen Carnes' wagon factory in Jonesboro about 1870.
