[www.georgiapioneers.com](http://www.georgiapioneers.com)

A thought came to me after my email that I have a great grand uncle (great great uncle) Hammett Maner/Maners (ca. 1845) who was in the Confederate Army. He was captured, paroled and sent to Venus Point, Savannah River, GA in 1864. The family never heard from him again. Wish I could find what happened to him. He was probably in bad shape (and probably died) since he had been confined at Pont Lookout, MD before being sent to GA. My cousins and I have checked many records but have not found anything on him.
