Maj Edward Walsh.

Sir,

I take the liberty of enclosing my Commission dater the 23^d January 1780, the day on which it was renewed on parchment - the resolution of Congress 7th November 1777 obtained me a Commission by brevet (in Consequence of my intention to visit the southern Army where it would prove a better step to establishment in the line, than the rank before given me) my appointment to Gen^l Lee's suite, early in 1776 with the full rank of Major, happens to be with my Papers at the N^o Ward, but as the resolve of Congress expresses the motives on which the Brevet was granted, by relating my services with the General's Lee and Sullivan, the date of his capture by the enemy in Jersey will include three years alone before the renewal of my Commission In february 1780.

You did not particularly inform me of the mode presented by the act, except the certificate by the Commanding Officer of the State - as the Generals, Macintosh or Elbert, can have no other than the vouchers enclosed I did not concieve it essential to make application for their Certificate.

In matters of this nature the most official vouchers are required but as my case is a matter of public notoriety, and can be moreover attested by Majors Lucas or Pierce it may perhaps induce the Governor of council to wave the more formal method.

I thought this a more easy mode than by Memorial, and by you would communicate its contents.

I am sir,

respectfully your fr.
