Sir

I have loaded in Mr Davis Culberson's wagon ninety four Musketts & fifty bayonetts being the remainder of the armes in my possession am Sory he could not take the powder and Lead; I'll send it down by first opportunity; I am afraid you will think it is a neglect of mine for not sending them. Sooner but you may rest assured I have done my best to comply with your orders of the 8th of February, but the Wagoners have disapointed me on account of the pay which they don't like and am obliged to wait for Chances when they cannot gett a full Load of any thing else. I have agreed with M^r Cullerson at half of a dollar per hundred weight or the value thereof in warrants the load weighing nine hundred weight.

Colo.^l John Clark Came to my house a few Days ago and told me the Cloathing which I received in behalf of the State was his as he had given a receipt for the same to the State agent; and that he was obliged to make it good to the Soldiers which had his word for it; some of them were obliged to Cloath themselves at their own Expenses I told him I would inform you of it and act in that case as you should direct me; it is but thirty Eight Coats half worn out & Eaten by the mice; let me know if he must have them or not; and believe me with respect

Your humble Servant

Sir,

Yours of the 20th I received On Sunday evening last, I said That it was Impracticable ~~to~~ to put Your wishes in execution On account of The Packet being So long detained, and at that time it was Out of My power to give your letters The Necessary directions, ^{an} Executing to Two or Three of The Gentlemen which you designed them for -

Since which time I have been informed of the following Gentlemen being Elected as Captains. That is to Say, John Lampkin, Hugh Blair, John Gatrill, Isaack Lowe, John Foster, and Thomas Moore, They are in The Eastwardly part of The County- As to the Others I am altogether a Stranger to them, with respect to The Magistrates Making returns I presume they will attend to The Governors Proclamation, by The Information which I have received on The Subject of Numbers it appears That the different Companys to which The foregoing gentlemen are Appointed are not Much Short if any of The number which is required by law, As ^{such} ~~canis~~ I do Submit The Idea of admitting The Several Companies of the county to Stand As They are - As I do think that there cannot be any especial difference from The number required, the numbers I presume had better be under than otherwise -

I have the pleasure to be

N^o 1

Sir!

I Take the liberty to embrace this opportunity of
offering to your attention a few remarks which have ocured
to me, since my being into the service of the United States
in conjunction and under the Command of Federal Officers -
The frontier inhabitants, in my humble opinion, do not reep
those advantages which they at first expected from the patrol-
ing militia Dragoons between the Federal Forts, and the reason
is obvious - The restriction under which, the orders I myself
received from Captain Roberts, of not crossing the line agreed
upon in the Treaty of New York of 1790 between the United Stat
and the Creek Indians on any pretence whatsoever, has prevented
me several times of attempting to recover the property of inha
tants which I had a very good prospect to effect, had I been p
mitted to follow trails which appeared immediately fresh - Giv
me leave to observe that I do not mean this remark as a reflex
upon my commanding. officers or any Continental one; but rathe
in justice to my countrymen as a citizen, who not being acquaint
ed with military discipline thinks it entirely encumbant on me
defend and retake the property robbed from them on the territor
where the thief flies for Shelter - Should it be possible to ol
tain from the Government the loan of about 35 Swords, it would
greatly to the advantage of the Service; and I pledge my honor
that they shall be accounted for any time the Governor please t

recall them -

Wishing you a pleasant journey, I have the honor to remain,

Sir

Several of the delegates of the State of Georgia have made an application to the President of the United States, to establish Magazines of Arms, Ammunition, and provisions in Georgia, and also to make a provisional arrangement for calling out - the Militia of the neighboring States on the apprehension of danger from the Cherokees.

Although it is to be expected from the measures taken to secure a peace with the Cherokees that these arrangements to the extent required - may not be indispensibly necessary at this time, yet the President of the United States desirous as far as may be to avert any apprehensions which might arise from a want of Arms and Ammunition in case of need, has directed me to form a small magazine at Augusta of One thousand stand of Arms and a proportionable quantity of Ammunition These - articles are accordingly in a train of preparation and will be shipped - with all convenient speed.

They will be deposited for the present under the charge of Major Robert Forsyth at Augusta, who will be instructed in case of an invasion to issue such of them to your order as you may require, or to serve such other

purposes as may be requisite for the interest of the
United States - The Arms which shall be issued to
the Militia of Georgia and not returned will be charged
to the State in an account with the United States.

The prospect of peace with the Cherokees and Creeks
would render it inexpedient to take any immediate order
on the subject of forming Magazines of provision at
present.

Letters were written some time ago to the Governors
of (torn) of Indian
parties upon the frontiers.

In Elbert County from the best information I can get there will be thirteen Companies; my knowledge of the situation of that county authorizes me to suggest that numbers one, two three, four, eleven and twelve: agreeably to the old arrangement should compose the lower battallion:

That Numbers fifth, Sixth, Seventh, Eight, ninth, tenth & thirteenth, ought to compose the upper Battallion. You will easily find by applying to Mr James Meriwether (Secretary) the officers who formerly commanded twelve of those companies, & the nominations now transmitted will point out the present officers. Such of the companies as I have been able to get regular returns from hold out merely to the requisitions of the new arrangement.
